Acknowledgements

The research recorded here was initiated to enlighten me, my children and siblings, and other descendants of Cornelius Hulbert Lipe and Elizabeth Ann Chamberlain as to who we are and from whence we came. As more and more information was discovered on the Leib/Lipe family the original goal was enlarged to encompass the descendants of Johannes Gottfried Leib/Lipe and Barbara Rudisill. This work is far from complete, and I hope much more information will be added to it over time.

Many "cousins", whom I have met only by mail, have helped immensely by sharing with me the results of their own research. My thanks goes to each of them!

A special thank you goes to Aileen Lipe Myers of China Grove and Lexington, North Carolina for sharing her love of the Lipe name. She was so helpful at the beginning of my research in providing me with much basic information on the Leib/Lipe family. I happened to make her acquaintance at such an opportune time. It was at that point that the links between the European roots and American branches of the Johannes Gottfried Leib/Lipe and Barbara Rudisill lines fell into place. Her cheerfulness and encouragement have been missed since her retirement from Genealogy.

A special thank you also goes to Jean Wallace Gayle of Titusville, FL, a completely unselfish lady who has shared her research on the Leib/Lipe family and especially on the Leonard Leib/Lipe branch. A very skillful and motivated researcher, she has found, and helped to find, information on each of the other branches of the Leib/Lipe family in North Carolina and Illinois.

Genevieve Rainey of Hemet, CA sent me a Family Group Sheet of Johannes Gottfried Leib/Lipe and Barbara Rudisill's family early in my research that gave me a new perspective on the Leib/Lipe family at the time.

Jeannette M. Cobb of Corona, CA helped me over a big obstacle early on when she told me where to find my great grandfather Cornelius Hulbert Lipe. He was in the household of Abram and Mary T. Lipe in the 1850 census of Iredell county, NC. This was my first firm connection to the Lipe family in North Carolina.

Thanks to Jennie Troutman Hoover of Statesville, NC who has been very helpful with the family of Regina Lipe and several other branches of the family of Jonas Leib/Lipe and Christina Misenheimer.

Ruth Baker of Chariton, Iowa provided much welcome direction and information on the family and descendants of Jonas Lipe, Jr., a son from the family of Jonas Leib/Lipe and Ann Christina Huber.

Ken Brotherton and Kenneth M. Caldwell of Davidson, NC gave me much of the information on the family of Elias Lipe, eldest son of Jonas Leib/Lipe and Christina Misenheimer.

Hattie Belle Lester of Birmingham, AL provided nearly all of the information on the family and descendants of her great grandmother Emma Elizabeth Lipe.

William J. Wood of Cadaretta, Webster County, MS gave me most of the information on the family of his great grandmother Maggie Lipe Woods.

Billye Jean Lipe Hutchinson of Cleveland, MS collected most of the information on the family of her father Edwin Earl Lipe.

Allie Mae Lindsey (Smith) Stephens of Sidon, MS provided the information on the family of her mother Lottie Irene Lipe.

Betty Jo Beck of Lakeland, FL sent much information on the family of Trifine Lipe and other descendants of Henry Lipe and Leah Blackwelder.

To those of you, who are not named, please accept my apologies and sincere thanks. This research could not have been done without your help!

Gentle reader, if you are a descendant of Johannes Gottfried Leib/Lipe and Barbara Rudisill, or just interested in the Lipe family, I would love to share information with you.

If you find errors in the information recorded here, I would certainly appreciate your letting me know. No matter how much proofreading one does, errors do slip by. I'm sure there are names, dates and places that are erroneous simply because our information was incorrect. There are also many names, dates and places missing that we have not yet found. If you have any information on the Lipe family, that would improve the accuracy of the data that is recorded here, I hope you will share.

Finally, gentle reader, I hope you enjoy reading this as much as I enjoyed putting it together.

Swiss and German Beginnings

Lipe has not always been **Lipe**! It has evolved slowly over the last 350 years. **Leup**, **Leupp** and **Loüpp** is found in the church books of the Reformed Church Parish of Beggingen, Switzerland back to 1635.¹ The church books of Reihen, Germany beginning in 1666 contain the variants **Leipp**, **Leip** and **Leib**. **Leib**, **Leyb**, **Libe**, **Lippe**, **Lype** and **Lipe** is found in church, courthouse and archive records from Philadelphia, Pennsylvania in 1727, to Mecklenburg county, North Carolina in 1764, to Jackson county, Illinois in 1818, to Yalobusha county, Mississippi in 1857, and etc. **Leupp** is still found today in and around the village of Beggingen.¹

Beggingen is a small village nestled high in the mountains of Schaffhausen, northernmost Canton of Switzerland, located north of the Rhine river. The name, echoing from the past, means "village of Becko", referring probably to an ancient tribal chieftain. The ethnic background of Beggingen is said to be Gallic/Roman.¹

Like much of Europe, Switzerland was torn by religious strife during the Protestant Reformation of the 16th century. After 1529, the people of Schaffhausen changed from Roman Catholic to Reformed under Huldreich Zwingli.² During the period from 1618-1648 Europe suffered through the Thirty Years War, and in 1633 troops of the Catholic Party burned the entire village of Beggingen including the church.¹

The church at Beggingen was part of the Reformed parish of Schleithem (a neighboring village about six kilometers away) until 1644. All births and marriages were recorded in the church books at Schleithem until the church at Beggingen became a parish. Copies of those books were made for the new church and they are still there today.¹

On page 67 of the copied Schleithem church book, one finds the marriage of **Hans Loüpp** to **Ursula Vogelsangerin** (feminine of **Vogelsanger**) recorded on 26 July 1635. The birth of their son **Melchior Leup** was recorded 28 November 1644 on the first page of the new Beggingen parish church book. Melchior was the fifth of eight children.¹

Emma Leupp, b. 21 June 1646
Verena Leupp, b. 19 November 1647
Ludwig Leupp, b. 15 May 1654

Godfather of these children was Michael Wanner.
Godmother of these children was Emma Schudel.

