

# District Choir Learning Plan

---

This schedule will help you learn your music in time to have a polished audition at District on September 16. For the best musical development, keep the following in mind:

- More time is not always better- work smarter, not longer!
- Practice in small amounts MORE often (10-20 mins. a day instead of one hour once a week)
- Set specific goals and work to achieve EVERY OUNCE of artistry and detail you can as you are learning pitch and rhythm
- Work in small sections – refine one section before you move on
- Don't worry about the language – learn the notes and MUSIC first, then add the language
- Let your teachers help you!!! We rehearse during advisory every day but Wednesdays and after school on Mondays and Thursdays – let us teach you the tricks! Plus it is more fun to practice together. Also – if you are ready for individual critique
