President's Message

Per our vote at the January meeting regarding the kind of meal we will have at the June Toys for Tots kick-off meeting, we have arranged with the SearsStone Retirement Community in Cary to host the activities and provide the meal in return for being willing to listen to their marketing message. They will also host our December Toys for Tots meeting. My thanks to Alex Knittel and Fred Ford for their active participation in the discussions with SearsStone. The June meeting will be on our regularly scheduled third Tuesday, June 21st. The December meeting will be held on the **second** Tuesday, December 13th. Further details will follow as we get closer to the dates.

T4T Auction: We need to restock the Toys for Tots fund for this year. We are looking for any wood related items to be auctioned off to help replenish the fund. Please contact Pete Bucki if you would like to donate.

This month Mike Payst has constructed and donated a pair of saw benches that we will auction at this month's meeting. We appreciate all that Mike does for TWA.

These saw benches are a Christopher Schwarz design and are useful for ripping/crosscutting stock, sitting on, standing on, and breaking down sheet goods. Made of SYP with joinery that should last for generations.

Sincerely,
Pete Bucki

General Meeting Minutes - 2/16/2016

Pete Bucki, called the meeting to order.
New members were introduced.
Pete conducted an auction for a cyclone dust collector that raised $100 for Toys for Tots.

Hal, Judith and Roger displayed pictures and described their experiences attending the 18th Century Woodworking Conference held in Williamsburg, Virginia.

Mike Payst displayed the vises he has perfected over the years and will be leading workshops to enable members to construct their own. Mike gave estimates of the cost of the workshops, which would only include the cost of materials.

Jay Cash presented at the February meeting. His topic was, “Thinking Outside The Can.” The most important take away from his presentation was this: Write down the recipe you used to create each finish so you have the best chance of

reproducing it in the future.

Also, recognize the same recipe will produce very different results on each species of wood you use.

When sanding your work, don't skip grits. Be sure to clean the surface well when advancing to each finer grit. The highest grit he uses to prepare a raw surface is 180. Progressively higher grits are used between finish coats.

A handout, *Thinking Outside the Can – Part 2 - Jay Cash.pdf* , is available.

All Photos by Ed Mastin

We were then adjourned.

Three ways to Resaw

March 15, 2016

Speaker: Chris Black
Host: Mike Payst

Chris Black, formerly of Highland Woodworking in Atlanta, will speak on “Three Ways to Resaw” and “An Improved Marking/Cutting Gauge”. Chris now lives in Rolesville where he sharpens hand saws, teaches fine woodworking classes, sells antique tools, and manufactures a line of woodworking hand tools.

Meeting at NCSU Craft Center

Monday April 18, 2016
7:00 PM

Speaker: George Thomas
Host: Roger Sanwald

Note date and location change

Come join us and hear from three crafters who will speak on what it means to make a living working wood. Each panelist will discuss the kinds of activities that have been most useful in developing their woodworking career. From design and fabrication to tooling and marketing, come share and learn from three very different experiences.

Furniture Conservation and Research

May 16, 2016
7:00 PM
Speaker: Dan Ackerman
Host: Roger Sanwald

Furniture Conservation and Research - The Museum of Early Southern Decorative Arts (MESDA) in Winston Salem has a unique collection of period furniture from this area of the country. Dan Ackermann (Associate Curator) will present and discuss the conservation and research related to their collection of furniture.

Community Service Event

Mark Kegler hosted another workshop for a Cub Scout Pack to fabricate cars to be used in the pack's annual Pinewood Derby Races. Seven other TWA members assisted by operating Mark's equipment. Mark had some boys using his wood Milling machine to hollow out space for weights. There is also a picture of one of Mark's three 36" band saws a.k.a. wood storage tables.
