

**Building Positive Character
And A Passion For The Outdoors
In Students & Families**

FISHING & OUTDOORS SCHOOL DEMO

**Appropriate and adaptable for students
from 1st through 8th grade.**

Freewater Experience is a non-profit organization that offers a variety of classes, trips, and demonstrations designed to create a passion for the outdoors in students and families. Our organization was featured in the **Grand Haven Tribune** and on **West Michigan Out of Doors TV**.

In response to the great feedback we've received, we are now offering a Fishing & Outdoors School Demo program available to schools in the West Michigan area. This demonstration is ideal for single classrooms with at least 4 and up to 30 students, and can last from just 30 minutes to 2 hours. These demonstrations are totally adaptable to group size and age, and can consist of any of the following activities:

- fishing storybook reading
- real stories about fishing, hunting, and other outdoor adventure
- "Lucky Lake," our popular active fishing simulation game
- a variety of mounted animals and furs
- videos & picture slides
- a fishing craft

Best of all, because we are a non-profit organization, there is **NO COST** for this demonstration! We simply want to partner with schools to enrich the lives of students through the outdoors activities that we enjoy. If you would like more information or you are interested in scheduling a demonstration, please contact **Russ Gabel at 616-402-0564**.
