We wish you a pleasant summer.

"Extreme love of God is Bhakti, and this love is the real immortality, getting which a man becomes perfectly satisfied, sorrows for no loss and is never jealous; knowing which man becomes mad..."

... When the sun of Love begins to break on the horizon, we want to give up all our actions unto God and when we forget Him for a moment, it grieves us greatly. Let nothing stand between God and your love for him. Love Him, love Him, love Him and let the world say what it will..."

...Extreme love and highest knowledge are one..."
