

THE LOVE OF A FATHER

mod 6/8

Key: D-E

INTRO: (just guitar & mandolin) D A7sus D A7sus

VERSE 1:

I remember my Father and I so clear,
Camping out in Indian gear
Though I don't quite remember the year,
I know we were together

And when I hit my first wiffle ball,
Well it caught him on the nose, I just froze
As he stood there laughing,
Yeah, he was so proud of me- right then I could see...

Chorus 1:

That the love of a Father for His children
It's as special as the name, the name
The love of a father for his children
Well no other love, no other love is the same

VERSE 2: (band in, rim on verse)

Another season and I was a man,
I had my reasons, I had my own plans
Said things like, "You'll just never understand..."
What did I know?
Til I had a child of my own, she looks a lot like me
Never knew just how strong love could be
Til I looked in those eyes, and I knew she could see... (chorus 1)
