

American Governance

Both systems concurrently exist today. However, the corporate system has been gaining predominance in the last 70 years. Many Sovereigns (We the people) have contracted with the corporate system unknowingly, unintentionally, and or without full disclosure given.

Once you learn the difference, you may have to make a decision for yourself, family and posterity. That decision may require changes in how you conduct yourself. You will have to undo what has been done to make your Sovereign status known. This is not taught in the corporate government's public school system, because you are not to know.

The elite of the "One World government" corporate system want and need to have power and control over the population (masses) they call "Human Resources."

After signing the [Declaration of Independence](#) on July 4, 1776, and winning the revolutionary war which ended with the Paris Peace Treaty signed September 3, 1783, all American colonists became free, Sovereign people, endowed with the same rights that the King of England had.

"... at the Revolution, the sovereignty devolved on the people, and they are truly the sovereigns of the country, but they are sovereigns without subjects, and have none to govern but themselves; the citizens of America are equal as fellow citizens, and as joint tenants in the sovereignty ... Sovereignty is the right to govern; a nation or State sovereign is the person or persons in whom that resides. In Europe, the sovereignty is generally ascribed to the Prince; here, it rests with the people; there, the sovereign actually administers the government; here, never in a single instance; our Governors are the agents of the people, and, at most, stand in the same relation to their sovereign in which regents in Europe stand to their sovereigns. Their Princes have personal powers, dignities, and preeminences; our rulers have none but official; nor do they partake in the sovereignty otherwise, or in any other capacity, than as private citizens."

Introduction

Philadelphia is the Capitol

The **Articles of Confederation** were agreed to by the united states in Congress assembled on November 15, 1777 and were ratified March 1, 1781. From the time of the Declaration of Independence, July 4, 1776, to the time of the Articles of Confederation there was a space of time of sixteen months and eleven days. During this period of time, the several nations, states, countries were sovereign unto themselves as relates to foreign earthly powers.

There was an **outstanding debt** of 17 million silver Lira from french banks over 21 separate occasions all due on December 1, 1789.

Therefore, a **bankruptcy Charter** had to be drafted. On September 17, 1787, twelve State delegates approved the Constitution. The States have now become Constitutors.

"Constitutor: In the civil law, one who, by simple agreement, becomes responsible for the payment of another's debt."

--Blacks Law Dictionary 6th Ed.

The States were now liable for the debt owed to the King, but the people of America were not. The people are **not a party to the Constitution** because it was never put to them for a vote.

The judge in the **Padelford case** stated; "But, indeed, no private person has a right to complain, by suit in court, on the ground of a breach of the Constitution. The Constitution, it is true, is a compact, but he is not a party to it. The States are the parties to it. And they may complain. If they do, they are entitled to redress. Or they may waive the right to complain."

--Padelford, Fay & Co. vs. The Mayor and Aldermen of the City of Savannah.
14 Georgia 438, 520

"Articles" establish a sovereign nation of people, but all **"Constitutions"** are bankruptcy charters or compacts.

President Andrew Jackson paid the debt in the 1830's. In 1832, while discussing the Bank Renewal Bill to a delegation of bankers, he

Certain members of Congress created the District of Columbia (DC) from portions of two states; Virginia (Virgin) and Maryland (Mary). Physically united together they are **"Virgin Mary,"** to form a more perfect union as **a new "United States".**

US Titles and Codes, in their awkward definitions, call "DC" the "United States"

The new "United States" includes States such as District of Columbia, Puerto Rico, Guam, American Samoa, the Virgin Islands, and the Northern Mariana Islands. It does not include the 50 states united.

i.e. Title 26 Section 7701 Definitions (a) (9) and (10) 42 U.S.C. 405 (2)(c)(vii)

All Titles of the United States Code (USC) are strictly meant for the United States and none of the 50 states of the Union. Each of the 50 states have their own constitutions and laws. See Hepburn v. Ellzey, 2 Cranch, 445, 452, and John Barron v The Mayor and City of Baltimore 32 U.S. 243 (1833). These last two cases clearly state that the United States is not the 50 states of the Union.

The Constitution for The United States of America

Now known or referred to as the organic constitution.

This Constitution established a central government with limited powers to do the will of the people. Its purpose was to form a more perfect Union, establish Justice, insure domestic Tranquillity, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity.

The **Constitution** (a bankruptcy compact) designates and limits the powers of the newly established central government and restrict its venue to a district not exceeding 10 miles square and areas purchased for forts, magazines, arsenals, dockyards, and other needful buildings.

The **organic** Constitution was created in 1787, adopted in 1789, and amended in 1791

"The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government."
-- Patrick Henry

"Republican"

form of government

**"Government of the people

A **republic** is a self governing forum wherein a free, sovereign, moral, and enlightened people guarantee to one another and to all minorities the right and obligation to have, retain, and protect each other's God given common Rights to Life, Freedom, Liberty and the Pursuit of Happiness in their separate capacities as free inhabitants and or as free Sovereign people within a nation, state (nation state), and or a country, all by positively accepting the Oaths as recipients of the oaths of their servants holding public office.

The people created a republican form of government with limitations on their servants.

The people are the government,
not their servants.

"...shall guarantee to every state in this union a republican form of government"
--Constitution, Art. IV Sec 4

At the close of the Constitutional Convention in Philadelphia on September 18, 1787, a Mrs Powel anxiously awaited the results, and as Benjamin Franklin emerged, asked him directly: "Well, Doctor, what have we got, a republic or a monarchy?" **"A republic if you can keep it"** responded Franklin.

Communist Manifesto

"Democracy"
(means "Priest rule")

"A democracy cannot exist as a permanent form of government. It can only exist until the voters discover that they can vote themselves generous gifts from the public treasury. From that moment on, the majority always votes for the candidates promising the most benefits from the public treasury with the result that a democracy always collapses over loose fiscal policy, always followed by a dictatorship. The average age of the world's greatest civilizations from the beginning of history, has been about 200 years. During those 200 years, these nations always progressed through the following sequence: from bondage to spiritual faith; from spiritual faith to great courage; from courage to liberty; from liberty to abundance; from abundance to selfishness; from selfishness to complacency; from complacency to apathy; from apathy to dependency; from dependency back again to bondage."

"We have staked the whole of all our political institutions upon the capacity of mankind for self-government, upon the capacity of each and all of us to govern ourselves, to control ourselves, to sustain ourselves according to the **Ten Commandments of God.**"

"The Constitution is not an instrument for the government to restrain the people, it is an instrument for the people to restrain the government." -- Patrick Henry

The **Tenth Amendment** clearly states:
"The **powers not delegated** to the united states by the Constitution, nor prohibited by it to the states, **are reserved** to the states respectively, or **to the people.**"

Article I, Section 8 of the original Constitution allowed the creation of certain federal areas and a district for certain limited purposes:
*"To exercise exclusive Legislation in all Cases whatsoever, over such **District (not exceeding ten Miles square)** as may, by Cession of particular States, and the Acceptance of Congress, become the Seat of the Government of the United States, and to exercise like Authority over all Places **purchased by the Consent** of the Legislature of the State in which the Same shall be, **for the Erection of Forts, Magazines, Arsenals, dock-Yards, and other needful buildings.**" --

It is very important to know that Congress has **exclusive Legislative power** and **authority only** over certain specified areas **purchased** for certain reasons **by consent of the state** in which they lie.

These are the **only** areas whereby a democracy is allowed to exist. Outside of these areas, a republican form of government is guaranteed.

The Residence Act of 1790, established the actual location of the district.

Adjournment of Congress

sine die

a Latin term meaning

"without [fixed] day";

(No day is set for reconvening)

Seven southern nation States of America walked out of the Second Session of the Thirty-sixth Congress on **March 27, 1861**.

In so doing, the Constitutional due process quorum necessary for Congress to vote was (temporarily) lost and Congress was adjourned sine die, or "without day." To some, this meant that there was no lawful quorum to set a specific day and time to reconvene. Some say that according to Robert's Rules of Order, Congress automatically dissolved because there are no provisions within the Constitution allowing the passage of any Congressional vote without a quorum of the States. Keep in mind that Robert's Rules of Order was created and published by Henry Martyn Robert who was born in South Carolina in 1837. He sold a half million copies of his rules by 1914. Those rules were not made a part of the Constitution or any Amendment to the Constitution.

