## **JAN McINNIS** **CUBICLE COMEDY FROM THE WORK LADY**

Jan McInnis brings to the stage clean, insightful, and original humor appropriate for company events. A product of the 9 to 5 corporate world, Jan uses her 15 years in marketing to poke tasteful fun at the day-to-day procedures, politics and policies that are rife in the office environment. Her experience in the business environment helps her relate well to employees at all levels of the company.

Jan also hits a nerve among audiences with her bits on growing up in a large family, relationships, and kids. Her account of her family's cross-country vacation will bring back memories for everyone in the audience when she reminisces about driving 8,000 miles with six people in a Buick.

Jan's well-rounded act has made her the Washington, DC winner for HBO's Stand-up, Stand-off Comedy Contest. She has performed for corporations such as Western Union and Kaiser-Permanent, and she's also a regular performer at major venues such as Catch A Rising Star in Las Vegas & Reno, and the Comedy & Magic Club in Los Angeles.

Originally from Washington, D.C., and a member of the last wave of baby boomers, Jan is perfect for all events; her act cuts across all age groups, genders, and locales. In addition to her comedy show, Jan is a professional writer selling over 100 topical jokes a month to radio and television including the Tonight Show monologue. And she has a nationwide weekly radio show "Cubicle Comedy From The Work Lady," in which she dispenses humorous work advice.
