Extra Stuff

You have to love a nation  
that celebrates its inde-  
pendence every July 4<sup>th</sup>,  
not with a parade of guns,  
tanks, and soldiers who  
file by the White House  
in a show of strength and  
muscle, but with family  
picnics where kids throw  
Frisbees, the potato salad  
gets iffy, and the flies die  
from happiness. You may  
think you have over-  
eaten, but it is patriotism.

## TWA Welcomes Fred Ford

***Saturday***

July **20<sup>th</sup>**, 2013

**7:00 PM**

*at the Woodworking Shop*  
*3141 Capital Boulevard, Raleigh, NC*

Several members meet at 6:00pm Buffalo Brothers Pizza & Wings  
for dinner prior to the meeting. Please join us!

***RSVP REQUESTED*** I need a final list of attendees by ***JULY 15<sup>th</sup>*** for planning. PLEASE contact me if you have a change in plans or if you have decided to join us. FRED FORD (919) 469-9575 or fredford22@gmail.com

**A BBQ at Bond Park** will kickoff the 28th year. The Kiwanis Shelter on Saturday July 20, 2013 is our destination. Detailed driving directions will be emailed to all that sign up for the event. There will be no charge to attend, but *sign up* is required.

***All spouses & children are encouraged to attend.*** There is a large play-ground just a stones throw from the shelter that can be used before the meeting and maybe after dinner if the children get restless and would like to play instead of seeing all of the show and tell.

Pete Hodges will be preparing the dinner and I will be helping but I don't think anyone would like the desert we might put together. Therefore I am going to be asking folks to ***bring a desert to share***. Maybe some of the fine recipes that have been on our newsletters will show up. Past TWA events tell me we have a few really good bakers amongst us. I am looking forward to the sharing of your talents again.

***Agenda on page 4***

**Chairman of the TWA Toys for Tots Program: Fred Ford**

***LAST meeting before...*** the ***DROP*** date of July 31<sup>st</sup>. Any member who has not renewed by that date will automatically be dropped from membership and club benefits. Of course we don't want that to happen. ***Really...do you want to give up the chance at the workshop drawing?***

### *Incentive*

Workshops generally cost around \$70.00 or more. All members completing renewal by July 31<sup>st</sup> will be in the drawing for a ***"free pass"*** to a club workshop.

Also, don't forget the ***"BOOK DISTRIBUTION"*** Books and magazines will be available for *members only* to add to your current collection.

This event asks for a cash donation. The donation amount is completely up to you.

Of course the qualifier to participate is that your membership is up to date.

The July meeting is your last chance to ensure your name in the workshop drawing.

***2013/14 Dues are as follows.*** Email newsletter \$40.00. Hard copy \$50.00 (for those who are grandfathered in). Spouse \$1.00. Checks to be made to Triangle Woodworkers Association, mail should got to Kay Baker at 610 Benfield Ct., Garner, NC 27529.

Hope to see you all at the July meeting!

**Membership Chairman: Kay Baker**

## About the Triangle Woodworkers Association (TWA)

The Triangle Woodworkers Association (TWA) is a nonprofit educational corporation. The TWA is dedicated to teaching woodworking techniques through seminars, classes, and workshops; participants are required to sign waivers absolving liability for TWA or its designated representatives. The TWA promotes woodworking education and community interest in woodworking and in general sharing a love for wood.

DUES ARE NOW DUE for FY 2013-2014, see Kay Baker to renew your membership.

**CHUCK BENDER** lets the Secret out at the June TWA Meeting. Master period furniture woodworker and new Senior Editor of Popular Woodworking shared the locations and construction methods of secret compartment in furniture with TWA members at our Friday meeting. Saturday and Sunday Chuck conducted a workshop demonstrating and coaching the workshop participants through the construction of hand made mitred dovetails. A special thanks to Program Chair, Jeff Leimberger for coordinating Chuck Bender's visit to the Triangle and preparing workshop materials and to Hal Brown for hosting the workshop and assisting with the preparation of materials. It is this type of volunteerism that continues to make TWA a successful organization.

## MEMBERS CORNER

This month is the second in a series of interviews with some of our TWA members including a few pictures of their woodworking workshop and projects.

Below is a Question (Q) and Answer (A) with long time TWA member and TWA Treasurer, Hugh Fish.