According to The Constitution, Congress was only required to meet at least once in every year on a specific date unless changed by law and a smaller number may adjourn from day to

On **April 15, 1861**, President Lincoln reconvened Congress under the Executive branch by proclamation (number 1):

"I do hereby, in virtue of the power in me vested by the Constitution, **convene** both Houses of Congress."

Ceasar (President) is now in full control even over the Senate (Congress).

A Presidential dictatorship has been imposed on U.S. citizens. The sad thing is, "Most American people do not realize it yet."

The corporate government created in 1871 **will continue to exist as long as:**

1. "state of war" or "emergency" exists (War on Drugs, War on Poverty, War on Terrorism, War on Iraq, etc.),
2. the President does not terminate "martial" or "emergency" powers by Executive Order or decree, or
3. **the people** do not resist submission and terminate by restoring lawful civil courts, processes and procedures under authority of the "inherent

day. Therefore, because there were no other provisions, dissolution does not take place unless "the people", the creators thereof, or the posterity thereof, the sovereigns of the states, say so.

Because the King's men did not attend a meeting required by Him does not constitute a loss of the King's kingdom or His government. It just means that such men may lose their heads for not obeying the King. The King in this case is the people or "We, the people"

"...to prevent abuses in our government, we will assemble in Convention, recall our delegated powers, and punish our servants for abusing the trust reposed to them."

political powers" of the people.

The **Fourteenth Amendment** for all intents and purposes does not exist. On March 28, 1861 Congress adjourned sine die and never has reconvened de jure.

The original **Thirteenth Amendment** (no title of nobility), approved by 13 of the 17 states March 12, 1819 and thereby ratified, is the last proper draft of a de jure Amendment but is not recognized by the corporate (de facto) UNITED STATES.

The original 13th Amendment prohibits "**Esquires**" (Attorneys) from holding positions of public office.

The United States of America Military Flag

plain and simple--no gold fringe or other ornaments and symbolism attached

FLAG

Not the original USA Military flag

Some say it is a flag of Admiralty/Maritime type jurisdiction and is not suppose to be used on Land. Others say it's not a flag at all, but fiction.

However, the gold fringe which surrounds the flag gives notice that the American flag has been captured and is now being used by the corporate so-called government to give notice of its jurisdiction.

Prior to the 1950's, **state republic flags** were mostly flown, but when a USA flag was flown, usually only at USA facilities, it was one of the following:

1. **Military flag** --Horizontal stripes, white stars on blue background Has no fringe, braid (tassel), eagle, ball, spear, etc.

Some say the correct size ratio is 1 x 1.9

2. **Civil Flag** --Created in 1799 by Secretary of the Treasury Oliver Wolcott. Intended for peace time usage, denoting civil jurisdiction under the Constitution and common law. Has vertical stripes, blue stars on white background--last

The flag shown above appears to be a "USA flag" but has one or more of the following:

1. **Gold fringe** along its borders (called "a badge")
2. **Gold braided cord** (tassel) hanging from pole
3. **Ball** on top of pole (last cannon ball fired) Mainly used at induction centers.
4. **Eagle** on top of pole
5. **Spear** on top of pole

Some people see them as ornaments but all symbols have a meaning and purpose.

The flag shown above is Not described in Title 4 of USC and therefore is illegal on land except for maybe (1) the President since he is in charge of Naval Forces on high seas, and (2) naval offices and yards.

President Eisenhower settled the debate on the width of the fringe.

The so-called justification for a Naval/Maritime flag to be on land is that all land was under the high water mark at one time even if it was eons ago.

Flags on poles flying at the same height as other flags have equal status. A flag flying higher than the flag below indicates superiority over the flag below. Note that

flown before Civil War with a few exceptions.

This flag was a symbol of law enforcement authority, not Military authority.

Early Flags

corporate state flags fly below the US flag.

Keep in mind that the states were originally Sovereign over the central government and only the state flags were flown except in the District of Columbia not exceeding 10 miles square, its territories, forts, dockyards, arsenals, and other needful buildings, such as Post Offices, purchased with the consent of the legislature of the affected state.

(Constitution, Section 8, Clause 17)

The people in the geographic continental USA are at peace but the corporate government continues to be at war to exist, to increase and perpetuate debt, and to enrich others through Defense contracts.

Governing Body

Having three separate and distinct Branches or Departments equal to each other as to power and control of a segment of government while being on the same playing field laterally in position to each other.

- Legislature (Constitution; Article I)
--can enact **positive law**
- Executive (Constitution; Article II)
- Judicial (Constitution; Article III)
--known as article III courts

The purpose of having three separate and distinct branches at the same level is for checks and balances so that no one man or branch of government has complete power.

The legislative Branch consists of the Senate and Congress.

The purpose of the Senate was originally designed to voice states rights while Congress voiced the peoples rights.

The Senators were chosen by the states and were not elected by the people.

Together, they can come to a conclusion that meets the rights, interests, and benefit of both the state and the people.

Separation of Powers

"To announce that there must be no criticism of the President, or that we are to stand by the President, right or wrong, is not only unpatriotic and servile, but is morally treasonable to the American public."

--Theodore Roosevelt, 1912

GOVERNING BODY

The President (a Caesar) rules by **Executive Order** (Unconstitutional)

Congress and the Courts are under the President.

Did you ever wonder why Congress is ignored by the President?

The President is the Chief Executive Officer (C.E.O.) of the government corporation. Impeachment today is nearly impossible, unless it is in the best interest of the controlling bankers and the one-world government elite.

Also, what most people do not realize is that most courts today are legislative courts and not Judicial.

The so-called (corporate) Congress sits by **resolution** not by positive law.

Therefore, the position of power is as follows:

1. President (C.E.O of the corporation sits as Ceasar
--does not need congressional approval)
2. Legislature (The new Congress and Senate voices Public Opinion)
3. so-called Judicial (Legislative, Article I courts)
4. Non-existent Judicial (Article III courts)
except for Special circumstances that benefit the elite

The top position has control over the second position and the second position has control over the last position vertically and not laterally.

There are no checks and balances unless the President is concerned with a potential revolution based on the outcry of its citizens.

Each **puppet** that comes into office wears a different costume but ends up serving the same master. (The **Masters** are the Elite and Bankers operating behind the scenes)

Real Money

Assets of value such as gold or silver or can be exchanged for same.

Many of the older generations of the American people were taught to write the "S" with two lines through it. The two lines was a derivative of the "U" inside the "S" signifying "Units of Silver". The United States of America silver dollar is the accepted and approved uniform monetary unit (coin standard). The United States of America did not issue paper money until 85 years after its independence from Britain, and when it did, it was backed by silver or gold. Even at that, early Californians refused to accept and use paper currency, especially the people in San Francisco.

Phoney Money

Not backed by assets but thrives on faith alone.

Today, all computer programs, stock certificates, financial paper, accounting records, balance sheets and summaries, bills, bonds, Promissory notes, bank paper such as checks, et cetera use the familiar symbol **\$** having only one line through it to denote the amount of debt considered.

All Notes are "I Owe You's" (IOU's) including **Federal Reserve Notes** (FRN's) All Notes represent debt. The corporate UNITED STATES is in bankruptcy and has no assets but can only monetize debt.

"That the board of treasury be authorized to contract for three hundred tons of copper coin of the federal standard, agreeable to the proposition of Mr. James Jarvis, . . . That it be coined at the expense of the contractor, etc." "On Friday, July 6, 1787, there was "Resolved, that the board of treasury direct the contractor for the copper coinage to stamp on one side of each piece the following device, viz: thirteen circles linked together, a small circle in the middle, with the words 'United States,' around it; and in the center, the words 'We are one'; on the other side of the same piece the following device, viz: a dial with the hours expressed on the face of it; a meridian sun above on one side of which is the word 'Fugio,' (The meaning is, 'time flies') and on the other the year in figures '1787', below the dial, the words 'Mind Your Business.' The legends have been credited to Benjamin Franklin by many, and the coin, as a consequence, has been referred to as the Franklin Cent."

"These cents were coined in New Haven, Conn., and possibly elsewhere. Most of the copper used in this coinage came from military stores. It is believed to have been the copper bands which held together the powder kegs sent to us by the French."

The Federal Reserve is a continuation of the "Exchequer" of the Crown of England.