During the Thirty Years War, the Kraichgau, a region in Baden just north of the Black Forest in Germany, lost more than half of its population. Many people from Switzerland immigrated into this population vacuum after the war. Most of the people in Baden and Switzerland were members of the Reformed Church, which encouraged the immigration of the Swiss that continued into the eighteenth century. The Swiss eventually made up about 40 per cent of the population in the region.²

The **Leupp/Leipp** family was a part of this immigration through the Black Forest and down the Rhine river into the Kraichgau. They settled in Reihen, a village just a few miles southeast of Heidelberg. Reihen today is in a political unit called Kreis Sinsheim which is evidently similar to our counties.³ It was here that the marriage of **Melchior Leipp** and **Margaretha Müller** (daughter of **Hans** and **Anna Müller**) was solemnized 14 August 1666.⁴ Two years later on 21 October 1668 their son **Hans Rudolph Leipp** was baptized.³

The occupation of Hans Loupp is unknown but his son Melchior Leipp was a 'küfergeselle' or journeyman cooper. In other words he was a barrel-maker.² That he was a barrel-maker seems natural since Canton Schaffhausen is renowned for its extensive vineyards and wine production.

Hans Rudolph Leipp/Leib grew up in this village and became a citizen and baker. That Hans was a "citizen" indicates that he probably owned his own bakery! On 2 November 1689, at the age of 21 years, Hans married **Maria Agnes Orth**, believed to be the daughter of **Hans Georg** and **Barbara Orth**.⁴ From this union there were children (there may have been more):³

1. Anna Margaretha b. 23 Apr 1691; d 28 Nov 1693
2. **Johannes** bap. 5 Aug 1696; d 1 Jan 1754 (?)
3. Paul Christian bap. 21 Sep 1698
4. Anna Christina bap. 8 Aug 1700; confirmed 1717
5. Anna Catharina b. 26 Aug 1706; d 8 Jul 1726

On 2 November 1724 **Johannes Leipp** married **Anna Margaretha Hertz**. She was the daughter of "the late Herr **Clemens Hiertz**, 'des Gerichts'" of Reihen, and **Anna Sinter**.³

Immigrants and American Colonists

Johannes and Margaretha Leib/Lipe immigrated to America in the summer of 1727 with their two children and his father Hans Rudolph. After making their way down the Rhine river to Holland, they sailed from Rotterdam aboard the ship William and Sarah out of Dover, England, commanded by William Hill. We don't know the sailing date, but the ship landed at Philadelphia 18 September 1727. The men were taken to the courthouse on 21 September where they had to prove that they were not convicts and then swore allegiance to the British crown. There were about 300 people in the group under the guidance of a Reformed Church pastor named George Michael Weiss.⁶ Johannes' signature may be **Leib** or **Leyb**. His father's appears to be **Leyb**.^{5,7}

The family may have lived in the Skippach/Goshenhoppen region of Philadelphia county for a few years. However, by the early 1740's they had moved to Manchester township, west of the Susquehanna river in that part of Lancaster county, that became a part of York county in 1749. At least five more children were added to the family after the immigrants became Americans.

Johannes died by June 1756. He may have been the Jonas Leib whose death was recorded 1 January 1754 at First Reformed Church of York, PA.⁸ An Inventory was made of "the goods, chattles and annex and tenements of **John Lipe** an lat of Manchester Township in York county Deceased" on the 4th day of June 1756. On 12 June 1756 **John Leip's** family filed a request to administer his estate. He died intestate! Margaretha and Jonas, his widow and eldest son, were appointed by the Orphans Court of York county to administer the estate.⁹

Evidently nothing further was done with the estate until 30 August 1763 when Jonas petitioned the court to either divide or sell the tract of land owned by his father, **John Leib**, in Manchester township. Jonas was of the opinion that to divide the land and improvements would diminish the value of the holdings. He proposed to buy up the shares of his mother and siblings. The court appointed a committee of 6 men, at least 4 of which, were to appraise the estate and make recommendations to the court as to what course of action it should take.¹⁰

The committee agreed with the assessment of Jonas that to divide the land and improvements among the heirs would reduce its value. It recommended that the estate be sold, and set the sale price at £120.¹¹ The court accepted the committee's recommendation and gave Jonas permission to buy the estate. Jonas was to retain £30 for his part as heir at law. He was to pay his mother a stipend of £2.8s per year for the rest of her life and pay each of the other heirs £10 each within a year of the set date 30 Sep 1763. Furthermore, he was to pay each of his siblings an additional £5 within one year following the death of their mother.¹²

Some researchers think Margaretha probably died shortly before all this, thus triggering the final action on her husband's estate. However, since the court ordered Jonas to pay her a stipend each year until her death, she evidently was still alive at this time! A shocking thing happened within a month after the settlement of the estate - Jonas himself died! As further proof that his mother was still alive, in Jonas' will (written in German, 28 Oct 1763; probated 8 Nov 1763) he stated that his widowed mother "shall live in house as long as she lives".¹³ She was still alive in Nov 1769 when she received £21.3s.2d from a bond put up as security by Jonas Leib, decs'd.¹⁴ I think what precipitated the action on the estate was the maturing of the children. As they grew up, married and moved away from home, especially Johannes Gottfried, more and more pressure was put upon Jonas and his mother to have the estate settled so that each child could obtain his/her share.

Johannes Leib/Lipe and **Anna Margaretha Hertzell** had at least seven children as seen in the following:

York Orphans Court, 30 August 1763, **John Leib**, late of Manchester twp., yeoman, who died intestate. His children were:¹⁰

Johann Jonas Leib, oldest son and heir at law
Esther m. Leonard Hartzell
Margaret m. Teeter Massner
Elizabeth m. George Philip Ziegler
Catharina m. Sebastian Wigle
Godfrid
Barbara m. Jacob Ament

On 22 December 1761 at the Christ Lutheran Church of York, PA **Johann Gottfried Leib**, son of the late Johann Leib, and **Barbara Rudisill**, daughter of **Johann Jacob Rudisill** and **Elizabeth Hamsbacher**, were married.³ The birth of their first son, **Jonas Leib**, on 6 February 1763 is recorded at the First Reformed Church of York, PA, where he was baptized 10 April 1763.⁴

As seen in the above, all of the children were already married by the time the estate of their father was brought to court for settlement. Johannes Gottfried and Barbara were already making plans to move to North Carolina. Esther and Leonard Hartzell were either already in North Carolina or making plans to go. A Family Group Sheet from Sara C. Allen of Hiddenite, NC indicates that Esther's son George Hartsell was born 21 Oct 1758 in NC and three others were born in NC by 10 May 1763!¹⁵

* These are not proved!

