I can't do anything about the construction noise from FOUR sites within one block, but I can and will do something about the motorcycle noise—although everyone thanks me for all the work I'm doing to reduce Aspen's noise, but almost no shops on Main Street seem to be able to allow me to put my poster in their window because of landlords! I may need to figure out a way to suspend the poster from the sky over Main Street! Please let me know if you think of a good place for the posters.

You must be totally exhausted from the last two nights. I don't know how you all do it.

Jack,
Wait till you see what I've done. J.E. suggested I get signatures on a petition to present to Council but I hate doing that and I'm effective at writing letters to get things done. I've written a Letter to the Editor and printed the police number so citizens can contact the police when they see the loud motorcycle violations. It's not a vigilante brigade, it's just enforcement of an existing law. It will be interesting to see what kind of reaction it gets. Just call me "Molly Brown"!

Thanks for your support. We work well together.
Cheers, Susan
