DEDICATION

I dedicate and thank this special Person that I love, whom gave me the vision to write this book, the - *HOLY SPIRIT*.

He has helped me all the way. He has given me the title, the design for the cover. I Thank HIM for trusting in me when I doubted myself. He believed in me. I recognize that without his help it would have been impossible to write this book. He's my best friend. I love you Holy Spirit.

I also want to dedicate this book to my dear uncle Raul Roman Gonzalez; he encourages me by talking to me about how much Jesus loves us. I had the privileged to go to Puerto Rico in July of 2009 and spend some time with him just talking about the wonderful things that the Lord has stored for us. He wanted to read this book, but unfortunately he went to be with the Lord on February of 2010, he was 88 years old.

INTRODUCTION

January 24th, 2009, I had a cooking demonstration invited some friends and after the demonstration in my home was finished my husband, and I was talking with the last person left, this person was describing how he came to Christ. As he was speaking, I had a vision. I saw a book and in that book, there were lots of pages, this book was filled with stories. I heard the Holy Spirit saying, “ I want you to write testimonies from different people.” I thought to myself, how can this be, I never developed any writing skills? I had a hard time with writing in school, but I knew that with God nothing is impossible.

So, I trusted the Lord because I knew this was from Him. Many people shared with me that they loved reading books about the experiences that others had with the Lord. However, there just weren't many books like that in the stores. The response from my family was very encouraging. The women at the weekly women tea at my church also encouraged me. After much time in prayer, I decided to start with my own experience when I was a young teenager.

Since I started writing people would tell me that my face glows, and they can see how happy I get when I tell them some of the stories I have collected over time. I thank my Father God in Heaven for given

me this opportunity to talk to other people about what he has given me. I didn't know it would take so long to write a book like this one. I had to ask people for their testimonies. I had to remind myself that not everyone was available to give me his or her testimony.

People don't know that Jesus is the answer for the world today. *In John 3:16 For God so loved the world that He give his only begotten son, for who ever believed in him shall not perish but have ever lasting life.*

A FISH THAT LOST ITS FIN

I have had this fish since it was small. As time passed, the fish grew bigger. When it wanted to eat, the fish would splash the water to let me know it was hungry. I never had any problem cleaning the tank, with the exception of this particular day. I removed all the stuff and the fish, but I didn't use the strainer. I used something else. I returned everything to the aquarium, walked away and continued doing other things.

The next day I went out as usual, and when I returned I went to see how my fish was doing. I noticed that the fish was lying on the bottom of the tank. I panicked and wondered what had happened. I couldn't figure out what went wrong. Then I saw that I had clipped its fin. Oh my God. What did I do? I started to pray for the fish. Jesus answers all prayers, so why couldn't I pray over my pet? Sunday morning during services, Pastor asked the church members if they needed prayers to come to the altar. I went to the altar and asked Jesus to heal my fish. When I returned home and saw that my fish was still on the bottom of the tank, I didn't lose my faith. I knew that the Lord had heard my prayers, and he would answer in due time. I had to go to work that Sunday afternoon. When I returned in the evening, I decided to wash dishes instead of visiting my pet. I heard a splash!! The fish would only do that when it was hungry. I went to

see, and my fish was very happy, floating and splashing in the water. I praised the Lord very loudly. Everyone in the house came running to see what had happened. With God, nothing is impossible!

MY PERSONAL REFLECTION

“The fish that lost its fin”; This should have been in a children’s book. It happened to my sister Maria (Tony). If the copy machine at my job didn’t work and the repairman came and couldn’t find the problem then had to return, would you have called another company in the last minute to repair your copy machine? It happened to me when I was working in an office. I prayed over the machine and finish all my copies that day. I called the repairman told him he didn’t have to come back, that the Lord had fixed the problem.