Following the birth of Jonas, and probably John Godfrey, the migration of German and Scots-Irish pioneers down the Great Philadelphia Wagon Road to North Carolina was joined by Gottfried and Barbara. They either accompanied, or followed, Gottfried's sister Esther, and brother-in-law Leonard Hartsell, in making this move to the South. They may have followed the lead of some of Barbara's kinfolks who moved into the area earlier - brother Philip and Uncle Weyrich Rudisill.¹⁶ The young family moved into Mecklenburg county and on 25 Jun 1764 **Godfrey Lipe** and Leonard Hartsell bought land from Governor Arthur Dobbs, Esq. and wife Justina. Godfrey's purchase was described as "A certain tract or parcel of land containing by survey 136 acres lying on a branch of Dutch Buffelow the Waters of Rocky or Johnston River, Beginning at a Hickory running thence South Eighty for Degrees West 170 poles to a redoak, thence north one degree West 160 poles to a stake, thence North eighty nine Degrees East 104 poles to a Redoak, thence South twenty five Degrees East 162 poles to the first station." The 136 acres cost £13.12s proclamation money.¹⁷ Leonard Hartsell bought... "144 acres on both sides Dutch Buffelow Creek"... for £18.4s¹⁸ Godfrey and Barbara Lipe sold their 136 acres to Lennard Starens on 18 Feb 1767 for £34.8s proclamation money.¹⁹

The next year on 29 Apr 1768 Godfrey Lipe received a grant of "250 acres Mecklenburgh on the East side of the South fork of Catawba river on the Shoal Branch falling in at the High Shoals joining Rineharts and Tellingers Lines Beginning at a hickory Rineharts Corner on the West side said Branch thence North 16° East 260 poles to a post oak by the Branch thence South 74° East 118 poles to a hickory in Tellingers Line by a waggon road thence with said Line South 44 poles to a post oak Tellingers Corner thence with his other Line South 67° East 80 poles to a stake thence South 39° West 230 poles to a stake in Rineharts Line thence to Beginning".²⁰

The Dutch Buffalo Creek land is located on the eastern edge of what today is Cabarrus county near the Cabarrus/Montgomery county line. They evidently were right on the county line in some instances. Son Leonard actually lived in Montgomery county and was counted there in the 1810 census.²¹ Son Jacob also lived in Montgomery county for a short time before moving on to Rowan county. The county line is mentioned as a property line in the description of some of the land transactions carried on by several of the Lipe sons.

The land on the South Fork of the Catawba River is way west of there on the other side of Mecklenburg county in what is now the east end of Lincoln county. Whether Godfrey and Barbara ever lived there is open to speculation, because there is evidence that suggests the Leib/Lipe family never left the Dutch Buffalo Creek area. The evidence consists mainly in the appearance of Godfrey Lipe, and sons, at various estate sales in the Dutch Buffalo Creek area during the 1770s and 1780s.²² Godfrey Lipe as **Cuttfried Libe** and **Cuttfrieth Libe** was a buyer at the estate sale of brother-in-law Leonard Hartsell on 18 Aug 1774 where he bought

an "iron cattle" for £1.11s.1d and two sheep for £1.3s.10d; **Jonis Lipe** paid £2.10s.6d for a "Beay Meare Colt" at the estate sale of Augestean Reape 26 Jul 1781; Godfrey as **Godrieth Lipe** paid £1.12s.0d for a large bell and 3 shillings for a grind stone at the estate sale of Matthias Beaver, Sr. in 1781; **Gotfrit Lipe** paid £2 for items at the estate sale of Mical Kline, 16 Jun 1787. All of these sales were in the Dutch Buffalo Creek area! The fact that the Lipe family is listed as one of the early members of the Dutch Buffalo Creek Church (Lutheran and Reformed) also indicates long time residency in the area.²³ And, Jonas and Leonard joined the Revolutionary forces from Mecklenburg county in 1780 and 1781!

Whether they ever lived on it or not, they held on to this 250 acres of land for about 15 years before "Godfrey Lipe of Mecklenburg county" sold it to Nicholas Fryday and Nichols Scrum. The deed showing the sale of the land was recorded on 6 Jan 1784 in Lincoln county.²⁴

Three of the sons, Jonas, Godfrey and Leonard, served with the American forces in the Revolutionary War. John and Jacob were too young to participate and George was not yet born. We have no information as to the activities of Johann Gottfried and Barbara during this time. They were both probably about 40 years old in 1780 and should have been able to participate in the revolution!

Godfryt Lype, Senr. was found living in Mecklenburg county between sons **Jonas Lype** and **Godfryt Lype, Junr.** when the first census of the United States was taken in 1790. There is a peculiar entry for Godfryt Lype, Senr. in the census. He is not listed as a "Head of Household", but is listed instead as one individual in the column "All other free persons".²⁵ It seems that Godfryt died in late 1790 or early 1791.

Barbara is thought to have been a widow in 1791 because her father, Johann Jacob Rudisill, died shortly before this (Will made 10 Nov 1785; proved 10 Jan 1787)²⁶ and she went to York, PA to obtain her, and her children's inheritance. For some reason our grandfather Jacob Rudisill did not care for his son-in-law, Godfrey Leib/Lipe, and stipulated in his will that Barbara was not to receive anything until Godfrey died! In a document recorded as a deed, 27 Jul 1791, in York county, PA, Jonas Lipe, Godfrey Lipe, Leonard Lipe, John Lipe, Jacob Lipe, John House, and Christofell Sides, all of Mecklenburg county, North Carolina gave their mother, Barbara, Power of Attorney to pursue their interests in the estate of their grandfather Johann Jacob Rudisill.²⁷ The last two men named were evidently sons-in-law married to two of Barbara's daughters.

Barbara was living in Lincoln county at the time these events occurred! Why would she be living in Lincoln county when her sons were all in Mecklenburg county? Could she have been living temporarily with her brother Philip Rudisill whose home was in Lincoln county!? We know that she went to obtain their inheritance, because she made her mark on a receipt for £38.3s.0d on 28 Oct 1791.²⁸

In 1800 **Barbary Lype** was found living as a widow in Cabarrus county, with a young man between 16 and 26 years of age and a young lady between 10 and 16 years of age, near her sons **Jonas Lype** and **Godfred Lype**.²⁹ I believe these two young people were her children, George and Catherine, that were not named in the Power of Attorney mentioned above!

