INTRODUCTION

Generation after generation has wasted countless years searching for something that simply does not exist. We have been tricked by novels, movies, and even the advice of our most trusted friends and family into believing in a fairy tale: the idea that Mr. or Ms. Right is somewhere out there in the world, looking for us.

This sounds beautiful in theory—a man or woman who matches us in every way possible. But we must let go of this delusion. Mr. or Ms. Right is not out there, because he or she **does not exist!**

Every person is unique; each of us has our own distinct interests, ideals, quirks, and habits. The only person who is your perfect match in every way is yourself, because only you know and understand yourself fully. No one else in the world will fit your skin perfectly, because no one else in the world is your mirror image.

Once you understand this basic truth, you are free to accept your true partner: **Mr. or Ms. JUST Right**. So stop wasting your precious time on a fantasy that will never come true, and accept the Mr. or Ms. *JUST* Right who might be just around the corner or even standing right in front of you!

***Reality Check:** This is not a book about fairy tales. If you are in a fairy-tale state of mind, then you need to close*

*this book, put it down, and walk away. The focus of this book is **reality**; it will tell you the truth and nothing but the truth. Much like a polish sausage, the advice will be compact, hearty, and nourishing, but difficult to swallow.*

Out of all the people of different races, faiths, and backgrounds that inhabit the world, your Mr. or Ms. *JUST* Right was created, molded, and shaped perfectly for you. This person will fit you like a hand-tailored suit, fulfilling and satisfying your desires while complementing you in areas of your life that could use improvement. You must remember that Mr. or Ms. *JUST* Right will not be your duplicate! As the old saying goes, “opposites attract!”

There is an **ART** to cultivating relationships with these special mates: **A**cept the fact that they will fill in the empty gaps in your life like a missing puzzle piece; **R**espect the value that they bring to your life; and **T**rust that you have met your Mr. or Ms. *JUST* Right.

But how will you recognize this person? How will you know which man or woman to accept into your heart? Look no further! If you are ready to embrace the perfect mate, this book will teach you the secret to making the ideal match. *Mr. or Ms. JUST Right* is a simple, easy-to-understand guide to choosing, attracting, and having a successful relationship with the *JUST* Right partner.

How-to books and relationship manuals represent 2% of book sales—about \$850 million per year. This book differs from the rest because it offers an interactive and perceptive approach that combines common sense with statistical information. Simply put, *Mr. or Ms. JUST Right*

makes choosing a partner more of a science than a stroke of luck by giving you crucial information:

1. How to determine if someone is your perfect match
2. How to avoid imperfect relationships
3. How to seal the deal with the ideal mate
4. How to maintain the relationship you desire
5. When to exit flawed relationships

This book, which has been described as “a dose of good common sense sprinkled with humor and a pinch of reality,” will walk you through the most important journey of your life: finding Mr. or Ms. *JUST* Right.

Author’s Note

I am not a licensed psychologist, psychiatrist, or therapist. *Mr. or Ms. JUST Right* is not intended to replace psychological counseling or marital therapy. This book offers a relationship philosophy based on my own experiences and those of thousands of people whose relationships I have researched and studied through surveys. The advice is authentic because it is based on the lives and loves of real people, just like you. It will make you think, and it will make you reflect on your life. I hope you enjoy the humor, truth, suspense, and imagination you will find in these pages.

Please note: This book may not be suitable for all audiences; it is recommended for adults eighteen years of age and older.