[Edward Mandell House](#) was instrumental in setting up the Federal Reserve.

"Some people think the Federal Reserve Banks are U.S. government institutions. They are not government institutions. They are private credit monopolies which prey upon the people of the U.S. for the benefit of themselves and their foreign and domestic swindlers and rich and predatory money lenders." Chairman Louis T. McFadden, House Banking and Currency Committee, June 10, 1932.

Federal Reserve is not listed under the Federal Government. They are in the white pages, along with Federal Express, Federal Deposit Insurance Corp. (FDIC), and any other business. Find out for yourself if all this is true. And then, go to your local law library and look up the case of Lewis vs. US, case #80-5905, 9th Circuit, June 24, 1982. It reads in part: "Examining the organization and function of the Federal Reserve Banks and applying the relevant factors, we conclude that the federal reserve are NOT federal instrumentality's . . . but are independent and privately owned and controlled corporations - federal reserve banks are listed neither as 'wholly-owned' government corporations [under 31 USC Section 846] nor as 'mixed ownership' corporations [under 31 USC Section 856] . . . 28 USC Sections 1346(b), 2671."

The "**Dollar**"

"The dollar, or "thaler" (which did not originate with the Spaniards), is short for the "Joachimsthaler" of Joachimsthal, a mining town in the Joachims Valley in Bohemia, where the coins were first struck in the sixteenth century."

"Thomas Jefferson recommended on September 2, 1776, to the Continental Congress, that the United States adopt the silver "Spanish Milled Dollar" called "Pillar Pieces of Eight", as our monetary unit of value, since daily trade was transacted in that coin."

--The United States Mint

A "**dollar**" was defined by law (Act of April 1792) as 371.25 grains of pure silver, which was the amount contained in a One-Dollar silver coin.

The **gold eagle** was equivalent to Ten silver dollars and had 247.50 grains of pure gold.

Therefore, 371.25 grains of pure silver was equivalent to 24.75 grains of pure gold; a **15:1** ratio.

Coinage started in **1783**. The first gold coins were made July 31, 1795 and consisted of 744 half eagles.

Coinage of Silver coins for circulation ended with the 1964 coins.

The amount of FRN's printed is based upon the corporate government's borrowing or appetite for debt. For example: If the corporate government prints \$100 billion in interest-bearing U.S. bonds and takes them to the Federal Reserve. The Federal Reserve places the \$100 billion in a checking account and the government writes checks or prints debt currency against the balance. In other words, this private banking system creates so-called money out of thin air and the bankers get interest on it forever. In addition, new debt and debt currency has to be created just to cover the compounding interest. An ideal "Ponzi scheme."

Keep in mind that bonds are IOU's and are to be paid back by the people through their future labor or the labor of their posterity.

That is why wars are created and perpetuated, government bureaucracy and empire building increases, and superfluous spending continues. They create an ongoing and ever increasing debt to enslave the people and their posterity. Debt must be continually created to feed the debt-credit economy system.

The so-called expanding economy always needs new debt notes (FRN's) and therefore more debt must be created. Budgets can never be balanced in this type of system. If the budget is balanced, the economy will collapse because no new FRN's can be printed and no new debt credit created.

The FRB pays 2½ ¢ per FRN note printed whether \$1 or \$1000. The US in-turn pays FRB interest indefinitely for each outstanding note or representation of a note. With electronic banking FRN's are created out of nothing and nothing being printed. *What a deal!*

Under the "**free coinage**" provision, no charge was to be made for converting gold or silver bullion into coins "weight for weight." At the depositor's option, however, he could demand an immediate exchange of coins for his bullion, for which privilege a deduction of one-half of one percent was to be imposed.

Redeemable Certificates

Although the **first paper currency** was issued in **1862**, redeemable certificates were not issued until **1886**

Silver Certificates were contracts initially redeemable in face value silver coin or silver bullion. Silver Certificates were released into circulation in 1878, redemption in silver dollars ceased in 1934, last printed in 1957, and redemption in all forms ceased on June 24, 1968.

Gold Certificates were contracts initially redeemable in face value Gold coin or gold bullion. Gold Certificates were released into circulation in 1882 and ended in 1928.

Banker's Currency

Mints

Although a government **mint** was approved February 21, 1782, no immediate action was taken. The first mint building was erected in 1792 on Seventh Street near Arch in Philadelphia. The first coin struck was the half disme (half-dime). Fifteen hundred were produced during the month of July 1792 before the mint was completed. File marks on early coins was a mint process of weight adjustment.

--A GUIDE BOOK of UNITED STATES COINS 35th Edition

The Mint was initially a part of the Department of State, became an independent agency in 1799, and became part of the Department of the Treasury in 1873 when the Mint's administrative headquarters moved from Philadelphia to Washington, D.C.

Central Banking and credit

Beginning in 1963, the words "**redeemable in lawful money**" and "**will pay to the bearer on demand**" were removed from future issues of Federal Reserve Notes

Public Law 88-36, approved June 4, 1963 made Silver certificates redeemable for silver bullion in the form of pellets or granulations and not in silver dollars. The exchange could only take place at the U.S. Assay Office in San Francisco up to June 24, 1968. After that, Silver certificates were no longer redeemable and are only legal tender having same value as Federal Reserve Notes.

The silver content of the dimes and quarters was completely eliminated under the Coinage Act of 1965 and the silver content of the half dollars was greatly reduced and or eliminated since then. Coins that no longer have silver content are called "Copper-nickel clad coins" or just "clad coins" and have no intrinsic value.

In 1982, the cent was changed from being 95 percent copper and 5 percent zinc to copper plated zinc weighting 20 percent less. The cent is now just like a token.

"In My opinion, the purchasing power of the debassed coinage and the increasingly inflationary currency system is undeniable proof to substantiate extortion and embezzlement by the banking industry and those who hold office in the corporate government system."
--Jack Slevkoff 2008

In My opinion, it is impossible to pay the entire US debt because there is not enough money in circulation and not enough money created to cover the principle let alone the interest being created and accumulated.

The Law, which still stands, stated:
Individual states are "not allowed to make any things but gold and silver coin a tender in payment of debts." The Constitution also stated: "Congress has the power to **COIN** money and regulate the value thereof."
--Article I Section 10 of the Constitution

Notice that it states the word "coin"

--Alan Greenspan, Testimony before US House Banking Committee, May 1999.

The **Greenback** Acts of 1861 allowed the Union (during the Civil War) to print and issue paper currency in 1862 for the first time in US history. Prior to that, the federal government restricted itself to coins. The paper money was not backed with gold or silver but simply with the full faith and credit of the Union government. The ink chosen for the back side was a peculiar green; thereby nicknamed "greenbacks".

The confederate states did the same thing and their currency were called "**bluebacks**" and "**graybacks**."

One year later, the 1861 Acts were revoked and replaced with the **National Banking Act** in 1863. An Act passed on April 12, 1866 authorized the sale of bonds to retire currency called greenbacks.

FRN's were first issued in 1914.

The **Independent Treasury Act** of 1921 suspended the de jure Treasury Department of the United States government and turned it over to a private corporation called the Federal Reserve (de jure means "by right of lawful establishment")

Just prior to the Stock Market crash of 1929, millions of dollars of gold was taken out of this Country and transferred to England.

All of the remaining assets of the US citizens, including their person, are held by the Depository Trust Corporation (DTC), the central securities depository, at 55 Water Street, New York, NY - secured by Uniform Commercial Code (UCC) Commercial Liens, which are then monetized as "debt money" by the Federal Reserve.

Under the umbrella of the DTC lies the CEDE Corporation, the Federal Reserve Corporation and the American Bar Association, the "legal arm" of the banking interests.

Today, the popularity of the **dollar** has fallen behind the **Euro**.

"the euro is the currency with the highest combined value of cash in circulation in the world, having surpassed the U.S. dollar (USD)." --[Wikipedia](#)

"[It is] the people, to whom all authority belongs."

--Thomas Jefferson to Spencer Roane, 1821.

"There is no such thing as a power of inherent Sovereignty in the government of the United States. In this country sovereignty resides in the People, and Congress can exercise no power which they have not, by their Constitution entrusted to it: all else is withheld." --

Julliard v. Greenman, 110 U.S. S. 421

A piece of paper does not give people the right to walk the earth as one of God's creatures. People have that right without the Constitution, without the Amendments some people call the "Bill of Rights," and without a Birth Certificate.