Barbara Rudisill Lipe is believed by some to have died by June 1807 in that part of Montgomery county that became part of Stanly county, probably while living in the home of daughter Mary Esther, who married Christofell Sides. I am not sure that is the case though! In the 1820 Rowan county census an elderly lady is listed in the household of George Lipe.⁴⁰ In the February 1822 Court of Pleas and Quarter Sessions of Rowan county, Administration on the Estate of Barbary Lipe was granted to George Lipe. He gave bond, with Jonas Lipe and Jacob Lipe, in the amount of £200, was thus qualified, and obtained letters of Administration.³⁰ Settlement of the Estate was completed in November 1823.³¹ If this Barbary Lipe is not Barbara Rudisill Lipe, then who is she? If this is Barbara Rudisill Lipe, does not this event strongly suggest that George Lipe was likely Barbara's son, and brother of Jonas and Jacob Lipe!? If Barbara was born in 1740, she would have been 34/35 years old when Jacob was born in 1774, and could well have had several more children! If this is not Barbara Rudisill Lipe, why are Jonas and Jacob Lipe involved as bondsmen? If she is not George's mother, why is he administering her estate?

I believe the young lady in Barbara Lype's household in 1800 was Catherine Lipe, who married Henry Culp on 10 Aug 1802 in Rowan county. I also believe she is probably a daughter of Johannes Gottfried Leib/Lipe and Barbara Rudisill. I know that Jonas Leib named "grandson" Henry Culp, presumably son of Catherine and Henry Culp, in his last will and testament.³² However, I have read in several places that "grandson" was used to mean "nephew" in many instances by the old German colonists. It seems to me, in his will, Jonas was naming a nephew in Culp's case, and naming his grandchildren when he named the "children of Elizabeth Hoover, Catront Overcash, Regina Hoover, Easter Leib, July Ann Dowers and Milly Hargrave."

The following was discovered by Jean W. Gayle in an article on the Account Book of Pastor Carl Augustus Gottlieb Storch, "**Leib, Barbara** married Peter Gutman (Goodman) 18 April 1797".³³ As I know of no other Leib/Lipe family in North Carolina at that time, except that of Johannes Gottfried Leib/Lipe and Barbara Rudisill, I believe this Barbara Leib is one of their "unknown" daughters.

The question will surely arise as to why Barbara, George, and Catherine were not included in the Power of Attorney, found in the Orphan's Court at York, PA, that named seven of Barbara's children in 1791. The only answer I can give is, they were very young children when that occurred, and were not old enough to make a Power of Attorney.

Jonas Leib/Lipe

Jonas Leib/Lipe was born on the west bank of the Susquehanna River in Manchester Township, York county, PA. The eldest child of Johannes Gottfried Leib/Lipe and Barbara Rudisill, he was born on 6 February 1763. His birth and baptism on 10 April 1763 are recorded in the First Reformed Church KB of York, PA.³

Jonas was removed to Mecklenburg county, NC as an infant by his pioneer parents. He grew up in the German settlements of Mecklenburg county near Charlotte and probably spoke both German and English. Although Jonas was a second generation American, he was probably more German than American. This was due in large part to the clannishness of both the Germans and their Scots-Irish neighbors. Many years later his son Abraham said that all the children still spelled their name **Leib** while in school and only started to use **Lipe** consistently after his father died.³⁴ In the official record of Jonas' estate sale, the name is spelled three ways - **Leib**, **Libe** and **Lipe**.³⁵

In 1776, when the American Colonies declared their independence from England, Jonas was just a lad of 13 years. Four years later, however, as the Revolution raged through the Colonies, he was a hot blooded 17 years old and ready to fight! Jonas, a resident of Mecklenburg county, volunteered and served as a private in Captain Osborn's company of militia under Major Harris in the North Carolina Line. His first tour of duty was for 3 months in 1780. During this tour, he marched to Charleston, SC, and probably participated in the defense of Charleston during the British siege of that city. He was under the command of General Lincoln when the city was surrendered, and returned home on parole. After that, he served continuously for 12 months in scouting parties under Captains John Stearns and James Maxfield. Jonas re-enlisted in 1781 and served 3 months in Col. Caleb Phifer's North Carolina Regiment, during which time he marched to Wilmington.³⁴

Following the Revolution Jonas evidently went back home to Mecklenburg county and settled down with, or near, his parents and became a farmer. Jonas probably married **Christina Misenheimer** about 1784 in Mecklenburg county when he was 21 years old. That he married Christina Misenheimer is traditional, but not proved, because no corroborating records have been found. Whoever she was, by the time the first census of the United States was taken in 1790, Christina and Jonas **Lype** had at least four females in their household, presumably daughters. The family apparently resided on the east side of Mecklenburg county next door to his father Godfryt Lype, Senr. and brother Godfryt Lype, Jr.²⁵

When Cabarrus county was formed out of Mecklenburg county, in 1792, the Lipe clan was included in the new county. In 1800 **Jonas Lype** was 37 years old and resided in Cabarrus county in a household consisting of him, Christina, 4 boys and 5 girls.²⁹ One of the boys is believed to be one John Harge, an orphan bound as an apprentice, as a 5-year old, for 16 years to Jonas on 22 April

1794.³⁶ The lad was to learn the craft of shoemaking! In addition to farming, Jonas apparently was a shoemaker or cobbler. The assumption that he was a shoemaker is supported by the various stocks of leather, bench and shoemaking tools named at the sale of his estate on 24 and 25 Oct 1843. Of course, shoemaking might have been a skill possessed by many of the pioneers to help make them self-sufficient.

At the time of the 1800 census, **Barbary Lype**, presumably his mother, lived next door to Jonas in a household that included a young man between 16 and 26 years and a young lady between 10 and 16 years. Christina (Misenheimer) Leib/Lipe died in 1800/1801 and Jonas married **Ann Christina Huber (Hoover)** in Cabarrus county on 27 Oct 1801.³⁴ She was born about 1774 and died 5 May 1862 in Iredell county. So Christina was about 25 or 26 years old when she married Jonas and he was 38 years old.

Land records reveal that Jonas and brothers Godfrey, Leonard, John and Jacob Lipe lived astraddle the Cabarrus - Montgomery county line during this period. Christofell Sides and John House, brothers-in-law, were also nearby. Waterways bearing the names Dutch Buffalo Creek, Adams Creek, Bear Creek and the Scaley Bark Branch of Cedar Creek are in their land descriptions, as is Redd Budd Bottom! As the eldest son and heir-at-law, Jonas presumably inherited his father's property when Johannes Gottfried Leib/Lipe died, however, no records have been found to substantiate this.

