## About Harry

Harry is the eldest son of David & Samantha Meyn of East Maitland. At the age of 6, Harry was diagnosed with a brain tumour & sadly passed away 7 months after diagnosis. He was a gorgeous boy who loved life & had an infectious personality.

Harry lived his short life giving and loving all those around him & is sadly missed. The Harry Meyn Foundations' vision is to make a difference in people's lives just as Harry did.

His memories will live forever, particularly through the work of the Harry Meyn Foundation.
