The Coastal Workforce Investment Board provides occupational specific skills training for industries that are stable or have projected growth. Skills training will not be provided in declining industries. Skills' training is only provided for jobs and careers where hourly rates and salaries are paid. Commission and fee based occupations will not be approved (this includes but is not limited to: real estate, cosmetology, and nail technicians). Lists of additional sources of financial aid are available for clients who wish to pursue these careers.

This listing serves as a guide, and is not meant to be all-inclusive. There may be additional occupations in which demand occurs based on the job market or specific opportunities within the broad spectrum of occupations. The CWIB may provide, on a case by case basis, training for a job where demand is limited, but current openings exist. Bona fide job offers may be required for training in limited demand areas.