No Political or Royal figure can give one the right to be free or take that right away. The idea that one is "given" what one already has is an illusion created for the purposes of control, power, and manipulation. Such an idea exists only when people allow it to exist or are ignorant of their rights.

SUBJECTS

US citizens (Chattel Property) are belligerents in the field and are "*subject to its jurisdiction*" (Washington DC)

U.S. citizens are **14th Amendment citizens** implemented by the Civil Rights Act of 1866 originally established for the newly freed slaves.

That is to say: "Now slaves of the corporate government plantation"

Today, almost all mothers, black or white, unknowingly inform on their own babies. Take a look at the so-called "Birth Certificate" CERTIFICATE OF LIVE BIRTH where the mother signs and you will see the title of the box stating in small print:

"MOTHER OR OTHER INFORMANT".

The word "OTHER" makes **the mother "an informant."** By signing the "Birth Certificate" as an informer, she contracts with the government putting her child and her child's future labor as collateral for the national debt (servitude--slavery). The father or mother can rescind the contract within three business days (Truth-in-Lending).

Since the Birth Certificate neither lists the father as the husband nor lists the wife's acceptance of the father's surname as her own but has the mothers maiden name instead, the baby is considered a **BASTARD**. Bastards are therefore under the care and control of the Priest Rule (democracy) and can be taken from the mother at any time.

The **hospitals** receive a fairly large monetary benefit (\$3,000, more or less, per child) from the corporate government for having Birth Certificates filled out and signed.

As a result of a king's uncontrolled spending spree, France had severe inflation which resulted in a monetary crisis. A group of people stormed the Bastille in Paris on July 15th 1789, and the French Revolution was born. The 'Rights of Man' was declared on August 26, 1789. By midsummer of 1792, the king was dethroned and the royal family was imprisoned. Since the people no longer had any use for a king and queen, Louis XVI was beheaded on January 21, 1793 and Marie Antoinette was beheaded later that year.

Therefore, it is the people who are really in control. It is intended for government to be the servants and the people to be the masters. It is better for the government to fear the people than the people fear their government.

"..whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government,.."

--Declaration of Independence, July 4, 1776

People become surety for the debt by a number of different ways. One way is by a **Birth Certificate** when the baby's footprint is placed thereon before it touches the land.

The certificate is recorded at a County Recorder, then sent to a Secretary of State which sends it to the Bureau of Census of the Commerce Department. This process converts a man's life, labor, and property to **an asset** of the US government when this person receives a benefit from the government such as a drivers license, food stamps, free mail delivery, etc. This person becomes a **fictional persona in commerce**. The Birth Certificate is an unrevealed "**Trust Instrument**" originally designed for the children of the newly freed black slaves after the 14th Amendment. The US has the ability to tax and regulate commerce.

The central banks now have a negotiable instrument against which credit is advanced by the international funding community, namely The World Bank, International Monetary Fund, Bank for International Settlements, Bank of England, Federal Bank of America etc

Bond Servant

To cover the debt in 1933 and future debt, the corporate government determined and established the value of the future labor of each individual in its jurisdiction to be \$630,000. A bond of \$630,000 is set on each Certificate of Live Birth. The certificates are bundled together into sets and then placed as securities on the open market. These certificates are then purchased by the Federal Reserve and/or foreign bankers. The purchaser is the "holder" of "Title." This process made each and every person in this jurisdiction a bond servant.

Inalienable rights

Rights from the corporate government that can be liened against or taken away at any time. Very much like a 'privilege'.

Unalienable vs Inalienable

Electors

The "**Electoral college of electors**" are the ones that actually determine who will be President - not any popular vote, poll, media, or statistic.

An **Electors** is Not subject to exclusive legislative power of Congress.

Almost anyone can become an elector.
Did not used to have to be a registered voter or a party member.

Currently, there are **538 elector positions**.
It now takes 270 Electoral Votes to win the Presidential Election.

The total number of electors a state can have is equal to that state's total representation in Congress. Less populated states such as Wyoming, North Dakota, and Vermont have at least one Representative and two Senators. Therefore, they have only three electoral votes. California, for instance, with 52 Representatives and two Senators, have 54 electors.

Members of Congress or anyone holding any Federal office cannot be an elector based on what the Constitution refers to as: **'trust or profit.'**

The Founding Fathers did not intend to have **institutionalized party systems** such as Democrats, Libertarians, and or Republicans.

An Elector's choice (election) or decision counts like one on the Board of Directors

VOTER

"**Registering to vote**" is an admission that the declarant is subject to the exclusive legislative power of the corporate Congress and is a 14th Amendment citizen residing in federal territory.

"Stop and think for a moment as to voting. When you vote for an office to be filled in the UNITED STATES OF AMERICA or one of its SUB-CORPORATIONS (THE STATE OF TEXAS), you have voted to fill a fictional corporate position designed to represent the CORPORATION, not a political position to represent the people. All elections in the "United States" are nothing more than proxy fights in a board room!"

--Ed: Brannum (Secretary of Privatization; Provisional Government; Republic of Texas)

There are more people receiving government benefits today than ever. Most of these people are Democrats and vote for people who are Democrats. Reason being; the Democratic party provides and creates more benefit programs and services to obtain votes and popularity. Also, there are more people coming from Mexico, legally or illegally, amnesty or not, who know that the benefits are mostly created by Democrats and will always vote for the Democrats and convince others to do so. As these numbers increase, it will be very difficult for any non-democrat to win an election.

"The elite and the major media have the people pitting the democrats against the republicans or vise versa.

The democrats get in, the people find negative consequences and then vote republican.

The republicans get in, the people find negative consequences and then vote democrat next election. In the meantime, the one-world government elite's agenda is being fulfilled.

People have to wake up and realize that this is a corporation doing business disguised as the former government and is not the government originally instituted in the 1700's.

Stop playing their game."

--Jack;Slevkoff 2009

A voter's **vote** is a recommendation only.
Votes are counted at a poll or polling station.
"Poll" is defined as an inquiry into public opinion.

Now the so-called courts administer "**Public Policy**" through the "**Uniform Commercial Code**" (instituted in 1967)

Public Policy and UCC

Constitution

Supreme Law of the land restricting a central government, appointed and elected officials, and their staff.

The "organic" Constitution and its amendments are created by the states united to institute, restrict, and restrain a limited central government and to protect the people from such central government from infringing on the peoples God-given rights.

Protected Rights List of Cases

No *stare decisis*

Means no precedent binds any court, because they have no law standard of absolute right and wrong by which to measure a ruling—what is legal today may not be legal tomorrow.

So-called "court decisions" are administrative opinions only and are basically decided on the basis of "What is best for the corporate government."

Most so-called laws today don't protect you against them, but protects them against you.

Grand Jury composed of 25 people who are Sovereigns

--Magna Carta, Article 61

so-called **Grand Jury** composed of 24 US citizens

Judicial Courts

with real Judicial Officers and real Juries who can judge the law as well as the facts
Jury decisions cannot be reversed by the judge

The so-called courts are actually **Corporate Arbitration Boards** Consisting of an Arbitrator (so-called "Judge") and sometimes a panel of corporate employees (so-called "Juries")

Panel decisions (recommendation) can be reversed by the Arbitrator

Judges

(No black robes)

The judicial officer is actually a coordinator who sits in on behalf of the people, for the good of the people, who swears by full oath of office to abide by and uphold the Constitution, and is there to give presenters and counselors equal opportunity to present their case, with fairness and un bias to all, whether it is pertaining to a controversy or one suspected of a crime or injustice, to produce and provide an impartial and fair trial or suite in Law by bringing forth the facts and the law to be **judged by the people** who are peers.

The so-called judge, a corporate "**black-robe**" referee, **an actor** (acting judge), on a fictitious stage, sitting under a gold or yellow fringe flag, becomes the "captain" or "**master**" of that ship or enclave and has **absolute power** to make the rules at his whim as he goes; all the while talking to or about the fictitious **PERSON**.

The so-called judge will sometimes not allow all of the facts to be heard or the so-called law examined because of his bias or is following orders of the corporate so-called government who may even want to have the **case sealed** from the public.

The people are the ultimate "judges" of both the law and the facts.

