

WHO WE ARE

STACEY L. SILVERS, MD

Dr. Stacey L. Silvers is one of the most respected plastic surgeons and otolaryngologists in the tri-state area. With nearly twenty years of experience, she brings personal care and attention to every procedure as well as a unique passion for helping her clients look younger and healthier. Selected for inclusion in America's Top Physicians and America's Top Surgeons, Dr. Silvers was trained at both Albert Einstein College of Medicine and Boston University School of Medicine. In 2009 Dr. Silvers established Madison Skin & Laser Center to provide her clients with the most advanced, state-of-the-art medical technology and products from experts they can trust in a comfortable and friendly environment.

ANITA WOLF, RN

Anita Wolf has been providing extraordinary patient support for over twenty years. She has devoted herself to a wide variety of outpatient medical settings, and for the last six years, has worked in aesthetic medicine. Since 2007 she has worked at the Greenwich Medical Skincare & Laser Spa and also serves as a consultant to multiple plastic surgeons and dermatologists in New York City and the surrounding suburbs. In addition to her comprehensive nursing experience, Anita is certified in more than ten aesthetic procedures using the state-of-the-art medical equipment available at Madison Skin & Laser Center.

JEANNE MCGUIGAN, LICENSED MEDICAL AESTHETICIAN

As a Licensed Medical Aesthetician, Jeanne McGuigan has been providing the highest quality medical skincare services since 2000. She is a member of the Society of Plastic Surgeons and a volunteer for the "Look Good, Feel Better" program at Northern Westchester Hospital for the American Cancer Society. Her experience and skills are complemented by her warm and friendly style that creates a relaxed environment for Madison Skin & Laser Center clients.

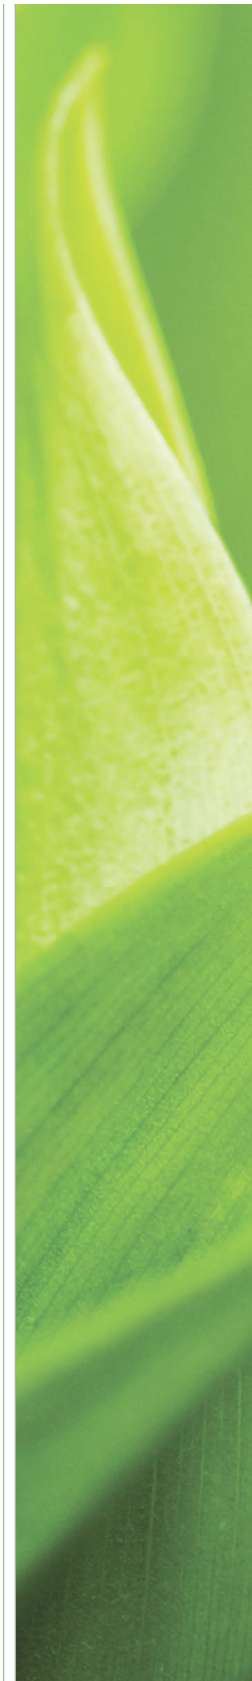

PRODUCTS

Madison Skin & Laser Center is dedicated to utilizing the world's leading skincare products to meet each client's specific needs. These exclusive products exquisitely complement our services. Our knowledgeable staff would be happy to answer any of your questions regarding our products.

IS CLINICAL is the skincare brand created by Innovative Skincare and is designed to bring you long-term, anti-aging results. IS CLINICAL treats, hydrates, and cleanses your skin while utilizing the most advanced research and technology to create products that deliver quick, positive, and safe care for your skin.

OBAGI is the preferred choice of physicians for prescription-strength product-lines and is designed to treat and transform your skin. As one of the world's most recognized names in skin healthcare, OBAGI has launched several successful and innovative lines, each designed to improve penetration of prescription and cosmetic agents across the skin barrier for common and visible adult skin conditions.

DELLACURA is a unique line of skincare products for men and women. DellaCura improves your skin's ability to stay hydrated, beautifully nourished and younger looking thanks to the all natural plant oils that have the ability to penetrate the skin's surface, making it silkier, more luminous and radiant. Madison Skin & Laser Center offers DellaCura Face Serums with 100% active natural ingredients exclusively in the Manhattan area.

SERVICES FOR MEN AND WOMEN

After extensive research, Madison Skin & Laser Center brings you the most innovative skincare technologies. Our services are tailored to meet your unique anti-aging and skincare needs. Dr. Stacey L. Silvers and her team of experienced professionals work with each client to discuss and develop a treatment program specifically modified for the enhancement and health of your skin.

