

An action safety program providing the residents of our community  
with a practical way to protect yourself and  
your neighbors on the street.

# WhistleSTOP

©HPKCC

## How it works — Call, Blow, Go

You observe trouble on the street:

1. Call 911 (Police)
2. Blow your whistle to scare off the assailant.
3. Keep a safe distance.
4. Keep blowing until police arrive.

You hear a whistle, or observe trouble from your home:

1. Call 911 (police) fast! Give the location of the whistle you heard as best you can.
2. Open your window and blow your whistle
3. Go outside, move toward the first whistle and keep blowing
4. Assist victim if possible; wait for police.

**WhistleSTOP** combines:

*Individual action:* I can use my whistle to get help

*Neighborhood Action:* We can protect one another

*Citizen-Police Action:* We can assist the police effectively.
