

## Underage drinking is a danger to us all.

9 percent of Kansas drivers are under 21, but they account for almost 17 percent of alcohol-related crashes.

In 2010, 455 impaired underage drivers were implicated in Kansas crashes that killed 19 and left 325 injured.

### Protect your community by reporting it.

**1-866-MUST-B-21 (1-866-687-8221)**  
is the number to call if you:

- Know about a party or other gathering involving underage drinkers, ideally before it occurs
- Know of anyone who purchases alcohol for someone underage
- Know of anyone giving or selling alcohol to someone underage
- Suspect underage drinking in your neighborhood: at a house party, at a park, in a field—anywhere

**Save the number to your phone.**
