Journey of the Universe: An Epic Story of Cosmic, Earth, and Human Transformation

Screening of Emmy Award-Winning Film With Discussion To Follow

February 25, 2015 7:00pm Whitten Learning Center, Room 130

Featuring Mary Evelyn Tucker

Mary Evelyn Tucker presents the Emmy Award-winning film that she produced and co-wrote with evolutionary philosopher Brian Swimme, Journey of the Universe, a film that draws together scientific discoveries in astronomy, geology, and biology with humanistic insights concerning the nature of the universe.

Tucker is a Senior Lecturer and Research Scholar at Yale University. She teaches in the joint MA program in religion and ecology and directs the Forum on Religion and Ecology at Yale with her husband, John Grim. A specialist in Asian religions (Ph.D., Columbia), Tucker is the author and editor of four books on Japanese Confucianism. Her concern for the environmental crisis, especially in Asia, led her to organize a series of ten conferences on World Religions and Ecology at Harvard. Tucker serves on the International Earth Charter Drafting Committee and as a member of the Earth Charter International Council.