There is evidence that Jonas moved his family from this area to Rowan county about 1808 when Jonas, Jr. was two years old³⁷, although his family is not found in the 1810 census. **Jonas Leib** is seen on Rowan county Tax Lists in possession of 202 acres of land, situated on Coddle Creek, from 1809 through 1815³⁸ (later years were missing). A Deed has not been found for this land situated down in the southwest corner of Rowan county. Although Jonas now lived in Rowan county, he still owned land in Cabarrus county. On 5 May 1817 Jonas Leib "of the County of Rowan" sold 200 acres of land, situated in Cabarrus county on both sides of Little Bear Creek, to John Leib "of the County of Cabarrus" for \$200.³⁹ In the 1820 census of Rowan county Jonas (now 57 years old) is listed as **Jonas Lieb** living next door to newly wed son **Ellbus (Elias) Lieb**.^{40a} **Josephas Jonas Lipe** was still living in Rowan county when the 1830 census was taken.⁴¹

Congress passed a law on 7 June 1832 giving pensions to those men who were soldiers in the Revolutionary War. Jonas applied for the pension, and he was allowed a pension of \$20 per annum on his application executed 19 Nov 1832, at which time he still resided in Rowan County.³⁴ Jonas evidently was in poor health at this time and was unable to appear at the courthouse to sign the papers. The papers apparently had to be taken to his home where he signed with his mark. Being aware of his infirmities, Jonas also made his mark on his last will and testament on 26 September 1833 at the age of 70 years. In spite of his poor health, however, Jonas lived nearly ten more years!

On 24 August 1835 **Jonas Lipe**, of Rowan county, bought 179 acres of land from son-in-law John Hoover, husband of daughter Regina.⁴² This land was located on the North Waters of Withrow's Creek in southeastern Iredell county, to which he apparently moved to be closer to her and some of his other children - Elias, Abraham, Alexander, Joseph, Jane Malinda Troutman, Dorothea Hoover, Milly Hargraves and David Washington Lipe. Jonas and family was counted in the Iredell county census of 1840 living in the midst of his children. He died on his plantation in Iredell county on 10 June 1843.³⁴ He was 80 years, 4 months and 4 days old! Jonas was probably buried somewhere on the land that made up his plantation.

Ann Christina (Huber) Lipe received a pension based upon Jonas' Revolutionary War service when she executed an application in Iredell county on 23 Feb 1853. Christina also received a Warrant for 160 acres of Bounty Land on Warrant #26842-160-55 under the Act of 3 March 1855 based upon his service. However, when I tried to find the location of the land, the record could not be found in the NC Archives or the Secretary of State's office in Raleigh! Jean W. Gayle, of Titusville, FL, obtained copies of the record from the National Archives in Washington, DC which show that **Christina Leib** was issued the Warrant on the 24th day of May 1856. "For value received" Christina Leib sold the Warrant to one Andrew Miller, of Webster county, Iowa on the 24th day of July 1856, who utilized the Warrant to obtain land in that county. Miller bought the land on 26 Sep 1856 through a procedure known as *pre-emption* which was more or less "squatter's rights." The land was identified as Lots No. 7 and 8 and the West 1/2 of South West 1/4 of Section 12 in Township 90 North of Range 29 West. The transaction was made at the Fort Dodge, Iowa land office.⁴³

Abraham Lipe said that while his father was alive and the children were in school, they spelled their name **Leib** although it was pronounced as **Lipe**. It was not until after Jonas died that they started to use **Lipe** consistently.³⁴ This seems to be true because the Lipe folks who attended his Estate Sale, on 24 & 25 Oct 1843, had their names spelled **Libe**, **Leib** and **Lipe**. Youngest son David Washington Lipe, evidently involved in litigation concerning the estate, beginning in 1844 had his name spelled **Leib** and **Lipe** over the next few years.

It bothers me that I can find no connection between the adult Jonas and any church, except the birth of son Abraham recorded at St. John's Lutheran Church near Concord, NC. The only other religious activity involving him, that I know of, was the recording of his birth and baptism at First Reformed Church in York, PA. Which, of course, does not mean that Jonas was not active in a church! It just means that no records have been found to indicate that he was.

Abraham Lipe

Jonas Leib/Lipe is said to have married first **Christina Misenheimer**.⁶⁰ Thus far, no proof has been found to support this tradition! His first wife's name was Christina, however, and she died about 1800. She gave birth to **Abraham Lipe** on 2 January 1799. His birth is recorded at St. John's Lutheran Church near Concord in Cabarrus county.⁴⁴

It has been very difficult to find information on Abraham and his family. The Iredell County courthouse burned in 1853 and surely many pertinent records were lost. Later a Register of Deeds was persuaded that he did not have to maintain marriage records earlier than 1868 so he tossed all of the early records!! What a pity!

Abraham married **Mary Tabitha Caster** about 1824. Her maiden name remained hidden from me until 27 October 1990 when a letter was received from Brenda Hay of Euless, Texas. Brenda is a descendant of Sarah or "Sallie" Lipe, a daughter of Abraham and Tabitha. In the letter was a family group sheet on which the maiden name of Mary Tabitha Caster was recorded! We had a problem, however, in that we could not find a record to substantiate this until August 1993. Jean Gayle found some records in the Rowan County Library at Salisbury, NC which showed that Abram Lipe and Mary Tabitha Caster were the parents of James A. and Elias Stewart Lipe.⁴⁵ So far, however, I cannot put her into any of the Caster families that lived in the area at the time of her birth. Mary Tabitha was born 11 Nov 1807 in North Carolina and died 19 Mar 1880 in Iredell county. Abraham died 29 Nov 1887, being full of years. They are buried at Prospect Presbyterian Church, where they were named as members in 1852 and 1853 in extant church records.⁴⁶ The church is a half mile inside Rowan county, between Mooresville and Salisbury, close to their Iredell county home.

I suppose Abraham and Mary could actually be considered lifelong members of Prospect Church. The church was organized in 1824,⁴⁷ and their first child (?) Julia Caroline **Leib** was baptized there on 22 Sep 1825 by Henry Nelson Pharr, first pastor of the church. **Abram Leib** and **Mary Leib** were listed by Pharr as new communicants on 26 Mar 1826. Their daughter Esther Jane **Leib** was baptized on 20 July 1828.⁴⁸ They were still members when the Lord called them home 50 some odd years later!

Census records show that there may have been as many as 11 children in the family of Abraham and Tabitha Lipe - at least seven of them girls. We know that they kept children of their kin at different times, and it's impossible to differentiate between children, grandchildren, nieces and nephews with just census data.

