

Hearing-Instrument Repairs

We understand how important your hearing instrument is to you. So, if your hearing instruments need service, our technical team is ready to go into action.

Call 708-599-9500 and save time!

Give us a call before you drop by so that we can schedule one of our staff to help you. Many times we can turnaround your repair while you wait, and if not, we'll let you know right away.

If we can't repair your hearing instruments while you wait

For repairs that take longer, most of the time we will have your hearing aid back to you within 24 hours.

If your hearing instruments need the attention of the manufacturer

We will expedite shipping for you and call you immediately when it is returned.

To schedule a repair and save time, call...

708-599-9500

Repair services at all three offices — Homewood, Palos Hills, Romeoville.
