

CRITERIA FOR BOARDING HORSES AT ROUNTON FARM

Safety for horses and riders is a priority at Rounton Farm. For that reason all horses are on a trial period for the first month of boarding. Each horse should demonstrate the qualities listed below within this first month. Rounton Farm reserves the right to deny boarding to any horse not able to comply with the following requirements. Boarding fees will be adjusted to a daily rate if necessary.

All Horses:

- must be sound in both mind and body
- must be able to remain sound in both mind and body when turnout becomes limited due to weather conditions
- must NOT exhibit unsafe behavior on the ground or while being ridden that will jeopardize the safety of the handler or rider
- must show potential to achieve success in fulfilling the rider's stated goals
- must be able to tolerate dogs off leash in the barn area

I agree with this policy and will remove my horse from Rounton Farm if deemed necessary by the staff. I will pay a daily rate during the first month if necessary.