The girls names - that we know - were Julia Caroline, Esther Jane, Sarah or "Sallie", Harriet C., Margaret Ellen and Emily J. The 1830 and 1840⁴⁹ censuses indicate that there were at least two girls older than Esther Jane! The 1840 census also shows that there were seven girls and one boy. The 1850 census⁵⁰ shows a young man 18 years of age named **Cornelius** in the family. Since Cornelius is an unusual name, and it is the only time I have found the name in a North Carolina **Lipe** family, I feel sure that he is ours!! There was also a boy named Elias Stuart (Stewart) that surely led to one of Maggie Lipe Woods' sons being named Stewart. The household included two boys named James and John which probably led to our grandfather's name - **John James Lipe**. Since John was not included in later censuses, he may have been a nephew, grandchild, etc., or he may have died! James A. Lipe did grow to manhood and had a family of his own. In fact he was married twice! He was a member of Prospect Presbyterian Church, and is buried there. Elias Stuart was also a member, and may be buried at Prospect, but there is no tombstone to indicate that he is. He does have an infant son buried there.

Two other boys appear in the 1870 census - John Calvin and Granville Riley who it turns out were sons of Calvin Looper and Sallie Lipe. These two boys were baptized at Prospect Church on 21 June 1866 and were named as sons of Abraham and Tabitha Lipe.⁴⁶ They were actually their grandsons, and also first cousins of our grandfather John James Lipe! It seems that Sallie Lipe Looper died in Fulton county, Arkansas about 1863. Her husband, and father of the two boys, Calvin Looper, took them back to North Carolina and left them with Abraham and Tabitha. He apparently never came back! It is thought that he was done in by foul play! Of course with the Civil War raging there was probably danger for any stranger passing through a community.

Esther Jane Lipe married Hugh Gray McCormick on 28 Dec 1853 in Iredell county, NC.⁶⁸ They had daughter Jane H.A. McCormick in 1856, then Hugh apparently died. He was not present with the family in the 1860 census and Esther and Jane were living in the home of Abraham and Tabitha Lipe. Esther and Jane evidently lived with her parents until Jane married Joseph Houston Brown on 4 July 1876 in Iredell county. Esther was living with her daughter and son-in-law in Mooresville, NC at the time of the 1880 census of Iredell county. Her occupation was listed as weaver!

Cornelius Hulbert Lipe

Cornelius Hulbert Lipe was born about 1832,⁵⁰ in Iredell county, NC. C.H. made his way into Yalobusha county, Mississippi, probably about 1853. Why did he go to Mississippi and not to Illinois where his cousins were? His Uncle Jonas and Aunt Esther (Abraham's sister) were still living in Perry County! Perhaps he went with friends!? Maybe he went with relatives that we don't know about!? There was a tale, current in the family when I was a child, that C.H. came to Mississippi with some of his brothers. The brothers were supposed to have gone back to NC after a short time, but C.H. stayed. A problem with that is, all of the brothers that I can find are several years younger than him and were too young to leave home when he did. When C.H. migrated into Yalobusha county, he became a slave manager,⁵² presumably for William Cunningham Chamberlain, near Gore Springs. This part of Yalobusha county became part of Grenada county when it was formed on 9 May 1870.

Hulbert married **Elizabeth Ann Chamberlain**, the baby sister of his employer, on 19 April 1857. Lovick Pierce Peacock, M.G. (a son-in-law of **Abraham Brooks Lucas**, our great, great, great grandfather) administered the rites of matrimony.⁵³ During and after the War Between the States, Hulbert and Ann lived on 160 acres of land (NW 1/4 Sec 34 Twp 22N R6E) which was in the "Red Grass" community two or three miles west of Gore Springs toward Grenada. The family attended Providence Baptist Church.

C.H. Lipe participated in the War Between the States on the side of the Confederacy. His role and the extent of his participation is unknown to me. We do know he was a horseman because he served in several Cavalry units. The following is copied from his service record:

"C.H. Lipe, Pvt., Co. I, 11th Regiment, also known as Perrin's Reg't, Mississippi Cavalry. Enlisted 8 Dec. 1863 for 3 years or the War at Greensboro, Miss. by Capt. T.B. Foard. He was absent with leave due to illness from Mar through Aug 1864 and had not been paid."⁵⁴ Nothing else in this record so we do not know how long he was with this unit.

Greensboro no longer exists, but was a flourishing settlement at that time. It was located southeast of Gore Springs in what today is Webster county.

"C.H. Lipe, Pvt., Co. G, 3, 14 and 38 Consolidated Reg't, Mississippi Cavalry, Residence Yalobusha Co., Miss., appears on a Roll of Prisoners of War of Co. G, 38, 14, and 3 Cons'd. Regiment Miss. Cavalry, Confederate States Army, commanded by Col. John McGuirk, surrendered at Citronelle, Ala., by Lieut. Gen. R. Taylor, C.S.A., to Maj. Gen. E.R.S. Canby, U.S.A., May 4, 1865, and paroled at Gainesville, Ala., May 12, 1865."⁵⁵

That the War Between the States really did pit brother against brother was impressed firmly on me when visiting the monument to the soldiers from Illinois in the Battlefield Park at Vicksburg, Mississippi. Just inside the entrance to the right is inscribed the names of Jacob Lipe and Columbus Lipe. They were both great grandsons of John Godfrey Lipe and Barbara House on the side of the Union! Levi Lipe, another of their grandsons, was on the side of the Confederacy! Cornelius and his brother Elias Stuart, grandsons of Jonas Lipe, were on the side of the Confederacy! Then there were the five grandsons of Jonas, sons of Elias Lipe, that were either killed, died of disease, or wounded during the war for the Confederacy. John Lipe, son of Jonas, Jr., another grandson of Jonas, served in the Union Army from Iowa. He was with Sherman at the Battle of Atlanta on Sherman's March to the Sea! And, there was Archibald Hoover, son of Regina, another grandson of Jonas, killed in battle for the Confederacy. And this is not half of them!! There must have been much heart ache.

I don't know how successful a farmer Hulbert was, but we do know that economic conditions were severe for everybody in the South following the War Between The States. I have a document that indicates that he redeemed the land once by paying \$5.00 for taxes to **Meredith A. and Sabrina Ann (Lucas) Bowen** (11 Sep 1866). He paid \$18.00 for it again to the State on 15 March 1872. After he died, Elizabeth Ann paid \$14.00 for it again to the State in 1878. The years following the Civil War were very difficult!

Hulbert died as a relatively young man (about 43 years old) 25 July 1875. He is buried in the cemetery of Providence Baptist Church, but the location of his grave is unknown as the headstone was moved away years ago.

