

## Evolutions Rail™ | CONTEMPORARY

High-style, modern aesthetics meet low-maintenance sensibility. Evolutions Rail is a composite railing system that features a sleek, continuous top rail - uninterrupted by posts - and ingeniously designed to accommodate your choice of three dramatic infill options.

It's not just a deck.  
It's TimberTech.

High-Style. Modern Aesthetics. Continuous Top Rail.

- Made from the same scratch resistant polymer cap and composite core as Earthwood Evolutions decking
- Three dramatic infill options: composite, metal and cable
- Available in 6' or 8' sections in 36" or 42" rail heights
- Safe, sturdy and solid construction
- Post covers in 42" and 8' lengths and post skirts sold separately
- Customize your top rails, bottom rails, composite balusters and post covers with easy mix and match options
- Available in three beautiful color options
- 25-year limited warranty for residential applications