**Q.** Tell us about yourself; (Eg., Hometown, Background, Education, Profession, Other Interests)

**A.** My hometown is Clarence, NY, but I have lived in seven states since we left NY. My father was a contractor/carpenter and my mother was a bookkeeper. I grew up in a very poor family of six children. We grew our own food and each one of us had responsibilities for tending the garden and picking fruit and vegetables. I attended college in St. Petersburg, Florida. After college I joined the US Air Force where I learned electronics. I joined IBM after the USAF and worked my way up from a computer technician to a Brand Manager of Switching Products. I retired from IBM in 1996 after 30 years. I am a very active biker (bicycles) and marathoner which I still pursue aggressively.

**Q.** How long have you been interested in woodworking?

**A.** 40 years

**Q.** What got you interested in working with wood?

**A.** My father, being a carpenter, often took me to work with him where I gained appreciation for working with my hands. I bought several furniture kits before I had my own tools and a shop. The kits were from Emperor Clock and Bartley. I still have all of those pieces; about ten in all.

**Q.** How would you describe your woodworking interests or speciality?

**A.** I build mostly Early American reproductions, often in the Shaker style and early New England furniture with John Townsend as someone I admire and try to copy. I do some wood turning (bowls and platters) just for fun.

**Q.** What are your favorite woodworking projects?

**A.** I have built a corner chair, a Townsend highboy and a tilt-top table which are my favorites.

**Q.** What awards or special recognitions have your woodworking projects received?

**A.** I have won several first place ribbons and a "Best of Show" award at the State Fair.

**Q.** What or who has influenced your woodworking interests?

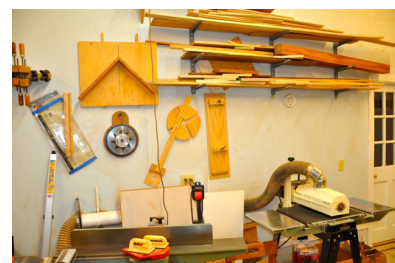

**A.** My father and just a deep appreciation for Early American furniture.

**Q.** What woodworking publications do you most frequently refer to or read?

**A.** Fine Woodworking and Popular Woodworking.

**Q.** Describe your workshop: (Eg., Location, Size, Significant power tools, Important hand tools, Jigs frequently used, What is unique or unusual about your shop)

**A.** My workshop is an extension on the back of my garage. My homeowners association has rules against separate structures so I had to extend my garage to have a dedicated shop. It is the size of a single car garage; 24 x 12 feet. A well-equipped shop that contains a contractors saw, lathe, jointer, planer, wide belt sander, mortiser, oscillating spindle sander, band saw, drill press and a sharpening station. The dust collector is in my garage with a hole into the shop wall. Hand tools are drills, hand sanders, belt sander, plate joiner, many routers, and a jig saw. All hand tools are DeWalt and Porter-Cable; all machines are Delta or Jet. I tend to make jigs as I need them so

## Turning Tips with Alan Leland

**Tuesday August 20<sup>th</sup>, 2013**

Long-time club member and professional turner Alan Leland will be our guest in August. Alan has been a professional turner for many years, teaching classes at local woodworking stores and craft schools, as well as producing beautiful objects for sale. His Christmas ornaments are the most delicately turned that I have ever seen! Alan will give us some of his favorite turning tips during our meeting.

More info on Alan at <http://alanleland.com/>

### Nominating Committee

At the June meeting the nominating committee announced Cecil Raynor, was willing to serve as President but had some concerns, and that we were still looking for a second person to serve as Secretary.

Diane Philyaw has since come forward volunteering to serve as President. Many may recall her years as President 1998-2001. Janet Batker has also indicated she is willing to serve as Secretary.

With many Thanks to Cecil for his willingness to serve even though it presented him difficulty, the nominating committee is presenting Diane and Janet for the vacant board positions.

Submitted by Fred Ford  
Nominating Committee Chairman.

Also serving on Committee; Pete Bucki and Joe Gorman

## Meeting Minutes

June 2013

The meeting came to order at approximately 7 pm with Steve Steinbeck presiding.

### Announcements:

Steve welcomed the new members and guests, and reminded everyone that the dues are due by the end of July.

Pete Bucki auction included a leg vise and a number of wooden planes.

Pete is also looking for your unwanted tools that can be auctioned off for the benefit of the Toys For Tots program.