Elizabeth Ann or Ann Elizabeth Chamberlain was born in Abbeville District, South Carolina on 2 December 1835. Her name is Ann Elizabeth on her tombstone! She was the baby daughter of **Thomas and Margaret Chamberlain** and granddaughter of **John and Rebecca Chamberlain**. Ann's father probably died before 1840 (he is not seen in the family in the 1840 census and Margaret is listed as head of the family) in Abbeville District.⁵⁶ His Estate was settled in 1845. Her eldest brother, William Cunningham Chamberlain, already living in Yalobusha County, moved his mother and younger siblings to his plantation. Ann is listed as a girl, 14 years of age, in the 1850 census of Yalobusha County.⁵⁷ James O. and Thomas Alfred (two brothers who were of age) moved with them and they are seen as heads of two young families nearby in the same census. A sister, Margaret Caroline, had married Thomas P. Bowen, the eldest child of Lacy Bowen and brother of Meredith A. Bowen, and was also in the Gore Springs area by 1850. William C. Chamberlain became guardian of the younger members of the family - George Alexander, Lorenzo Dow, Isabella Drucilla, Arianna J. and Elizabeth Ann.⁵⁸ Ann was engaged to be married to one Thomas S. Tate before she married Hulbert (a license was actually issued in 1856).

After Hulbert died, it is assumed that the family continued to live at the farm mentioned above for some time, i.e., until all the children grew up, married, or left home to live on their own. During the 1890s and up to the time that the Stevenses moved to Arkansas, Ann lived primarily with Ida Lipe Stevens, her 3rd child. She also lived with "Mattie" Lipe Haley, her 6th child, and especially so, after the Stevenses moved to Dell, Arkansas. She was living with "Mattie" and Mattie's daughter, Mamie Shipp, when she died. Ann was in reasonably good health for one of her age, although confined to a wheelchair. She tried to get out of the wheelchair unattended and fell and broke a hip. She died from resulting complications 21 October 1930. Ann was nearly 95 years old! Her desire was to be buried at Sumner, Tallahatchie county, MS next to her youngest son George Cornelius "Neal" Lipe.

Maggie Nell Woods Turnage remembered Grandma (Ann) Lipe as a "wonderful person". She remembered, as a little girl, sleeping with Grandma, and Grandma would bring a big palmetto fan to bed to keep comfortable with! Dalma Haley knew Grandma Lipe in the last years of her life and remembered her as a "jolly, bright person with a good mind for one of her age".

Note - Maggie Nell pointed out in one of her letters that Grandma Lipe married a Mr. Anthony sometime after Hulbert died. She did not elaborate as to when or how long the marriage lasted. She only said that Grandma was always known as Mrs. Lipe! Maggie Nell was an elderly lady when she wrote this and may have been confused! I have not tried to find a marriage license.

John James Lipe

John James Lipe was born 12 August 1858 near Gore Springs in the "Red Grass" community. This was still part of Yalobusha county at that time. John grew up there and villages with names like Grenada, Grays Port, Coffeerville, Water Valley, Cadaretta, Gore Springs, Slate Springs, Walthall, etc., crowded his memories as an old man. He recalled hearing the cannon firing at the fort which guarded the Yalobusha River east of Grenada, as a five or six year old, during the War Between the States.

I suppose John was a typical youngster of his era. Growing up on a farm in his day meant that most chores and work was done by hand. When you went somewhere you either walked, rode horseback (muleback) or in a horsedrawn vehicle. Listening to my father and some of my uncles talk, I was always amazed at how much ground they could cover on a weekend riding a horse! Entertainment was generally "homemade" and participatory. John was one who participated! He learned to play the violin, and according to my father, was an accomplished "fiddler" much in demand to provide music for Friday and Saturday night "dances."

Heavy responsibility was placed on John's shoulders at a very early age. He was about one month from his 17th birthday when his father died. Since he was the oldest of the children, he had to become the breadwinner for the family and farming is a tough life under the best of circumstances. He probably had a good bit of advice and help from his Chamberlain uncles who lived near by, and Thomas P. Bowen who was an uncle by marriage. As a child I remember hearing the names of "Uncle Bill" Chamberlain and Thomas P. Bowen being repeated in tales told by John or "Pa" at the supper table. Oh! How I wish I could recall some of those stories now!

John married **Mary Elizabeth "Lizzie" Bowen**, daughter of Meredith A. Bowen and Sabrina Ann Lucas 22 Dec 1889. They were married at the Bowen home in what was now Grenada county. John was 31 years old and "Lizzie" was 16 years old, although she said she was 18, having been born 8 July 1873. John fibbed a bit too by saying that he was 21 years old!!

Soon after their marriage they moved to Elliot Station, about two miles south of Holcomb in Grenada county where John operated a cotton gin for several years before it burned. By 1894 they had moved to the west side of Carroll county and were farming in the hills above Teoc, Avalon and Leflore. All of their children were born and grew up there, except Edwin Earl who was born at Elliot Station. The children all went to Valley School and the family attended Mount Pisgah Baptist Church. John and "Lizzie" were known, with love and respect, as "Papa" and "Mama" to their children in the old German tradition.

After all of the children had grown up and married (except daughter Johnnie), John and "Lizzie" moved to the Linn community on the west side of Sunflower county on Jones' Bayou in the winter of 1927/1928. They farmed 160 acres of fine sandy loam dirt with their youngest son Cornelius Hulbert through 1940. It is unlikely that John did much more than offer advice, feed and water the stock, do chores, and take care of the garden and orchard at this time, because he was 70 years old when they moved to the delta. One of my earliest memories of John, or "Pa" as he was known to his grandchildren, is seeing him nearly every morning, dressed in khakis (long sleeved shirt) and an old black felt hat, walking stick in hand, taking off with two or three dogs to walk around the place.

Heartache struck "Pa" seriously in late 1930 when his mother died in October and then "Lizzie" died about a month later on November 28. "Pa" lived for another 16 years enjoying good health most of the time, probably because he was always such an active man. He died 24 November 1946 in the home of his eldest son Edwin at the ripe old age of 88 years, 3 months and 12 days. He was buried two days later alongside his beloved "Lizzie" in Mount Pisgah Baptist Cemetery near Teoc in Carroll county on a cold and cloudy afternoon. I loved him.

The following is a tribute to Lizzie (Bowen) Lipe written by granddaughter **Allie Mae (Lindsey) Smith** of Sidon, MS in 1984:

Lizzie Lipe - A Salute to a Special Grandmother

"Just plain Lizzie?" you ask. No, she was not plain in the way you might think after hearing her name. "Elizabeth Bowen Lipe" would fit her much better, because she was a lady. She was not aggressive, nor was she assertive. She never had to worry about having her "rights" because she did not think that was important. Most people who are as unassuming as "Mammy Lipe" must have some hidden hostility that would reveal itself at some time or another. I knew her from the time I was born until I was almost fourteen years old, but I never saw her assert any authority or demand her rights.

