

# MID-ATLANTIC REFORMATION SOCIETY

## **WHAT IS OUR MISSION?**

The Mid-Atlantic Reformation Society promotes ethical perspectives of today's pressing issues. M.A.R.S. has conducted dozens of presentations making the moral case for how we as individuals and together as a society are to handle the challenges that are facing the nation.

Some of the topics that M.A.R.S. has covered include:

- Immigration
- War
- Taxation
- Education
- Business Government
- Marriage & Family
- Overpopulation
- Separation of Church and State
- The Right and Responsibility of Self-Defense
- Morality Defined

All of our presentations are available for viewing on [YouTube](#). Summaries of just a few of them are shown on page 2.

## **ABOUT M.A.R.S.**

We are a group of Christians who recognize that God, in His love, mercy, and infinite wisdom has not only provided the means of forgiveness through His Son Jesus Christ, but has also provided, in the Old and New Testaments, all necessary directions and instructions for a just, happy, and productive society.

These instructions apply to all God-ordained spheres of government, namely self-government, family government, church government, and civil government.

Our goal is to promote these principles. We believe that the modern church, for generations, has increasingly failed to apply God's Word to *all of life*, having a focus that is self-centered and incapable of affecting the societal institutions that crumble around us.

Our work is dedicated to turning the ship, for the very positive benefit of our families, churches, communities, and nation, to the honor of the King of Kings, Jesus Christ.

We receive no funding from any ecclesiastical or political institutions.

## ***Presentation Topics\*:***

### **[Who Would Jesus Tax?](#)**

What does the Bible teach about civil taxation? What did Jesus actually teach about "rendering unto Caesar"? How Biblical are our tax laws? We all have an opinion about taxation, but what does God say? You may be surprised to hear how much the Bible says about this interesting and important subject.

### **[What Made Alfred the Great so Great?](#)**

Does Christian civilization work? Does the Bible really apply outside the church and family? Can "love your neighbor as yourself" be practiced by a civil magistrate? Can a Christian civil magistrate exist? If so, what does he look like? Through examining the life and work of Alfred the Great this presentation tackles these questions and more.

### **[Honest Money](#)**

Does the Bible define a Godly monetary system? What would it look like? How many of the Ten Commandments does our present system violate? How is the doctrine of salvation intimately related to the laws of economics? This presentation addresses the problems with our current monetary system and defines the moral method of handling money.

### **[Immigration: Who's Correct?](#)**

On what basis should anyone be accepted in any society? On what basis should anyone be rejected from any society? If we are all related "by one blood" (Acts 17:26) then what does "Nationality" count for in society or nation? If a basis for rejecting a person or persons is to be established, then by what standard is that basis established? If that standard is established, then who is charged with enforcing that standard? This presentation will address all these questions from a Biblical perspective.

### **[Introduction to Christian Political Science](#)**

This presentation examines the scriptural evidence to shatter the myths that are all too common in today's church regarding how Christians are to apply their faith to the political sphere. Equip yourself with a rock-solid foundation to guide your thinking in today's perplexing world of politics. Be used of God to guide and influence others in this important area of life.

### **[The Necessary Connection Between Church and State](#)**

We all like to talk about Spiritual Revival. But are we aware of the necessary connection between church and state in reference to spiritual revival? Are you aware that every time revival is addressed in scripture, in any kind of detail, both ecclesiastical and civil authorities are involved? You've certainly heard the term "Separation Between Church and State" – this lecture covers that and more.

*\*This is only a small selection of the many topics that M.A.R.S. has covered. If you are looking for a specific topic, please ask! If we have not already covered the requested topic, we are always willing to consider creating new presentations to stay current with the pressing issues of our time.*

The Mid-Atlantic Reformation Society is a non-profit organization and operates by donation only. We are based out of Berks County, Pennsylvania.

We believe God's word applies to ALL areas of life, not just in the church pews.
