Incite™ is an ionized silicate and fertilizer-based product that improves nutrient availability, protects native soil microorganisms, and reduces plant stress to provide beneficial plant growth development.

**Active Ingredients**........... 50%
Potassium (K) ....................... 9.0%
Derived from Potassium Phosphite
Available Silicon (Si)* .............. 41.0%

**Inert Ingredients** .......... 50%
Water ......................... 50.0%

**TOTAL** ...................... 100%

**Net Weight:** 12.5 lbs. per gal.

**GUARANTEED ANALYSIS**
Derived from Silicic acid and ionized silicate carbon-based nutrients.
*Available Silicon (Si) is the soluble portion of the total silicon (36.2%) known as Monosilic Acid (Si(OH)4).

**DIRECTIONS FOR USE:**
1. Completely flush tank prior to use. Residual from prior sprayed solutions could possibly lead to antagonistic or unwanted precipitates. A clean tank rid of all prior spray solutions is preferred.
2. Add all water, fertilizers, dispersibles, pesticides and adjuvants before adding Incite. Anti-foaming agent may be needed.
3. Turn on agitation pump for 5 minutes.
4. Solution is ready to be sprayed.

**STORAGE:** Do not allow product to freeze. It is preferred to stay in a controlled temperature environment above 45°F. Shelf life is three (3) years.

**WARNING:** Do not blow air into tank to agitate as this could destroy microbe population. Do not use with fungicides. Note: Phosphorus (P) and Potassium (K) fertility programs should not be altered.

**CONDITIONS OF SALE:** The information contained on this label is believed to be accurate and reliable. Buyer and user acknowledge and assume all liability resulting from the use of this material including but not limited to: personal injury, property damage or other type of loss resulting from the handling, storage, or use of the product. Follow directions carefully. Timing, method of application, weather, crop conditions, and other factors are beyond the control of the seller.

**DISCLAIMER:** This product will not burn or damage any citrus, fiber, forage, grain or vegetable crops as all components are organic and not applicable.

CAUTION: KEEP OUT OF REACH OF CHILDREN.