"She was such a lady that she went about her work with a grace and charm and rhythm that is rare with farm wives who have so much responsibility. She was fifteen years younger than "Mr. Lipe", as she called "Grandpa". He did not have a lazy bone in his body, and besides being a person who reigned as head of the house, he saw to it that his family never lacked for food and warmth in their small home. He was highly respected in the community as one who was interested in his neighbors, and when one of them was sick, he would go and help them with some of their farm chores and other problems.

"Mammy Lipe", as all of her grand children called her, was gentle and kind to all of us. She was not effusive - there was no drama or pretense in her demonstration of affection for us. She did not choose a favorite to lavish her love on, but each of us knew that we rated equally right at the top with her.

She was evidently very well bred. She had a sister, Irene (Bowen) Trussell, who lived at D'Lo, Miss., near Jackson. One time, I remember, she went there and spent a week with her. I had a friend who knew Aunt Irene Trussell very well, and she spoke very highly of her.

"Mammy **Lipe**" also had a brother, Allie Bowen, who lived in Alabama. I knew his wife, Cora Evans, and son, Tommy. He should now be in his early sixties.

"Mammy Lipe" had dark brown eyes and very even features. She was about 5'5" tall and slender of build. She wore her hair straight and long and drawn back in a knot at the back of her head. If you ever knew her daughter, Lottie, you would have an idea of how she looked. She was never in a rush, yet everything was done by the time it was needed. She was interested in everyone's comfort except her own. If one was ill or hot or tired, she had just the right touch as she wiped their damp brow or handed them a glass of cold water.

I would not have you believe that she didn't think that she was important at all. The fact is that she knew that she was important, and she didn't have to prove it.

She married John J. Lipe when she was sixteen years old when they were living near Grenada, Mississippi, in the Gore Springs community, not far from the Providence Church. "Mr. Lipe", as she called him, was the son of Mr. and Mrs. Cornelius Hulbert Lipe. She was the daughter of Meredith and Sabrina (Lucas) Bowen, who were buried in the Providence Cemetery near Grenada.

The first two children of Mr. and Mrs. John J. Lipe did not survive; Edwin was born at Elliot, and six more children were born after they moved to Carroll County near Teoc. Grandpa Lipe was in the business of operating a cotton gin, and he and friend, Will Castle, moved at the same time to Carroll County with their wives. Their friendship always continued.

Grandpa bought some land in the hills near Teoc, and also bought some in the Delta, "down under the hill" as they called it. He had negro tenants. He sold this when he and his son Hulbert entered a partnership to farm near Boyle and Linn, in Sunflower county, Mississippi, in 1927. Their first crop was in 1928.

Data - US Navy in WWI; Owned a small farm one mile southeast of Boyle, Bolivar County, MS; Two events in their life left their mark on Uncle Edwin and Aunt Winnie. Aunt Winnie was burned terribly bad by scalding hot water about 1936. She suffered terrible pain for many years because of this. While she was still recuperating, Uncle Edwin was hauling a load of logs after dark, without a light on the wagon, on Highway 61 south of where they lived. He was late getting in because he had stayed in the woods helping my father put a load of wood on his truck. He did not have a light on his wagon because he had not anticipated being out after dark. A car carrying a man and his wife from Illinois came up from behind and rammed the wagon load of logs killing the man's wife. These events left their mark on Uncle Edwin and Aunt Winnie, but they always maintained a cheerful outlook on life. They always made visitors welcome with smiles, handshakes and hugs. They were much loved by family and friends and well respected in the community. They are both buried at Cleveland, Bolivar Co, MS.

D. 29 Jul 2000, West Plains, Howell Co, MO

M. 8 Jun 1974, Gary Hayden Tatum, Grenada, Grenada Co, MS (He b 5 May 1946)

Data - Teresa suffered from diabetes and congenital heart problems. She required daily insulin injections beginning when she was about two and a half years of age. She was born with a *patent ductus arteriosus* (blue baby) which was corrected when she was about 10 years old. Teresa Ann grew up in Grenada, MS and graduated from John Rundle High School there. She then went to Delta State University where she obtained her BS in Education with a major in Biology in 1969. She then taught Biology in both public and private schools in Mississippi and Alabama. By all accounts she was an outstanding teacher. Teresa was a very intelligent person with a quiet, warm demeanor, and a good sense of humor. She and Gary loved to work outside and did lots of camping out. They went all over looking for, and finding, good places to camp.

Her marriage to Gary Tatum led her into a devoted life of working in the Lord's Church. Gary is a Minister in the Church of the Nazarene, and Teresa played the piano and worked with young people in the churches wherever Gary may be preaching. One of the high points in her life was working in the little Wells Chapel Church near New Albany, MS. It grew from just a building into a thriving church under the leadership of the Holy Spirit working through Gary and Teresa Ann.

Several weeks after her 40th birthday in June 1988 Teresa Ann had to have heart bypass surgery to correct for some blocked arteries. She continued having problems with her heart for the rest of her life. She had a stent put in an artery in October 1999 to relieve blockage in another artery. She began having more problems with her heart soon after as scar tissue grew in and around the stent. She died in the Ozark Medical Center in West Plains, MO at about 1930 hrs. on 29 July 2000 following a heart attack earlier in the day. It was her desire to be buried in the Wells Chapel Cemetery with the people she had worked so closely with. She was, and is, loved by all who knew her. The out pouring of love, by the people in the community, towards her at her funeral was wonderful to see. She knows the Lord personally, and He certainly knows her. She is sorely missed.

M3) Mr. White from Morgan City, MS

Data - Emma married John Keever while just a slip of a girl, barely having reached her 16th birthday. They farmed in Carroll county near Teoc. John died leaving Emma with five children, the oldest was about 10 years old. Emma was not yet 30 years old! Tradition has it that John and "Lizzie" Lipe helped her raise the youngsters. She married "Bob" Hughes before 1900. They were living next door to John and "Lizzie" at the time of the 1900 census. This plants the idea that they may have been farming with John Lipe. Emma had one son with "Bob" Hughes, also named Bob. After "Bob" died, Emma married a Mr. White. She met him at Maben, MS while visiting Dora (Cohron) Lipe, "Neal" Lipe's widow.

"Aunt Emmie" is just a shadow in my memory. I can see and hear her, yet I can't! She was much loved and respected by family, friends and neighbors. My mother thought she was a very special lady!
