352-751-2704 Fax	www.allcoastaircraftrecovery.com	Weirsdale, FL 32195

Mission Statement:

All Coast Aviation Recovery Inc. is dedicated to the preservation of our aviation heritage. Our mission is to recover aircraft for repairs or for placement into air and space museums around the country.

Overview of Services:

Aircraft recovery and transport includes disassembling the aircraft and preparing it for ground transportation, loading the aircraft onto a truck for safe transport and moving the aircraft to the receiving site. If it is required, the team will also reassemble the aircraft at the receiving site. All Coast Aircraft Recovery Inc. can also provide complete technical assistance and consultation for museum self-moves using museum volunteers. We also provide aircraft relocation services that are in direct support of insurance claims.

Overview of Qualifications:

All Coast Aviation Recovery Inc. is fully licensed and insured. All team members are FAA certified private pilots and are Aircraft & Powerplant certified. Some of the team members are also Inspector Authorization holders.
