THE POSTGRADUATE PROGRAMS IN PSYCHOANALYSIS AND PSYCHOANALYTIC PSYCHOTHERAPY

Postdoctoral Psychology Fellowship

Applications Welcome

About the fellowship

The Postdoctoral Psychology Fellowship provides psychologists with training and professional experience leading to the fulfillment of New York State licensure as a psychologist. Candidates may choose between training in adult psychoanalysis and psychotherapy or in child, adolescent, and family therapy.. This is a **half-time** (20 hours/week) position and extends over two years. The following four components will comprise the fellowship:

- Direct clinical work with 4-5 psychotherapy patients and approximately one or two clinical intakes per week for which Fellows will be paid on a fee for service basis.
- Attending two years of classes in either the Postgraduate Program in Psychoanalysis and Psychotherapy or the Postgraduate Program in Child, Adolescent, and Family Therapy with a full tuition waiver.
- Weekly, psychodynamically oriented individual supervision and monthly group supervision.
- Teaching two classes per semester in the undergraduate psychology or masters-level Mental Health Counseling Program. Fellows will be paid at the University adjunct rate.

Psychology Fellows may also have the opportunity to develop specialized skills working with couples and/or psychotherapy groups. This Fellowship will provide exposure to a variety of theoretical and methodological psychodynamic models through coursework and through work with a variety of supervisors. All experience will count towards New York State licensing requirements. In addition, all classes, supervision, and clinical experience obtained during the Fellowship will be credited towards certification in our programs.

Applicants are required to have earned a Psy.D. or Ph.D. in clinical, counseling or school psychology, to have completed an internship, and to have a limited permit to practice in New York State. Experience working with diverse clinical populations and a strong interest in psychodynamic treatment modalities is preferred.

About The Gordon F. Derner Institute

The Derner Institute at Adelphi University is widely recognized as a pioneer in the study of psychology. The first university-based professional school of graduate and postgraduate psychology in the nation, it continues to be among the most vital university-based educational institutions promoting the study and practice of psychoanalytic psychology.

The Postgraduate Programs provide a rich array of training possibilities and include advanced certificate programs in the following areas:

- Psychoanalytic psychotherapy
- Psychoanalysis and psychotherapy
- Child, adolescent, and family psychotherapy
- Group psychotherapy
- Couple therapy
- Psychodynamic school psychology
- Psychoanalytic supervision

About the Postgraduate Psychotherapy Center

The Postgraduate Psychotherapy Center is the institute's training clinic as well as a fully-functional community mental health service provider serving clients throughout Nassau and Suffolk counties and New York City. We provide a full array of clinical services including psychotherapy for adults, children, adolescents and families; couples therapy; low cost psychoanalysis; and psychiatric consultation. We serve clients with a diverse range of presenting problems including mood, personality and adjustment disorders. Services are provided on a sliding fee scale to make services affordable for clients from a wide span of the socio-economic spectrum.

Our Diversity Commitment

Our faculty, student body, and course offerings reflect our commitment to diversity. We welcome applicants from all ethnic/racial backgrounds, sexual orientations, and applicants with disabilities.
