OrganicWorks PR 2012 – 2012
Freelance Graphic Designer
Continued work of past Graphic Designer, which included editing PowerPoint presentations, creating press kits, stickers, client posters for conventions, Public Relations case studies, and promotional hang tags, for such brands as GreenFest, Bob White, Vapur, and KeepCup.

Artist Assistant
Increased her (Khorramian's) efficiency in meeting deadlines by creating/organizing catalogs (InDesign CS3 + Microsoft Excel) for scans and photos of her artwork, to later be used in animations. This included making a file-naming system, art photography, and photo editing.

Mika Rottenberg (Fine Artist) 2011 – 2011

Attained background (artistic) piece for reshoot of her (self titled) book cover, assisted book's photographer, edited photo (back cover of the Rottenberg book), made an accordion style "dummy" to determine book's "flow", purchased devices that were used on a trip to Botswana, and properly packed photography equipment for said trip.
