Limited Time Offer –

As a Christmas Promotion, we are selling the Glencairn Crystal Whisky Glass engraved with the Clan Douglas Belted Heart of Bruce.

The glasses are imported directly from Glencairn Crystal of Scotland which has for over 30 years been producing custom-made crystal glassware of the highest quality. In the long and illustrious history of whisky there had never been a single definitive glass that the whisky world could call its own. Brandy, champagne, wine and beer all have their own distinct glasses. Raymond Davidson of Glencairn Crystal with guidance and expertise of the Master Blenders of the Scotch Whisky Industry designed a glass specifically for the whisky drinker.

The unique shape of the glass provides a tapering mouth which captures and focuses the aromas on the nose. The wide crystal bowl enhances the appreciation of the whisky's color and body. The solid base is designed to be easy in the hand but robust enough for the discerning regular whisky drinker. Glasses are 18cl (approx. 6 oz) but its size and shape was perfected to accommodate a 35ml pour (approx. 2 oz), allowing for addition of water but keeping an optimum amount of liquid in contact with air to allow the aromas to develop

For additional information about the whisky glass and Glencairn Crystal, go to their website, www.whiskyglass.com.

Cost is $25 for a set of two (plus $9 shipping) or $45 for a set of four (plus $11 shipping).