If one does not conform to the judge's wishes, the judge, without proper cause, will send the non-conformist to a **psychiatric ward** for evaluation (intimidation) and sometimes left there to be **drugged** and not released until one is willing to conform to the judge's bias.

This has happened many times in the latter years and has been personally witnessed by Myself concerning friends.

"...the judiciary has usurped the law for its own purposes and replaced constitutional guarantees with a system in which judges rule by decree."-- www.tulanelink.com

Common Law Court is a "**Court of Record**" that proceeds according to Common Law, keeps a record of the proceedings, has power to fine or imprison, and the tribunal is independent of the magistrate. (May also have a seal)

These **so-called courts** are not "in law" but are simply acting on behalf of a corporate business enforcing it's contracts under the disguise of Equity Courts, Superior courts, Federal courts, District courts, Municipal Courts--Merchant Law, Military Law, Marshall Law, Summary Court Martial proceedings, and administrative **ad hock** tribunals (similar to Admiralty/Maritime) and appear to be governed by "The Manual of Courts Martial" (under Acts of War) and the "War Powers Act of 1933."

Lawful or Unlawful

Based on God's law, the common law, and any law that any prudent man will abide by under normal circumstances without giving up one's rights or infringing upon another's rights.

Legal or Illegal

All legal actions are pursued under the "**color of law**"

Color of law means "**appears to be**" law, but **is not**

"Because of what appears to be lawful commands on the surface, many Citizens, because of their respect for what **appears to be law**, are cunningly coerced into waiving their rights due to ignorance."

--United States Supreme Court
US. v. Minker ,
350 US 179 at 187 (1956)

Trial by Jury of one's peers, whether Civil or Criminal.

The people have the ultimate say in any matter.

Provides "**hearings**" whenever possible for total control unless one insists on having a **jury trial**.

"**Jury Trial**" (recommendation) is not the same as "**Trial by jury of one's peers**."

Waste of time

So-called judges have been known to overturn jury trial recommendations.

A government official who conducts criminal prosecutions **on behalf of the corporate STATE.**

Crime

A crime is an offence against a public law. This word, in its most general signification, comprehends all offences but, in its limited sense, it is confined to **felony**.

1 Chitty, Gen. Pr. 14.

2. The term **misdemeanor** includes every offence inferior to felony, but punishable by indictment or by-particular prescribed proceedings.

3. The term **offence**, also, may be considered as, having the same meaning, but is usually, by itself, understood to be a crime not indictable but punishable, summarily, or by the forfeiture of, a penalty.

Burn's Just. Misdemeanor.

4. Crimes are defined and punished by statutes and by the common law. Most **common law** offences are as well known, and as precisely ascertained, as those which are defined by statutes; yet, from the difficulty of exactly defining and describing every act which ought to be punished, the vital and preserving principle has been adopted, that all immoral acts which tend to the prejudice of the community are punishable by courts of justice.

2 Swift's Dig.

All from Bouvier's Law Dictionary

All crimes are considered

Commercial crimes.

"Any of the following types of crimes (Federal or State): Offenses against the revenue laws; **burglary**; counterfeiting; forgery; **kidnapping**; larceny; **robbery**; illegal sale or possession of deadly weapons; **prostitution** (including soliciting, procuring, pandering, white slaving, keeping house of ill fame, and like offenses); **extortion**; swindling and confidence games; and attempting to commit, conspiring to commit, or compounding any of the foregoing crimes. **Addiction** to narcotic drugs and use of marihuana will be **treated as if such were commercial crime**."

More law, more government will not save us - they are the problem." --from an article written in 2006 by Attorney Gary Zerman, titled: "South Dakota Government Acted In Concert Against The People"

Thomas Jefferson worried about that the Courts would overstep their authority and instead of interpreting the law would begin making law, an oligarchy, the rule of few over many.

Prisons for incarceration

To Protect Society

The responsibility, accountability, and liability for incarceration belongs to the state.

Inmates are not merchandise to be sold for profit.

PRISONS FOR PROFIT

A Commercial Business

More and more prisons today are privately owned and run as a profit making commercial enterprise creating products and services for sale. It is believed that many judges hold stock or an interest in these privatized prisons. These commercially run prisons do not have the best interest of the Inmates or Staff in mind but the bottom line--PROFIT. They need a continuous supply of low-cost labor (slaves) to produce products in order to increase profits. Even when the crime rate is down, these privateers lobby the appropriate governmental and judicial authorities to increase the incarceration rate in order to add to their already substantial profit taking. There are no checks and balances for monitoring this type of system.

To name a few privateers:

- Corrections Corporation of America (CCA)--founded in 1983, based in Nashville, Tennessee, now operates more than 77 facilities across the USA
- Wackenhut Services, Inc. of Florida
- Wackenhut Corrections Corp.(WCC)-misappropriated over \$700,000 of funds in Texas, which were allocated by that state for drug rehabilitation programs. Directors consists of former members of the FBI and CIA.
- Becon-Wackenhut Inc. of Florida
- U.S. Corrections Corporation, a private company headquartered in Louisville, Kentucky--since 1986
- Rehabilitative Industries & Diversified Enterprises Inc. (PRIDE), a firm based in Clearwater, Florida, now manages all 53 Florida prison work programs as a for profit operation. PRIDE has made a \$4 million profit in one year. Many states considering privatization of prison industries are studying the PRIDE operation. PRIDE products range from optical and dental items to modular office systems.
- Pricor Corporation
- American Correctional Systems, Inc.
- Corrections Development

The initial purpose of prisons is to protect the people from criminals.

Prisons were also created to punish the guilty for offensive crimes against victims of such crimes.

The amount of punishment was to fit the crime.

There are too many people, in recent times, sent to prisons for the wrong reasons and or were not actually guilty.

As a result of excessive so-called laws, overly zealous, ambitious, and or corrupt prosecutors and judges, ordinary people, innocent people, non-criminals are found guilty of so-called crimes and are sent to prison.

Many people, today, are sent to prison, for one reason or another, to silence them for speaking and sharing information found on this web page.

Many people are not receiving a fair, impartial, and unbiased trial and or not receiving a trial by their peers, especially if it affects the pocket books of such prosecutors and judges such as a tax issue or revenue issue.

Corporation

- Buckingham Security Ltd.
- Cornell Corrections--currently has contracts to operate 81 facilities in 17 states and the District of Columbia
- Correctional Services Corp.(CSC)
- **UNICOR**--a federal government-owned corporation established by the Franklin D. Roosevelt administration in 1934 otherwise known as "**Federal Prison Industries.**" UNICOR maintains factories in every Federal Prison in the country. Nationwide sales of "PRISON PRODUCED PRODUCTS" in year 2000 was 8.9 billion dollars. Some products produced are; office furniture, high tech military cable and wiring systems, mattress and boxsprings, camouflage military uniforms, sheets, towels, pillow cases, brooms, mops, et cetera. UNICOR has now partnered with Spire, an American solar company, to manufacture photovoltaic modules and systems.

Best Western International, Inc, a major hotel chain, employs over thirty Arizona prison workers to operate the hotel's telephone reservation system. Trans World Airlines, Inc. hires young offenders from the Ventura Center Training School in California to handle "over the phone" flight reservations.

Guarantees

Amendment IV

"The right of the people to be secure in their persons, houses, papers, and effects, **against unreasonable searches and seizures**, shall not be violated, and no warrants shall issue, but upon **probable cause**, supported by **oath or affirmation**, and particularly **describing the place to be searched, and the persons or things to be seized.**"

Amendment V

"...nor be deprived of life, liberty, or property, without **due process of law**; nor shall private property be taken for public use, without **just compensation.**"

"Man can live and satisfy his wants only by ceaseless labor; by the ceaseless application of his of his faculties to natural resources. This process is the origin of property. But it is also true that a man may live and satisfy his wants by seizing and consuming the products of the labor of others. This process is the origin of plunder." "...the proper purpose of law is to use the power of its collective force to stop this fatal tendency to plunder instead of work. All the measures of the law should protect property and punish plunder."

"Thus it is easy to understand how law, instead of checking injustice, becomes the invincible weapon of injustice. It is easy to understand why the law is used by the legislator to destroy in varying degrees among the rest of the people, their personal independence by slavery, their liberty by oppression, and their property by plunder. This is done for the benefit of the person who makes the law, and in proportion to the power he holds."

