

Liliane Desjardins, LCAS, was born in Zagreb, Croatia, and educated in Paris, France. Her background is liturgical art, and two of her outstanding works are the stained glass windows at the Catholic Chapel at Kennedy International Airport in New York City, and the Shaar Hashomayim Synagogue in Montréal, Québec, Canada.

Upon entering her personal transformational program, Liliane shifted from aesthetic beauty to reshaping and re-sculpting her own life and the lives of others. She is renowned for her highly successful and innovative clinical work, and the Desjardins Unified Model of Addiction Treatment. She was the co-founder of Pavillon Desjardins in Val David, Québec, Canada and Pavilion International, an addiction treatment and training center in North Carolina. She has 36 years of clinical experience.

Upon retiring from clinical duties in 2002, Liliane shifted her focus to a new career. She authored the bestselling book, *Imprint Journey: A Path of Lasting Transformation to the Authentic Self*. She designed a 4-day workshop to help people identify, process, and change their self-limiting imprints.

Liliane says: "To me, art and life are synonymous. They are about accessing our inner beauty and creativity, and expressing them in the joy of life. Life is about the art of living the ordinary every day events in an extraordinary and inspirational way. It is about re-writing the script of our lives. It is about creating a better and more beautiful world. After 36 years of clinical work, I am still passionate about the beauty, resilience, resourcefulness, and intelligence of the human spirit. I never cease to be amazed at the human survival skills, and the light and joy expressed when an individual touches his or her greatness. My work is fascinating. I simply love, because loved people do better."

CIRCLE OF LOVE

Loved People Do Better

For 36 years, Liliane has been helping couples succeed in building happy, healthy, and rewarding relationships. She offers powerful and transformational workshops. Year after year, Liliane and her husband Gilles reinvented themselves as individuals and as a couple. In 2012, Gilles passed away. As a tribute to the love they have shared, Liliane continues to do the workshops with a new passion.

It has been said that you can take another only as far as you have gone. The Desjardins were masters at creating a "circle of love," a safe place in which it is possible to access the Authentic Self—a whole, free, creative, and loving self.

CIRCLE OF LOVE is a 4-day workshop for couples that is fully individualized to each couple's needs. It is an intensive, fast track to *Transformation, Positive Change, and Renewal*.

CIRCLE OF LOVE is a workshop where you step out of the routine of life and enter a time and space dedicated to discovery. It is a workshop where you are helped to allow and accept clarity, change, and newness toward strengthening and deepening your relationship.

CIRCLE OF LOVE is a workshop where you are immersed in "relationship education." You gain practical tools to make positive changes with result-oriented coaching strategies for a successful marriage/partnership.

Liliane's vast experience in human behavior and relationships offers couples qualitative differences in ways to resolve issues. Her guidance helps partners tap into the essence of their beings, and the "space of love" within—where one *knows*.
