Thoughts and suggestions (Programs for children & youth)

What are your thoughts and suggestions for improving programs for children and youth?

- information needed& help needed
- More recreation programs
- schools should be active.Community centre is badly needed

There definitely are programs for youth and children available out there, but sometimes it is hard to know which ones because they are not as advertised very well. I think a huge way to improve these programs would be to better advertise them throughout the entire community. I'm sure if community members knew more about what was being offered to them that they would quickly enrol their children in these programs and the benefits for these youth and children would be great!

the ones i didn't check were the ones that we already have...if i checked less needed.

engage youth in community work

more recreation programs

youth should be involved in the activities-community development

fACILITIES & PROGRAMS FOR YOUTH
SAFETY FOR CHILDREN & YOUTH

More space for children to play,

seperate plygrounds for each building,safe place for kids

safe play area for children

more programs for youth to be engaged & safety for everyone

Counseling or Guiding about the money managing matter also highly needed.

a well known area or building for youth to meet, participate and organize events, such as a youth center capacity building and empowerment programs are much needed for youth. More children targeted programming is strongly needed

Allowing at-risk youth to run such programs for other at-risk youth. This way, you'll have insight as to how to attract such youth to these programs.

Main Challenge Facing Community

What is the main strength of your community?

try to know each other

People belonging to same culture are friendly.

Everyone is a family,gets along well with each other

come together to make a change

People get along very well.

Togetherness

Helping each other

Life long friends,terrific neighbours

Day care,churches & food bank

Friendly but not helpful

To come together as a community so that we can all make a difference

Caring for people

Already a lot of resources do exist... community center, tutoring help, play grounds, play groups/family time, etc.

The main strength of the Flemo community is its diversity. There are so many people in this neighbourhood from so many different backgrounds, it's amazing and it's a huge blessing. If we could get everyone to come together with that diversity, there are no limits to programs and services that we would be able to offer this community.

Access to all necessities (subway, grocery)

Please make any additional comments, below.

Violence, police often visits

Great survey, well done! Questions were well written

Encourage kids to be more involved in the sports and physical activities

LACK OF INFORMATION FOR THE NEW IMMIGRANTS & NO SAFETY IN THE BUILDINGS HERE

Here there is no daycare facilities when you take up the language program (LINC)

People need to be more cooperative. Far from college and University.

some areas are unsafe. there has to be some accessible and open place for the community to go for information and events, Flemington neighborhood services is very hidden and small. maybe more locations or a location in the plaza

Police have to play a more positive role in the neighbourhood and not only harass children, they need to speak with a mentoring mentality
