

## Election Results of Southwest Ballot Measures Affecting Healthcare

Earlier this week an article was posted listing Southwest ballot measures that affect healthcare. Below are the results obtained from various internet sources.

### States

#### Arizona

1. *Recreational marijuana*. Proposition 205: Legalizes recreational marijuana use for people 21 and older. Opponents of the measure include the Arizona Health and Hospital Association and Insys Therapeutics, a company that makes a cannabis-based pain medication.  
Defeated: Yes 929,518 (48%)  
No 1,011,836 (52%)

#### California

1. *Medi-Cal hospital fee program*. Proposition 52: Requires the legislature to get voter approval to use fee revenue for purposes other than generating federal matching funds and funding enhanced Medicaid payments and grants for hospitals. The initiative, which was written by the California Hospital Association and is supported by most state lawmakers, would also make the program permanent, requiring a supermajority in the legislature to end it.  
Passed: Yes 5,950,642 (70%)  
No 2,599,764 (30%)
2. *Tobacco tax*. Proposition 56: Increases the state's cigarette tax by \$2 a pack and impose an "equivalent increase on other tobacco products and electronic cigarettes containing nicotine." The revenue primarily would support healthcare programs.  
Passed: Yes 5,551,236 (63%)  
No 3,271,626 (37%)
3. *Prescription drug price regulations*. Proposition 61: Ties the prices California state agencies pay for prescription drugs to the discounts negotiated by the U.S. Veterans Affairs Department. The initiative, backed by the AIDS Healthcare Foundation, has drawn more than \$100 million in spending from opponents, most of it from the pharmaceutical industry.  
Defeated: Yes 3,933,084 (46%)  
No 4,570,245 (54%)
4. *Legalization of recreational marijuana*. Proposition 64: Legalizes recreational marijuana use for people 21 and older and creates taxes on the cultivation and retail sale of the drug.  
Passed: Yes 4,957,215 (56%)  
No 3,923,777 (44%)

#### Colorado

1. *ColoradoCare, a single-payer health system.* Amendment 69: Amends the state's constitution to establish a universal healthcare system financed by payroll taxes and governed by an elected 21-member board of trustees. The plan is opposed by Colorado Hospital Association.  
 Defeated: Yes 478,107 (20%)  
               No 1,876,618 (80%)
2. *Cigarette tax.* Amendment 72: Amends the state's constitution to increase the cigarette tax from 84 cents a pack to \$2.59 a pack. Most of the revenue would fund health-related programs, research into tobacco-related health issues and education and prevention. E-cigarettes are exempt.  
 Defeated: Yes 1,115,022 (46%)  
               No 1,291,961 (54%)
3. *Physician-assisted suicide.* Proposition 106: The End of Life Options Act allows physicians to prescribe a lethal drug to their terminally ill patients and allows terminally ill patients to be prescribed lethal drugs to end their life.  
 Passed: Yes 1,542,219 (65%)  
               No 847,978 (35%)