"QUARANTINES"

Warrantless and unreasonable searches in homes, airports, corporate government facilities, on the roadways (highways), etc.

Government may search and seize Americans' papers and effects without probable cause to assist in so-called terror investigation. --Patriot Act

In Nazi Germany, It started with:

"Where's your papers?"
or *"Your papers, please?!"*

History repeats itself. Now, it is:

"ID, please?"

The I.D. called "**Real ID**" with biometrics is on the horizon and about to be implemented if not already.

Property is constantly, currently, and consistently being taken for alleged taxes without due process and without just compensation.

Land and property is now being taken by EMINENT DOMAIN for purposes not originally intended.

All kinds of fees and penalties are being extorted from the people for so-called laws. The people can no longer win in court against the corporate government system. If one tries, one may be held "in contempt of court" and fined

The Senate examined exactly what powers they had granted the President by amending the Trading With the Enemy Act on March 9, 1933, they concluded that: "Under these powers the president may: seize property; organize and control the means of production; seize commodities; assign military forces abroad; institute **martial law** [actually: **Martial Rule**]; seize and control all transportation and communication; regulate the operation of private industry; restrict travel, and in a plethora of particular ways, control the lives of all American citizens."

--Senate Report 93-549.

Amendment VI

"In all criminal prosecutions, the accused shall enjoy the right to a **speedy and public trial**, by an **impartial jury**..., and to be informed of the **nature and cause** of the accusation; to be **confronted with the witnesses** against him; to have compulsory process for obtaining witnesses in his favor, and to have the **assistance of counsel** for his defense."
(does not say "attorney")

Government may jail Americans indefinitely without a trial. --Patriot Act

So-called Government may monitor federal prison jailhouse conversations between attorneys and clients, and deny counsel to Americans accused of crimes.

Fascism police-state tactics and methods, similar to Nazi Germany

"The privileges and immunities clause of the Fourteenth Amendment protects very few rights because it neither incorporates any of the Bill of Rights nor protects all rights of individual citizens. See Slaughter-House Cases, 83 U.S. (16 Wall.) 36, 21 L.Ed. 394 (1873). Instead, this provision protects only those rights peculiar to being a citizen of the federal government; it does not protect those rights which relate to state citizenship."

--Jones v. Temmer, 829 Fed. Supp. 1226 (1993)

States

"state" when used by itself refers to the "Republics" of The united states of America

All of the states are **"Republics"**

e.g. "California republic"
"California state"
or just "California"
abbreviated "Calif."

Each state is a **nation** unto itself

The book "Golden Fleece in Nevada" written by Judge Clel Georgetta states "In 1780, the Continental Congress adopted a resolution requesting the thirteen original states to surrender to the central government (the Confederation) all the lands they claimed in the territory west of their original boundaries [west of the Appalachian Mountains] to the Mississippi, so such lands could be sold to private interests for money to pay off the debt incurred by the Revolutionary War, and then the area would be divided into new states to be admitted into the Confederation on the same basis as the original states."

Judge Georgetta continues "The thirteen independent sovereign states were first joined together in a Federal Union known as 'The Confederation' and in 1781 ratified 'The Articles of Confederation and Perpetual Union.'

Those Articles contain the following words: Article II.

Each state retains its sovereignty, freedom and independence, and every power, jurisdiction and right, which is not by this confederation expressly delegated to the United States in Congress assembled. Article IX.

...provides also that no state shall be deprived of territory for the benefit of the United States. There can be no doubt that the purpose of guaranteeing each state its complete sovereignty was to waylay all fear of joining the organization. It was those words of guaranty in the Articles that the various states joined the 'Confederation' in order to form a Central Government to perform certain functions for all the states as a group. It was to be a central government with very limited power."

written by Dick Carver, Nye County Commissioner, member of the Nevada State Land Use Planning Advisory Council

"I am not a "Resident," not a "Non-resident," not in "in this state," not in "within this state" and certainly not a UNITED STATES citizen. If I am to be categorized or described, one can consider Me a living soul in a flesh and blood man on the land, being one of the people of "*We the people*" or the posterity thereof, a California national, a member of the Sovereign. California, being a nation unto itself, having a republican form of government having limited powers limited by the 1849 Constitution, drafted and adopted by "We the People."

--Jack; Slevkoff

STATES

In U.S. Titles and Codes "State" refers to U.S. possessions such as Puerto Rico, Guam, etc.

Politicians and the legislature of each state formed a new so-called government (de facto) and incorporated it into the corporate US commercial corporation a.k.a. UNITED STATES, Inc. and are therefore under its jurisdiction. This so-called government is actually a limited-liability corporation (Limited Liability Act of 1851), chartered in a private, military, international, commercial, admiralty/maritime jurisdiction, entitled "STATE OF..." as evidenced by, inter alia, the change in the seal and the flag and the creation of a new constitution. Each "STATE OF..." collects whole life insurance premiums, known as "taxes," for the International Monetary Fund, based, inter alia, upon the Limited Liability Act of 1851 and the bankruptcy of United States of 1933.

"In this state" or "within this state" includes all federal areas lying within the exterior boundaries of the state. --Revised Code of

Washington (RCW) 82.04.200 found at:
<http://apps.leg.wa.gov/RCW/default.aspx?cite=82.04.200>

The citizens of the corporate States, federal areas, are "subjects" and are called

"Residents"

Derived from "res" meaning "the thing" and "ident" meaning "identify." Therefore, a "resident" is

"a thing identified."

And, "President" is "P-resident," meaning **"Principal resident."** enjoined in the federal area.

"Nonresident" means any person whose residence is **outside "this state"** and who is temporarily **sojourning "WITHIN THIS STATE"**. [1961 c 12 §46.04.360. Prior: 1959 c 49 § 37; prior: (i) 1943 c 153 § 1, part; 1937 c 188 § 1, part; Rem.

Supp. 1943 § 6312-1, part. (ii) 1937 c 189 § 1, part; RRS § 6360-1, part.] (emphasis added).

"We the people" created the states (the republics) and are Sovereign over the states.

Certain powers are granted to the state, not by the state.

A document made by the people to create a state purposely limits the powers granted to the state; said document does not measure the rights of those governed, but is to assure that those rights are not trampled upon.

Sovereigns of California are sometimes referred to as "California nationals." In Texas, "Texas nationals," etc.

Likewise, "We the People" made the document that created the government of the United States of America (USA) and are therefore sovereign over the USA government.

Also, people from each individual state of the states united participated in the creation of the document that created the government of the united states of America with limited power. The people from each state accepted and gave their approval with the conditions that each individual state gave up only certain portions of their power on an equal basis but retained all other rights and powers in the states and in the people. Thereby, the states and the people in each state retained their Sovereignty over the government of the united states of America.

The creator is over the created, not vice versa

**All state governments today
are corporations,
not sovereign states.**

The corporate states were created by incorporation into the corporate federal United States as corporate entities appearing to be similar to and overlaying the republics so as not to rouse suspicion. Likewise, the corporate states created political subdivisions of the corporate state such as COUNTY OF FRESNO being similar to Fresno county but is not; COUNTY OF MADERA being similar to Madera county but is not; etc.

The corporate States are controlled by the corporate US government by its purse strings such as grants, funding, matching funds, revenue sharing, disaster relief, etc.

Section **666** of the Federal Social Security Code (42 USC §666) preempts Idaho's Free Exercise of Religion Act (FERA) and similar acts of other states. Section 666 appears to mandate that every State is to force everyone to identify with a Social Security Number (SSN) in order to obtain a professional license, occupational license, recreational license, driver's license, and or marriage license in spite of ones religious beliefs based on Revelation, Chapter 13, of the Bible which warns of a beast that requires every person to identify with a number in order to engage in a livelihood. The Bible clearly states that one is not to accept a number whereby one cannot buy or sell without it.

