S111 – Black and Decker Convection Oven **\$50**

A convection oven uses forced air to circulate the heat evenly around the cooking area in order to avoid “hot spots” and helps you avoid having food that is burned on the edges and raw in the middle while improving texture and flavor. The forced air of a convection oven cuts down on overall cooking time, and also allows roasted foods to retain more moisture.

S331 – Hand-woven Rwandan Black Star Baskets **\$60**

Lend global chic to your home with these baskets, crafted by a master artisan in Rwanda out of natural grasses. These Black Star baskets, measuring 11.5 and 9 inches, support the economy of Rwanda, a tiny and extremely poor country in East Africa that experienced a devastating civil war in 1994. Handicrafts such as these baskets form a major source of income for Rwandan women, and are a testament to the strength of the Rwandan people and their commitment to weaving a lasting peace. Handmade in and fairly traded from Rwanda.

V106 – Brown Derby Dinner for 12

priceless

The lucky winning bidder on this gift will have the opportunity to invite 11 guests of their choosing for a special evening meal at the St. Bonaventure Friary. The date and meal can be negotiated. Your host for the evening will be Chef Br. Ed Coughlin, O.F.M. Before Doyle Hall (the old Friary) was built, the friars lived on one of the residence floors or on the first floor of Devereux. They took their meals in what was then referred to as the BROWN DERBY, what we now call the University Club above the Hickey Dining Hall. We suspect that the upstairs and downstairs menus varied!

Br. F. Edward Coughlin, O.F.M.

V107 – 47-inch High Definition TV

\$920

Warning — everyone in your family might be fighting over the remote. If you want high definition for your HD content, games and Blu-ray Disc entertainment, there's nothing better than 1080p Full HD. And if you want sports and fast action to be as crisp as they are exciting, TruMotion 120Hz virtually loses the blur and keeps the sizzle. The LK520 1080p LCD TV brings you both along with the other great features that make LG TVs something better. (Note: You must have a source of HD programming in order to take full advantage of the LG 47" HDTV.) This TV is also an ENERGY STAR-qualified product.
