

A solid start to the New Year.

The first quarter was a solid start for 2014. This year we look forward to improvements in the purchase market, and a positive margin impact from cost synergies, recurring revenue streams and earnings impact from the Black Knight business.

Stock Performance Comparison

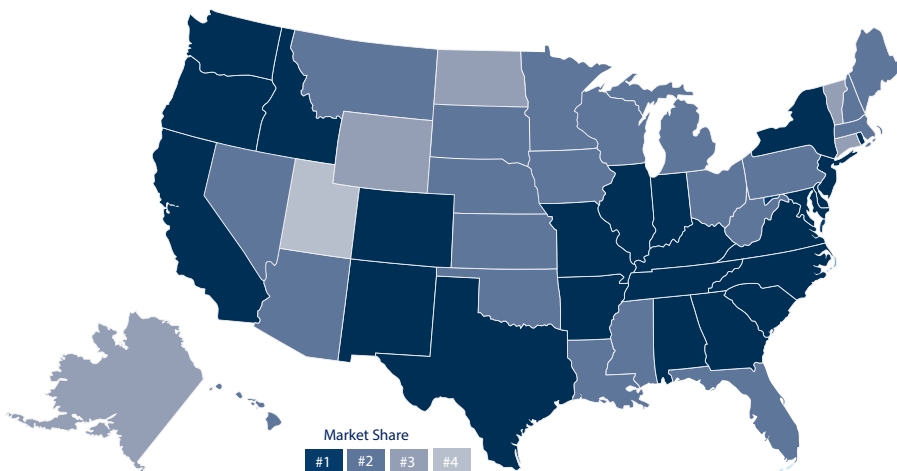

Fidelity National Title Group is a member of the Fidelity National Financial family of companies and the nation's largest group of title insurance company through its title insurance underwriters - Fidelity National Title, Chicago Title, Commonwealth Land Title, Alamo Title, National Title of New York, and ServiceLink - that collectively issue more title insurance policies than any other title company in the United States.

During the first quarter, total open order counts per day increased each month with the mix remaining weighted toward purchase transactions (55%). The quarter brought our best first quarter in the commercial title insurance business in a number of years, generating \$104 million in revenue, an 18% increase over the first quarter of 2013.

As we enter the seasonally stronger spring and summer months and the impact of cost synergies is realized, we expect margins in our title business to improve.
