

■ Services

Down East Respiratory Services offers quality respiratory care for pediatric patients. In addition, Down East Respiratory supplies medical equipment as needed. Respiratory services are offered in the following service locations.

- Public and Private Schools
- Preschool and Headstart Centers
- Home Health Agencies
- In The Homes
- Hospitals
- Private Outpatient Centers

■ Staff Credentials

All our Respiratory Therapists hold an Associated Degree, complete a clinical internship and hold the minimum credentials of a Certified Respiratory Therapy Technician (CRTT) issued by the National Board for Respiratory Care. At Down East Respiratory Services, we're a team of uniquely qualified individuals that are specially trained in Pediatrics, are all carefully screened for our respective therapeutic talents. Experienced Certified Respiratory Therapists are available for:

- Bronchodilator and Aerosol Therapy
- Oxygen Therapy
- Sterile and Non-Sterile Suctioning Techniques
- Tracheostomy Care
- Chest Physiotherapy and Postural Drainage and Breathing Techniques
- Ventilator Care and Management
- Pulseoximetry
