

If you ever wanted to know how much your donation really means to an organization like ours, let me explain. On January 22nd, we were sending a notice to our Senior Nutrition clients to let them know that our services will continue even though the government had shutdown. Although our agency receives government funding, it is not our sole source of support. Thanks to client contributions, donors, volunteers and a fiscally prudent Board of Directors, our clients are being informed that our meal service can and will continue without modifications for up to 3 months. Last time the Federal Government shutdown, it was difficult at best and our colleagues in Auburn had to close.

Thank you Nevada County for helping us provide a hot meal and a friendly smile to our local area seniors.
