Verse 1:

Thunder rained down on Sandy Hook; 26 lives were what he took
These precious angels were now gone
Fingers pointing everywhere ; But we need to show we care
God forgive our callous hearts

Chorus:

They had their whole lives ahead of them
Weddings and birthdays and baseball games
A future that's forever changed
Lord, bind up the wounds and heal our hearts
Let your Love guide us through this dark
Forgive the paths we've taken on our own
Though they're in a better place
This world is poorer than it was yesterday
They had their whole lives ahead of them

Verse 2:

There is another tragedy; it happens each day from sea to sea
Not by a gun but a doctors hand
It is an inconvenient truth; Millions of babies we will lose.....
Don't you see the hypocrisy

Repeat Chorus

Bridge:

God's grace is greater than any wrong that we have done
Please make a choice for Love and life; Make a holy sacrifice!

Chorus 3:

They'll have their whole lives ahead of them
Weddings and birthdays and baseball games
A future that's forever changed
Lord bind up the wounds and heal our hearts
Let your Love guide us through this dark
Forgive the paths we've taken on our own
This world will be a better place
It's a choice for life we've got to make
they'll HAVE their whole lives ahead of them