Ford reviewed the plans for the upcoming July 20 "Pig Pickin'" and said that he would send out directions to the park in email to everyone who had signed up. If you are planning on going and did not sign up or did not receive directions please let him know

### Show & Tell:

### Program:

This months presentation was by Chuck Bender who is a senior editor for Popular Woodworking magazine and a furniture maker in his own right. Chuck spoke on "Secret Compartments in Furniture". Chuck brought with him a number of models of secret compartments that he has built and uses to demonstrate to clients how the compartments are incorporated into a piece.

**Respectfully submitted by: Joe Gorman Secretary**

**Chairman of the TWA Toys for Tots Program: Fred Ford**

# PRESIDENTS MESSAGE CONT.

*In the truest sense, freedom cannot be bestowed; it must be achieved.*  
~Franklin D. Roosevelt

I don't have a collection of jigs. Nothing special about my shop although it is much too small. I would really like to move to the country, live in a three room log cabin, and have a 1000 sq. ft. workshop but, my wife had different opinions and I lost.

**Q.** What is your 'must have' or most important; (a) power tool and (b) hand tool.

**A.** My table saw is used most often. I'm from the Norm Abram school of power tools so I don't use hand tools very often; but I would say that I use chisels and hand planes most often.

**Q.** What woodworking project(s) are you currently working on?

**A.** I am building a screened porch on the back of my house now and since I have no more room in my house for furniture, I don't have anything going on. I need to build a bathroom vanity to replace one that I have but that's not very exciting.

**Q.** Why did you join and continue to be a member of the TWA?

**A.** To learn new things and be around other woodworkers.

**Q.** How long have you been a member of TWA?

**A.** 10 years

**Q.** What offices or positions have you had with the TWA?

**A.** Treasurer (two terms).

**Q.** Why is membership in TWA important to you?

**A.** Each meeting I learn something new.

**Q.** What are some of your favorite TWA programs or workshops?

**A.** The Glen Huey program was my favorite since he builds the same kind of furniture as I do.

**A.** I have hosted a jewelry box workshop in my shop. I taught it and it had only six attendees since my shop is small. Everyone finished their projects.

**Q.** What is one thing about yourself that the TWA members may not know?

**A.** I have to have some kind of project going at all times. I have built a kit car (a Porsche Speedster) including the modified engine.

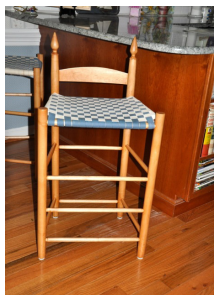

**Q.** What is your; woodworking goal, next tool purchase, or woodworking project?

**A.** I don't need any new tools except as replacements since I have a well-equipped shop. I would like to build a secretary but I have no place to put it. I would also like to replace some drawer fronts in my highboy with some carved ones but haven't done that yet.

As always your comments, suggestions, and recommendations are welcome; just send me an email: [stevejsteinbeck@gmail.com](mailto:stevejsteinbeck@gmail.com).

Look forward to having you join us at the next TWA meeting and Toys for Tots Kick Off on SATURDAY, July 20, 2013 from 6:30-8:30pm at Bond Park in Cary. Along with the Pete Hodges prepared pig pickin' with all the fixin's, there will be a special Show & Tell by TWA Members.

Now let's get busy making some wood shavings.

**President: Steve Steinbeck**

## IT WOOD BE FUN

Woodworking with Children

**Woodworking Kits for Kids** are a great way to bring the family together while making education fun.

It's a great way to spend time with your children/grandchildren as they learn new skills. The use of real tools to build projects is challenging and interactive, encouraging critical thinking through hands on activities.

With each new project children increase their learning ability and advance to new levels in woodworking, craft and design. Play time turns into valuable lessons while making memories with family.

## Mentors Wanted/Needed

The purpose of TWA is to provide a forum for woodworkers to gather, exchange information & further the art of wood-working. To this end, those more skilled woodworkers are encouraged to become a Mentor to provide knowledge to other members regarding areas of the Mentors skill, experience & knowledge. If you are interested in being a mentor, and willing to help a fellow woodworker discover answers to their questions, please contact

Larry Bradbury, 919-518-6891 or [lbradbury12@yahoo.com](mailto:lbradbury12@yahoo.com)

## Mentors

The purpose of this program is to have a reference guide of whom to call when you need to “pick someone’s brain”, Rule #1 in woodworking: nobody has a monopoly on brains! This list of people includes: contact information, projects the Mentors are comfortable offering advice about, and skills they would be able to help with.
