

# **JUNE 6-8, 2018**

# **USAR/CAL-MAT**

# **FIELD TRAINING**

# **EXERCISE**

## **Mountain View, CA – Moffett Federal Airfield**

In the aftermath of a 7.9 earthquake, what happens to our critically injured citizens when hospitals are overflowing or not fully functional? How do we communicate in critical situations when lines are down and our backups plans have never been tested? Don't wait until it happens to find out – come work on those vital skills now!

**Note: Registration priority will be given to persons enrolled and accepted into the CAL-MAT program. Contact [CAL-MAT@emsa.ca.gov](mailto:CAL-MAT@emsa.ca.gov) for more information.**

**Focus on Unified  
Command  
Coordination,  
Interoperable  
Communications,  
and Disaster Field  
Patient Care**

**Build community  
partnerships to  
support delivery  
of healthcare  
services**
