A Message from the Parent Coordinator

Welcome Back!

I hope you had a safe and wonderful summer. My name is Angelina Marra and I am the Parent Coordinator here at PS/MS 164. As we gear up for another exciting school year, I'm excited to assure you that my purpose here at PS/MS 164 is to serve as a resource to our families. Coming into the 2017-2018 school year; I encourage all parents to communicate any creative ideas and concerns that many of you may have regarding your child's education. My role in partnership with the principal is to facilitate support networks and workshops of interest for you.

Parent Involvement

Our students' progress continues to be successful when parents are involved. Each child that walks through the halls of PS/MS 164 is supported by a team of educators, dedicated to inspire young minds. We strive to provide every student with the tools needed to have a positive and enriching future. For a successful school year, an active parent is the key to strengthening the schools progress, our families and your child's education.

Parent Workshops

Parenting is one of the toughest jobs. To help support and assist parents in balancing family life, there will be workshops given throughout the year. Many of these workshops will provide helpful information to better support your child academically and socially. A calendar will be available with a list of the workshops being given in the following months.

If there's a workshop that might interest you or you have concerns that you need assistance in regards to your child's progress, please feel free to contact me. **I'm available from Monday-Friday from 8:00 a.m. – 4:00 p.m. at 718-544-1083 Ext. 2370 or by email at Amarra4@schools.nyc.gov**
