Roine represented you all well. Oddly, but well! Ran into your parents at the market and had a nice chat. Hope you are enjoying the desert.

I don't know what will happen at your corner, I can't really comment as it is still active. I've requested more drawings from them that might serve to educate us all about the size. They are offering to come up with some scheme to provide community commercial space. This is a huge development for the future of the town as a whole and one I will have to thoughtfully consider and weigh relative to the costs to town.

Wish I could be more positive.

Hi Jack,

Happy New Year! Hope you are having a good winter. All the snow shoveling and the cold temperatures sure make one feel alive!

Hey, I just wanted to check in and let you know we've learned about the Wienerstube's stance of sticking essentially with the existing proposal (less the second underground parking level – why couldn't they at least lower the building?).. It's disconcerting. Unfortunately, I'll be out of town on Monday. But mom, dad, and I are putting together a letter that we will get to council ahead of the meeting and/or have someone read it there.

Best,  
Kristine