Indirect tax verses **Direct**

In some states, an indirect tax is implemented

Sales Tax and Sales Permit

Only corporations are required to pay sales

on certain specific items. Other states may not have any indirect tax, while others may have an indirect tax on all items sold by corporations. Although "**direct taxes**" are unconstitutional, "**indirect taxes**" are acceptable. A man or woman still has a choice to pay the tax or not. For example: Do not buy cigarettes if you do not want to pay the indirect tax. a "**direct tax**" is appropriate only by means of apportionment under certain circumstances.

tax. The sales tax is what corporations are required to pay as creatures of the corporate government. But they got ordinary people volunteering to pay up front sales tax on their behalf directly. They also got other companies to collect sales tax up front as well by making a "Sales Permit" mandatory to enter corporate trade shows. A "Sales Permit" is a license and makes one obligated to collect taxes and to turn them over to the corporate government. Out of ignorance, most companies volunteer to obtain a license even though it is voluntary. Most government people enforcing Sales licenses assume every company is required to collect sales tax. That is what the majority believes.

California state republic Flag

"A nation unto itself"

This flag was first flown on **June 14, 1846** in Sonoma, California, by American settlers in California who revolted against Mexican rule in California and proclaimed California an independent republic.

The short-lived revolution ended on **July 9, 1846**. Eventually the war with Mexico ended May 30, 1848 resulting in a treaty signed at **Guadalupe Hidalgo**, Mexico, whereby, Mexico gave up "Alta California" (Upper California). Baja California being the lower California. **Monterey** was the capital of Alta California under Spanish and Mexican rule since 1775.

They raised a bear flag that had a Red star, red bear, and red stripe from "Old Glory" The animal silhouette was a rendition of the California Grizzly. However, the silhouette did not actually look like a bear. A 4-inch strip of red flannel from a petticoat worn by Mrs. Sears was sewn onto the bottom to produce a red stripe. Blackberry juice was used for the words 'California Republic' in Roman letters. The whole flag was about three by five feet.

corporate flag of the **STATE OF CALIFORNIA** being incorporated within the corporate UNITED STATES

This flag design was adopted as the official flag of California in 1911 with minor changes in design from time to time. The last known design change was made by prominent California historian and artist Donald Kelley in 1953

This flag is seen today in the corporate STATE OF CALIFORNIA usually with a gold fringe around it or with gold tassels, or with a ball or spear on top of the pole. The Grizzly bear design on the flag is based on Charles Nahl's rendition on paper and in sculpture.

In California, the US corporate military flag is required to be flown above the corporate California flag indicating which one is superior or submissive to the other.

The corporate STATE OF CALIFORNIA is actually a fiction, overlaying the original California state, a republic.

Some people believe it was a gold star and bear,

Debt

None!

Wouldn't it be nice to be completely out of debt, personally, and have a stash of gold and silver besides?

"The budget should be balanced, the Treasury should be refilled, Public Debt should be reduced, the arrogance of officialdom should be tempered and controlled, and the assistance to foreign lands should be curtailed lest Rome become bankrupt. Benefits

Unalienable rights

(are "not-a-lien-able" condition)
meaning "can not be liened"
in other words,
"cannot be infringed upon"
(rights that can not be taken away
or lost)

Composed of:

God given rights,
Substantial rights,
Fundamental rights,
Natural rights (breathe, locomotion etc.)

Flesh and blood people have unalienable rights
granted to them by their Creator, which can
never be sold, given away, or contracted away.

Unalienable vs Inalienable

Right to Enjoy:

1. **Life**
2. **Liberty**
3. pursuit of **Happiness**
4. **full property ownership.**

**"The Master does not
ask his servants
or slaves for benefits."**

BENEFITS

Inalienable rights

(are "in-a-lien-able" condition)

Government given rights
that are really **Privileges.**
Can be taken away at any time

Persons (legal fictions) have only inalienable
rights, which may be surrendered or
transferred without the consent of the one
possessing such rights.

So-called Benefits are as follows:

1. **Social Security** Applying for and
receiving an "**SS card**" makes one a
member of the "**US DC Communist
Party**" and is eligible for benefits of
the party membership. Since one is
eligible for benefits, 100% of ones
earnings (wages) belongs to the
party and the party determines what
they will keep and how much you will
get back. (You paid all your working
life and there are no guarantees that
there will be money for you to help in
retirement)

The Supreme Court ruled that
Congress has no constitutional
authority whatsoever to legislate for
the social welfare of the worker. The
result was that when Social Security
was instituted, it had to be treated as
strictly voluntary.

2. **Medicare**

their consent.

Corporate government takes your money and gets credit for helping others. Politicians in return create more such programs to get more votes. Eventually there is no more to collect and give. Everyone becomes takers and there are no givers. The government then collapses within. That is why democracy never survives.

Records

Ex-officio clerks

County Clerk is also Clerk of the superior court, (i.e. a court of **common law**) and "**courts of record**"

Records are also kept by Sovereigns such as in a **family Bible**

RECORDS

County Clerk

Recorders Office

Created by statute to keep track of the corporate government's holdings which are applied as collateral to the increasing debt. The written records are a continuation of the "**Doomsday Book**" which keeps track of the Crown of England's holdings. The "Doomsday Book" originated as a written record of the conquered holdings of king William, which was later the basis of his taxes and grants.

Property recorded at the recorders office makes the corporate de facto government "holders in due course"

Your TV is not recorded there, therefore you are "holder in due course" for the TV.

Record the date family members are born, married, and the date they pass on in the **Family Bible**

"**Birth Certificate**" is required. It creates a trust and puts one into commerce as a **fictional persona**

The "**Death Certificate**" closes the trust

Common Law Marriage

1. Agreement of the two parties and consent of the father of the bride is all that is really required to be married, and/or
2. Married by a minister or pastor constitutes a marriage, and/or
3. Living together for more than 7 years constitutes a marriage.

A ceremony was optional. The seven years is only encountered when one of the two requirements for common law marriage was missing, presumably the consent of the father. The seven years is the law of Jubilee which is the forgiveness of the obligation to allow the marriage to be lawful.

Certificate of Matrimony

"Marriage License".

Invokes the Corporate State to be the third party to your union and whatever you conceive is theirs and becomes their offspring (children).
That is why they can take away your children at any time at their discretion. The State leaves them in your custody and care unless or until they find reason not to.

Definitions from
BLACK'S LAW DICTIONARY, 4th Ed:

"license"

"The permission by competent authority to do an act which without such permission, would be illegal."

"marriage license"

"A license or permission granted by public authority to persons who intend to intermarry."

What if you apply
and the State says "no"?

"Intermarry" is "Miscegenation"

Both George Washington and Abraham Lincoln were married without a marriage license. They simply recorded their marriages in their Family Bibles.

"Miscegenation"

"mixture of races; marriage between persons of different races, as between a white and a Negro."

Some marriage licenses will actually state that its purpose is for interracial marriage.

"marriage certificate"

"An instrument which certifies a marriage, and is executed by the person officiating at the marriage; it is not intended to be signed by the parties, but is evidence of the marriage.

It seems that a certificate would be more appropriate than a license.

Pastor Matt Trehella

Secular Contract

"Marriage is a civil contract to which there are three parties-the husband, the wife and the state."

--Van Koten v. Van Koten. 154 N.E. 146.

Property

Full and complete ownership

1. **Allodial Title**--Land Patents--Allodial Freeholder
2. Can not be taxed (Only voluntary)
3. You are **king of your castle**

4. No government intrusion, involvement, or controls

PROPERTY

Privilege to use

1. Fee title--**Feudal** Title
2. **Grant Deed** and **Trust Deed** Note: GRANTOR and GRANTEE in all caps are **fictional persona**
3. Property tax (Must pay)
4. Other taxes (such as water district taxes)
5. Subject to control by government
6. Vehicle Registration (The incorporated State owns vehicles on behalf of US)
7. Property and vehicles are collateral for the government debt

"The ultimate ownership of all property is in the State"

"All the property of this country now belongs to the state and will be used for the good of the state."-- FDR, 1933

Mortgage

Latin word "Mort" means 'death' and "gage" means 'pledge'. Therefore, a mortgage is a **death pledge**. Most people never really own their house, even unto death. End up paying more than twice the initial cost of the house. A mortgage is designed so that someone else will make money on you during your lifetime.

You create the money

for the bank loan

Free Enterprise

The people engage in **free enterprise** by trading one's labor for another's labor.

There is no filing, registering, or obtaining permission or licensing from any government structure.

The people are responsible for themselves and each other.

The people do not rely on insurance to overcome irresponsibility and capriciousness.

CORPORATISM

Composed of, encourages, and creates a corporate structure of corporations and big businesses that use people as human resources to further its goal to grow and expand and become more powerful thereby eliminating competition and becoming more controlling.

