

LIFETIME LOVE

Slow waltz 3/4

Key: D

Verse 1: (keyboard)

What seemed like a lifetime came to an end
All my loneliness you chased away
I've been thinking 'bout this life of ours, how it began
And Who it was that joined us that day

Verse 2: (add rim & perc)

From the hand of Eternity given to me
A heart filled with laughter and a handful of tears
And I gave an everlasting promise that I vow to keep
Through each and ev'ry moment of
These ever-changing years

Chorus 1:

You're my lifetime love, You're my lifetime love
A once-in-a-lifetime...
You are my life-time love

Bridge:

Now this life is short, but there's a hope
That I hold on to
It's knowing that I'm gonna spend
The next one with you...

Instr:

D Em7 G2 D Em7 G2
(walk down) Bm Bm/A G D/F# C G A7sus

Verse 3:

Now I've got plenty of room left here in my memory
For all that the future may bring
Oh, but right now I just want to hold you tight
Look in your eyes, and whisper it over
And over again...

Chorus 2:

You're my lifetime love, You're my lifetime love
A once-in-a-lifetime...
You are my life-time love (Thank You, Father, for this love in my life)
You're my lifetime love,
Woah... You're my life - time love
We were made for each other...
You are my life-time love