INJECTABLES

Prices starting at \$500.

Target areas include face, neck and hands.

BOTOX® - An excellent option for reducing signs of aging such as creases and frown lines. BOTOX® is the fastest growing anti-wrinkle treatment available. Since its FDA approval in 2002, BOTOX® Cosmetic has become the most popular of these anti-wrinkle treatments with over 10 million procedures performed. BOTOX® is injected into targeted muscles with a fine needle and simply inactivates and relaxes the muscles that produce wrinkles. The result is softer, smoother skin and a more youthful appearance.

Dermal Fillers - Lines, creases, and wrinkles no longer need to have a prominent place on your face. Today, with more people looking for ways to fight signs of premature aging, there has never been more choices and options in Dermal Fillers to restore volume and diminish lines on your face to create a more youthful appearance. Dermal Fillers are becoming the new face lift and replacing the traditional tight and taut face lift of years ago. Madison Skin and Laser Center offers the following Dermal Filler options - Juvéderm™, Radiesse®, Sculptra, and Restylane/Perlane.

LASER HAIR REMOVAL

Prices starting at \$100, depending on area of the body.

Target areas include whole body and face.

Laser Hair Removal – Virtually pain-free, Laser Hair Removal is a non-invasive cosmetic procedure that is safe and effective for the removal of unwanted hair on the face, arms, legs, back and other areas of the body. A treatment plan will be customized to obtain optimal results to eliminate unwanted hair growth and to reduce unwanted body hair, quickly and easily, leaving a fresh and healthy look. A minimum of six treatments is required.

LASER RESURFACING/MICROLASER PEELS

Prices starting at \$400, depending on area of the body.

Target areas include face and neck.

Laser Resurfacing also known as a Microlaser Peel, corrects skin texture and signs of aging. It removes the top layers so that smoother skin forms that looks more vibrant. Existing wrinkles and scars are greatly minimized and Laser Resurfacing offers the physician more control over the depth of penetration of the skin surface and allows increased precision and safety in treating delicate areas, such as around the lips and eyes.

PHOTOREJUVENATION /IPL (INTENSE PULSED LIGHT)

Prices starting at \$200, depending on area of the body.

Target areas include face, neck, chest and hands.

Madison Skin & Laser Center offers the most advanced and broadest variety of IPL (Intense Pulsed Light) technology. We utilize The Broadband Light System to deliver effective treatments for hyperpigmentation. This innovative technology also sets new standards for the treatment of skin conditions associated with aging, active lifestyles and sun damage. Photorejuvenation can restore your skin to its natural beauty, blending its natural colors, making it smoother, more vibrant and offering a more youthful appearance.

SKIN TIGHTENING

Prices starting at \$1600.

Target areas include face and neck.

The ideal method for improving facial wrinkles and lines, done with IPL, it stimulates new collagen production in the dermis without injuring the epidermis. It improves the quality and tone of facial skin. The skincare treatment of each client is individualized, as each person's needs differ.

LASER SPIDER VEIN REMOVAL

Prices starting at \$200, depending on area of the body.

Target areas include face and legs.

Improve or eliminate unsightly and painful spider veins with laser treatments. Unwanted and unattractive blood vessels called spider veins appear mostly on the legs, occasionally on the face, or elsewhere. A Laser Spider and Varicose Vein Removal treatment is a non-invasive and virtually pain-free procedure designed to remove veins using a highly concentrated beam of light.

MICRODERMABRASION

Prices starting at \$175.

Target areas include face, neck and hands.

Microdermabrasion is a non-chemical and non-invasive procedure that removes the outermost layer of dry, dead skin cells to reveal younger, healthier-looking skin. Microdermabrasion works on all skin types and colors to produce subtle changes, causing no skin color change or scarring. It is a non-surgical-procedure, with little to no risks, and is used to polish and refine the skin all over the body. This treatment works well in combination with our chemical peels to reduce Melasma.

CHEMICAL PEELS

Prices starting at \$150.

Target area includes face.

A Chemical Peel is an aesthetic procedure performed to achieve better skin tone and to remove fine lines, especially on the face. Chemical Peels remove the outer layers of skin, which are damaged by age, sun, acne, wrinkles, or pigmentation problems. Chemical Peels can reduce facial wrinkles and lines, improve sun-damaged skin, correct age spots and pigmentation problems, lighten scars, and achieve radiant, vibrant, healthy skin.