The thing created (the corporation) becomes more powerful than the creator (man) who created it. Man is no longer free but is subservient (a slave) to the corporate structure. The corporate structure needs to reduce the wages of its human resources to decrease cost to increase profit to keep growing.

Corporations eat each other and grow bigger and more powerful thereby allowing fewer persons having big egos controlling the lives of the common folk from cradle to grave.

Corporations have no feelings. Corporations primary purpose is to grow and are thereby less responsible and less sympathetic towards the people, thereby rely on and utilize insurance or other resources such as the corporate government to bail themselves out of irresponsible critical situations.

Most often, people start with a free enterprise but choose to be incorporated into the government structural system. To incorporate is to become a part of something bigger. Therefore, corporations are creatures created by the so-called government and are no longer a free enterprise. Corporations become big uncontrollable monsters who eventually control government by putting their people into office to maintain control. These monsters got out of their cages when they made fictions such as corporations equal with people by calling them "persons" having the rights equal to people. Most corporations eat each other up and become huge monsters, thereby creating monopolies that stifle "capitalism" in its true meaning. Corporations do not want competition. They want to eliminate competition using their power and politicians they purchased. They want to capture the system and use it for their benefit.

Common Way

Sovereigns have **a right** to use the common way such as the traveled way (Public right-of-way) for locomotion purposes.

The right to travel is an ancient right; acknowledged by the Magna Carta.

The right to travel was recognized in the Articles of Confederation.

"Liberty of the common way"

No "Driver's License" is required for private, personal, and recreational use of the common way.

A "driver's license" can only be required for those people using the common way for hire for commercial purposes such as Taxi Drivers, Truck Drivers, Bus Drivers, Chauffeurs, etc.

ROADWAYS

Drivers Licenses are required, because driving is a **privilege**.

First state law requiring all drivers to pass an exam before receiving a [commercial use privilege] license took effect in July of 1913, in New Jersey

Beginning in 1920, courts began to hold that driving is not a right, but a privilege that the state may revoke

May lose licensed privilege or have it suspended at the whim of government

Must comply with the Department of Motor Vehicles, the Vehicle Code, which is ever changing, and the Highway Patrol.

Even the ordinary "**Class C**" Driver's license is a "commercial" license.

Private Conveyance
or "**Private Car**"

--a mode of conveyance or a means of locomotion for travel purposes; being private and not for hire.

"**Car**" is short for "carriage" such as "horseless carriage".

Carriage is an English word derived from Old North French word "carier" which means "to carry"

Hackney is a coach or carriage for hire and "hackneying" means "to hire out."

Federal Districts

The corporate de facto government utilizes
the "ZIP-Code" system to prove that one
actually resides in a "federal district of the
District of Columbia". This is why the IRS and
other government agencies (federal, state,
and political subdivisions thereof) assert
jurisdiction by sending letters and notices
with zip codes required. They claim that this
speeds up the mail, but this is a sly and
subtle deception. It is also prima facie
evidence that one is "a subject" of corporate
U.S. Congress, a "citizen of the District of
Columbia", and is a "resident" in one of the
several States although not a state Citizen or
National of that state.

the IRS has adopted ZIP code areas as "Internal
Revenue Districts". See the Federal Register, Volume
51, Number 53, for Wednesday, March 19, 1986

The corporate so-called government attempts to assert
jurisdiction by sending letters with ZIP codes, when
jurisdiction would otherwise be lacking.

This is a corporate government benefit. Receiving a benefit admits that one has a contract with the corporate government. There is usually an exchange, consideration, or payment made for a "benefit." So, what price is paid for this benefit? If the price is "loss of freedom and liberty". Is the price too high?

Pledge of Allegiance and Flag Salute

Pledge of Allegiance (a loyalty oath) to one
nation. Not to one particular state of the
several states or to God.

"one nation, indivisible"

"one nation under God"

Which God? whose God?

Individualism and the love of liberty of the
American founding fathers would always
stand in the way of achieving the socialist
utopia

"National Public School Celebration"
in 1892 was the first national propaganda
campaign

Originally, "students were taught to recite the Pledge with their arms outstretched, palms up, similar to how Roman citizens were required to hail Caesar, and not too different from the way in which Nazi soldiers saluted their Führer. This was the custom in United States public schools from the turn of the twentieth century until around 1950, when it was apparently decided by public school officials that the Nazi-like salute was in bad taste."

In 1867, President Andrew Johnson signed legislation creating the first **Department of Education**. Its main purpose was to collect information and statistics about the nation's schools. However, many people feared the Department would exercise too much control over local schools and called for its abolition. Thus, the new Department was demoted to an **Office of Education** in 1868. In 1979, Congress passed Public Law 96-88 creating the **Department of Education**.

In the 1860's, a budget of \$15,000 and four employees handled education fact-finding. By 1965, the Office of Education employed more than 2,113 persons with a budget of \$1.5 billion. As of early 2002, the U.S. Department of Education has about 4,800 employees and a budget of **\$54.5 billion**.

Private Schools

Colleges and universities were originally privately owned and run by religious groups

Usually opened and closed with prayer to God

Colleges and universities changed over to government control through grants and other privileges such as accreditation.

Guns

Sovereigns have **a right** to own and use guns--"Right to bear arms" against "enemies foreign and **domestic**".

The founding fathers knew the importance of protecting themselves from governments who get out of hand.

GUNS

This government **wants to disarm** the Citizens so as to have complete control and power. Every tyrannical government in the past has taken away the guns to prevent any serious opposition or rebellion. History continues to repeat itself because the new generations who come along don't know or tend to forget about the past and will say it will not happen here.

The corporate government system requires:
Registration of guns.

Means to bring them into the corporate
registrar.

Then becomes the property of the corporate
government, and that is why they can take
them at any time.

**The constitutions make no mention of
registering guns.**

If any of you saw the motion picture called
"**Red Dawn**" would realize that the enemy
finds these lists and then goes door to door
collecting all of the guns.

Militia

Amendment II

A well regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed.

--Constitution for the united states of America

"The Second Amendment (Amendment II) to the United States Constitution is the part of the United States Bill of Rights that declares a well-regulated militia as "being necessary to the security of a free State" and prohibits infringement of "the right of the people to keep and bear arms.""

"In *United States v. Cruikshank*, 92 U.S. 542 (1875), the Supreme Court held that the Second Amendment is only a limit on the power of the federal government, but some people contend that it also limits the power of each State.[4] In the landmark decision in *District of Columbia v. Heller* (2008), the Supreme Court ruled a Washington, D.C. ordinance, that was an outright firearm ban, to be unconstitutional. In doing so, the Court identified a personal right of self defense protected by the Second Amendment.

MILITARY

Armed Forces

"I believe:that being in the Militia, based on the Declaration of Independence, declares and maintains one's Sovereignty, but joining the US military, no matter which department (Navy, Army, Marines, etc), one loses all rights and privileges and becomes the property of the US so-called government to do with what they may; therefore a subject (slave). Everyone in the military have volunteered even if and when summoned under the draft system. When they ask for everyone to take a step forward or backward, or give an oath, it is a voluntary action. At that moment, is when one is actually inducted. The one that does nothing or the opposite maintains all rights and privileges. Yes, they will try to persuade you or make you look bad in front of everyone else, and may even yell at you. But, if you maintain your stance, in spite of it all, you will most likely be released; cognizant of your belief and understanding."

Faith and Worship

Churches exist alone.
No permission of government required.

1st Amendment

Protects against government making a law that would respect an establishment of religion or prohibit the free exercise of ones belief.

The French and other romance languages get their word for church from the Greek word "ekklesia," meaning "called out" referring to all those, living or dead, who have accepted what Jesus, The Christ, has offered.

"I do not go to a specific church
but am just one member of The Church."
--Jack; Slevkoff 1986

RELIGION

This government wants to control religious institutions by having them come under their jurisdiction as

corporations

under

Section 501(c)(3).

under Title 26 of the

Internal Revenue Code (U.S. Code)

This is to prevent the clergy, Pastors, Ministers, etc. from having any political influence on its members or the public in general. This government regulates what is to be said and not to be said.

These churches also display the **gold fringe flag.**

Their faith is in the government and not in God. They exist by permission of this government not by God alone.

They **signed away their Birthright** for a so-called benefit:

"Tax-exempt corporation."
