## Verse 1:

Just one drink was all he wanted; That one drink turned into a few  
Then a lifetime of drowning his sorrows  
Became a river he couldn't get through  
Then he heard the old Gospel story  
How forgiveness was one prayer away  
He took hold the lifeline; And drank of this new wine  
With just one drink he was never the same

## Chorus:

Just one drink; From the Well of Salvation  
And you'll never be thirsty again  
Just one taste of the Bread from His table  
You soul will never be hungry again  
Earthly things you can try; Only Jesus satisfies  
With just one drink you'll forever be changed

## Verse 2:

As night fell on the rough side of Houston  
She went out plying her trade  
Self-respect and childhood long vanished  
Exchanged for money and things she now craved  
Across the way was that "foolish" street preacher  
And for the first time she heard what he said  
Like the woman by the well side; She was made new on the inside  
She became another trophy of grace

## Repeat Chorus
