

NORTH SHORE RADIO CLUB ANNUAL DINNER

Saturday, February 24, 2018
Chevy Chase Country Club

Featuring: Skip Talbot WX9KIP- Storm Chaser

Skip Talbot is a storm chaser. He is also a software developer, pilot and amateur radio operator from Illinois.

Captivated by and compelled to witness tornadoes since the 1990 Plainfield F5 tracked near his childhood home, Skip has been roaming the plains in search of supercells and tornadoes since 2003. He's participated in endeavors from forecasting for a Tornado Intercept Vehicle IMAX movie, piloting small aircraft for aerial supercell shoots, to driving for the College of DuPage's Thunderstorm Lab. Combining his programming skills with his passion for storm chasing, he created the software for the El Reno Survey, a study of the deadly and record breaking El Reno, OK tornado of May 31, 2013. Skip also helps run an all-volunteer, non-profit organization that raises money for storm victims called Storm Assist.

We are thrilled to have Skip join us as our featured speaker at this year's dinner. Bring friends. Weather buffs. Really anyone. This event is open to anyone. You do not need to be a ham radio operator to attend! The North Shore Radio Club serves the Chicagoland ham radio community. (www.ns9rc.org)

Saturday, February 24
Chevy Chase Country Club, 1000 Milwaukee Road, Wheeling, IL
6:00 p.m. Social gathering
