"Vote and get on with it?" What an alien concept!

I'm sure I too go on (too long) when I get worked up about something. And it is MOST difficult for me to remain quiet when someone is (to my thinking) baiting or mocking me.

But perhaps I'm just "preemptory." It's so confusing living in this world, don't you think? To know what you are as distinct from what people think you are and feel free to tell you...

But perhaps I'm just too "sensitive."

Breakfast is good. I usually don't eat it so you'll have to name a date and time!

Jack: I had what I thought were sound answers to some of your comments last night both about Stage 3 and my declination to designate the Bidwell building as a historic structure but I also thought that the night was long enough and we could discuss both matters later so I just wanted to vote and get on with it. Let's do breakfast some time. I Like Jour de Fete. JED

Seems important to me to separate this issue and make a decision quickly since people are waiting on it.

Would like to hear about it on Tues. at discussion.
