urbanStages Theatre Productions

Urban Stages has 35 years of excellence in theater, and premiering plays that go on to larger venues. Recently, our 2019 world premiere of Death of a Driver by Will Snider receive critical acclaim and will be produced in Salt Lake City.

urbanStages Outreach Programs

Outreach has toured admission-free plays and workshops to all five boroughs of New York City for over 20 years. In nearly 200 events annually, we reach neighborhoods with severe budget cuts to arts and education. We bring a wide variety of programming ranging from Adult Literacy programs to preschool and family programs. Extended programming through Artist Residencies allow us to meet the artistic needs of specific communities, such as senior citizens in our senior theater groups, for longer periods of time. Finally, our annual Summer Theatre Camp develops creative and problem-solving skills for 10-15 year old aspiring artists as they learn theater craft from our brilliant teaching artists and create an original musical.
