

2026-2027

Studio Schedule of Important Dates, Deadlines and Events

Yellow indicates Monthly Tuition is due

Blue indicates important dates for our studio (all courses of study)

Red indicates the deadline for entry fees and applications for the chosen events.

Purple indicates other performance opportunities for students who are on the Conservatory or Competitive Track - Please see the website of explanation of events

Dark Green Indicates Non-Lesson Weeks or Group Performance Classes

Other classes such as Master Classes and Student Day Theory Classes, will be held at times not listed on the schedule. A letter or e-mail will go home regarding these classes. There is no extra fee for these additional classes.

***You will notice that there are 37 classes listed on the website calendar for the term instead of 33 that are included in your tuition. This is because of travel opportunities that may arise, such as adjudications, family emergencies, workshops, and such.

I will let you know about the dates of the 4 additional Non-Lesson weeks by email/text as they come up. If these 4 additional Non-Lesson weeks are not taken during the school year, I will shorten the end of the school year by the amount of Non-Lesson Weeks that are left.
