Show Flyers and the like in the rest of this Issue.

AND A BIG WORD OF THANKS TO JEFF MATTHEISS AND EMANUEL ROLAND!

Take a moment to thank these guys for always contributing to this newsletter. Emanuel keeps up with the meeting photos and Jeff takes care of the list of who brought what. If not for these two it would be much harder to do a monthly newsletter!!!

About the theme “Was it Over When The Germans Bombed Pearl Harbor?”

Just in case you don't know the classic Animal House movie reference you should review the attached movie clip first!

https://www.youtube.com/watch?v=SVY7w9DqZ_A

Our Theme for the 2019 IPMS National Convention is the intersection of several things.

First - We could tell you that “As serious **accuracy obsessed modelers** we are appalled at the lack of historical education in today's youth.....” And if time permitted I could tell you stories such as the one about the clerk at Staples who was printing a batch of our flyers and scratched his head and said “I thought it was the Japanese....”

Note - Our guys are just as fanatical about accuracy as any other modelers and we have the utmost respect for our Pearl Harbor veterans.

Second – There are a lot of modelers who no longer have fun with their hobby. They suffer from Advance Modelers Syndrome. The theme is a way of putting a level of fun back into the convention.

Third – Like the Delta's our club is just a bit unconventional. We're trying to spark interest by tipping our hat at being slightly unconventional and doing things just a bit different from the normal IPMS National Convention. Some of those things are the economical dessert reception instead of a full blown banquet on the closing night. By doing that we're working to be more inclusive of all who come to the convention. We're also encouraging display only models and specially asking for previous award winners to bring their models back for viewing by all. So far the unconventional aspect of the show seems to be paying off! The numbers are looking like we'll have a very special convention! We have a record number of vendor tables reserved!

There are hundreds of categories for the contest portion of the convention as per the norm. The bulk of the contest portion of the convention will be identical to the typical IPMS Nationals. We also have a few theme and special awards (D-Day, Wrecker's Ball, Make-A-Wish, etc.) that are intended to cater to the historical accuracy and craftsmanship aspects of the contest in selected special theme veins. But yes we also have one theme award of “Was it Over When the Germans Bombed Pearl Harbor” award. Open to interpretation? You bet it is!!! That's the point of that one! Hypothetical – Humorous – Something that is just “Wrong” - all we ask is that the person entering for that theme award explain the connection.

Be sure to visit the 2019 Nationals Website for more details <http://www.ipmsusanationals.com/>

I want to encourage all to bring several of your outstanding models either to enter the various categories or put in the “Display Only” portion of the model room!

The following message was sent out to all Chapter Contacts:

Greetings Chapter Contacts and Friends To All from Chattanooga!

Thanks,

Horton Herrin

Hassell Herrin, age 80, passed away at Dalton Place on March 29, 2019.

He was the son of the late Horton Burnett and Margaret Sprayberry Herrin of Dalton. He is survived by a sister, Margaret Herrin, and as he called her "his honorary sister", Ann Clarke.

He was a graduate of Dalton High School, and the University of Tennessee where he was a member of the Kappa Alpha fraternity. Until recently, he never missed a home UT football game and loved all things VOLS.

He served in the U.S. Air Force, leaving service as Captain. He was stationed in several locations in the United States and with American Forces Korean Network (AFKN) in Seoul, Korea.

He lived in Nashville for quite a few years, then returned to Dalton and worked with and retired from the Department of Family and Children Services.

He was a long-time member of Dalton First United Methodist Church and loved his work with the Men's group and serving as an usher.

A recent pleasure for him was as a volunteer with DOC-UP and serving on the board there.

A special thank you to the wonderful caregivers at Dalton Place.

Funeral Services will be held at Love Funeral Home on Monday, April 1, at 2:00 pm with Dr. Robin Lindsey and Dr. Dean Osuch officiating. Visitation will be from 1pm. to 2pm. Burial will be in Dunagan Cemetery.

Last month I struck a conversation up with one of the Docents at the USAF Museum about The Memphis Belle and how they researched the colors and marking for repainting the Belle. He mentioned “the out takes from the famous William Wyler Documentary and how they really helped in the restoration. You can imagine my mind racing wishing to see those out takes. Low and behold last week I found this when looking at the Fathom Events. [Note—my limited research indicates this movie may be available on HBO at a later date

The Cold Blue May 23—A Fathom Event

Premiere Event

THE COLD BLUE is a tribute to the men who won the ultimate victory - 75 years ago. Extraordinary, never before seen color footage shot by one of the world's greatest directors, William Wyler, puts you 30,000 feet over Nazi Germany, battling killer flak, enemy fighters and 60 below degree temperatures. All the odds were stacked against returning home alive - and men literally died to bring this harrowing footage into theaters today. Now, you can fly alongside the last surviving heroes who flew, who fought, who won - the men who just might have saved the world.

Multiple Academy Award® winning director William Wyler went to Europe in 1943 to document the Air War in progress. Wyler flew actual combat missions with B-17's - and one of his three cinematographers was killed during filming. Incredibly, all of the raw color footage Wyler shot for THE MEMPHIS BELLE was recently discovered deep in the vaults of the National Archives, and a new film has been constructed out of the material.

This event will include an exclusive behind the scenes look at the making of THE COLD BLUE.
