

PS Leader

What defines a leader?

Vision

Commitment

Focus

Flexibility

And that's not all. *PS Leader* is a research based, 360° competency assessment that was developed after years of extensive research involving over 12,000 supervisors, managers and executives. This research was conducted to determine which specific skills set top performing leaders apart from average, ineffective leaders. The result was the definition of the “**24 most critical**” leadership competencies. *PS Leader* gives leaders an objective analysis of their leadership effectiveness and helps them target areas for improvement.

PS Leader is:

- **Customizable** – Can be modified specifically for your organization
- **Convenient** – Online or pen/paper with results in one day
- **Confidential** – Data is locked and sequestered
- **AFFORDABLE** – Only \$125 per leader!

***PS Leader* is a powerful assessment tool**

Use *PS Leader* to integrate company goals and ideals into developmental plans for managers.
