Keith Enders
LGBT Tristar
P.O. Box 411
San Francisco, CA 94104

Dear Mr. Keith Enders,

On behalf of San Benito County Behavioral Health, I would like to thank you, Jeanna Eichenbaum, LCSW, and all staff at LGBT Tristar who make the LGBTQ trainings possible. Our staff greatly benefited from the thorough overview training of the LGBT population. Jeanna provided a comprehensive historical perspective, definitions of terms, and a global understanding of the topic. It was a pleasure for me to work with LGBT Tristar to coordinate the training. LGBT Tristar staff are very professional and courteous.

Many staff are very passionate about serving the LGBTQ population and providing a supportive and safe environment. I have attached a copy of the thank you note that our staff wrote. I have mailed the original directly to Jeanna.

We look forward to coordinating a follow-up training on LGBTQ assessment and treatment guidance for our direct line staff. We appreciate your assistance as we continue to increase the cultural competency of our staff.

Regards,
