# Afriko SERENGETI MARA CAMP

FACT SHEET

## INTRODUCTION

Uniquely situated in the northern reaches of the Serengeti National Park, and with unrivalled access to the short grass plains adjacent to the Maasai Mara National Reserve, sits the Lamai Wedge. This slice of Africa has just one camp: The Serengeti Mara Camp. Here AfrikaAfrika offers a tailor made, private wildlife experience in one of the last true wilderness areas of Africa. The area is quiet and peaceful, with abundant game, and no people. Our small, discreet, classic mobile camp operates in a socially and environmentally responsible way, placing a minimal human footprint. It is our vision to see African natural environments protected and local communities develop through good stewardship and revenues generated by responsible tourism.

The Northern Serengeti is renowned for its shear size, primeval landscapes and large populations of plains game that seasonally migrate to follow the nutritious pastures. It has become famous for the migration of millions of wildebeest and the viewing of dramatic river crossings, which on occasion occur close to our camp. The sheer density of wildlife makes it also a predator haven with frequent sightings of lion, leopard and cheetah.

Resident game is prolific even when the migration is not present, making the Lamai Wedge a year round destination, like the Maasai Mara. Year-round birding is superb. The stark beauty of the western escarpment and the open short grass plains provides a great backdrop to wildlife viewing.

Sitting amidst this ancient and sacred land between two of conservation's great success stories, Serengeti Mara provides an exclusive mobile camp experience - quiet, beautiful, remote. Sights, smells and sounds remind you that this is a slice of paradise on earth. But the most magical moment at Serengeti Mara Camp might just be witnessing the sunrises from the little outdoor seating area in front of your tent. Here Africa will remind you that this is the land that will always attract those who still dream.

### OVERVIEW

Quick overview	An exclusive mobile camp in the Lamai Wedge area of the far northern Serengeti National Park, Tanzania. Offering a tailor made, private wildlife experience in one of the last true wilderness areas of Africa, we are the only camp on the northern side of the Mara River.
	Accessed by light aircraft to Kogatende airstrip within the National Park, our small, discreet classic luxury mobile camp operates in a socially and environmentally responsible way, placing a minimal human footprint. It is our vision to see African natural environments protected and local communities develop through good stewardship and revenues generated by responsible tourism.
	Serengeti Mara offers six (7) double large walk-in tents, with en suite bathrooms.
	Activities include game drives within Serengeti National Park.

#### LOCATION

General	<ul> <li>The camp is in the Serengeti National Park, Tanzania - Mihingu Area of Lamai Wedge, North West of Kogatende Airstrip.</li> </ul>
	<ul> <li>This area borders the Maasai Mara ecosystem and is similar in nature.</li> <li>North of Mara River and 14km from Kogatende Airstrip.</li> </ul>
Geography	This northern section of the Serengeti National Park is literally unexplored and far away from the busy southern sections of the park.

Getting there	<ul> <li>Most of our guests arrive with a 2-hour (time varies depending on route) scheduled flight from Arusha into Kogatende airstrip with airlines such as Coastal Aviation, Tanganyika Flying Company or Regional Air.</li> <li>Chartered flights are also available for this route.</li> <li>At Kogatende airstrip guests will be greeted and transferred to camp in a game-viewing vehicle. The vehicle will cross the Mara River and progress to camp taking time to view any game spotted along the way. Depending on the animals seen the transfer may take about an hour.</li> </ul>
GPS coordinates	<ul> <li>1 degrees south, 31 minutes, 06.11 seconds</li> <li>34 degrees east, 48 minutes, 43.33 seconds</li> </ul>

	• Staff tipping - tipping is not compulsory however if you believe we have provided a good service we have a communal tipping box at the end of your stay to be distributed amongst all the camp staff. We ask you not to tip the staff individually.

## HEALTH

Advice	• A physician experienced in travel medicine should be consulted prior to travel to any destination in Africa to advise on all health issues including the need for preventative medication and vaccinations. Further health information can be sought on <a href="http://www.who.org">www.who.org</a> or <a href="http://www.who.org">www.who.org</a> or <a href="http://www.who.org">www.who.org</a> or <a href="http://www.who.org">www.who.org</a> or <a href="http://www.who.org">www.who.org</a>
Water	<ul> <li>It is very important that you drink plenty of water especially during the warmer months. It is generally recommended that guests drink at least 2 to 3 litres of water per day to limit the effects of dehydration. This excludes tea, coffee and alcoholic beverages, which act as diuretics and therefore can actually contribute to dehydration. Bottled water is readily available and is provided free of charge.</li> </ul>
Malaria	<ul> <li>Serengeti is within a malaria zone so please remember that the best precaution against malaria is the preventative kind:</li> <li>Avoid being bitten by using insect repellents liberally.</li> <li>Wear long-sleeved shirts and trousers/slacks in the evenings.</li> <li>Keep your mosquito net closed at night to prevent insects entering.</li> </ul>
Dietary requirements	<ul> <li>For those guests with specific dietary requirements please ensure the lodge is notified prior to arrival. Please note we support local businesses by mainly serving fish, squid, octopus and crab.</li> </ul>
Prior medical conditions	• Please notify the camp of any medical conditions you may have prior to your arrival. This includes any allergies e.g. bee stings, nuts, shellfish etc.
