Come and enjoy weekly music classes with your child! Based on the seven points of philosophy of Dr. Shinichi Suzuki, SECE is a structured curriculum developed by Early Childhood and Musical educators. Our class targets vocabulary, pitch, rhythm, motor skills and social and emotional development. We sing, dance, learn to listen to and use beautiful musical instruments and most of all we have fun!

Classes are suitable for babies from 0-3 years and adults from 0-99 years.
