We specialize in pictures at school.

## We will be at Newbury Oaks Nov. 7-10!

How are we different from traditional school photos?

We use your campus as a natural background. No backdrops.

We capture the child's natural expressions. No saying, "cheeeese".

We shoot numerous images for you to choose from.

A portion of the sales go back to your school.

Every child has photos unique to their personality.

A frequent compliment, "You captured my child's personality."

\*Clothing can be casual and comfortable. For fun, you could accessorize girls with a hat or scarf. Boys look great in stripes and button down shirts.
